(c) *Notice and reporting requirement.*

(1) During contract performance, the Contractor shall review *SAM.gov* at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (b) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance.

(3)

(i) The Contractor shall submit a report to the contracting office as identified in paragraph (c)(3)(ii) of this clause, if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s) identified in paragraph (b) of this clause, or a new FASCSA order identified in paragraph (c)(2) of this clause. For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(F) Brand;

(G) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(H) Item description; and

(I) Any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (c)(4)(i) of this clause:

(A) Any further available information about mitigation actions undertaken or recommended.

(B) In addition, the Contractor shall describe the efforts it undertook to prevent submission or use of the

covered article or the product or service produced or provided by a source subject to an applicable FASCSA

order, and any additional efforts that will be incorporated to prevent future submission or use of the covered

article or the product or service produced or provided by a source that is subject to an applicable FASCSA

order.

(d) *Removal.* For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts

or any other procurement instrument intended for use by multiple agencies, upon notification from the

Contracting Officer, during the performance of the contract, the Contractor shall promptly make any

necessary changes or modifications to remove any product or service produced or provided by a source that

is subject to an applicable FASCSA order.

(e) *Subcontracts.*

paragraph (c)(1) of this clause, in all subcontracts and other contractual instruments, including subcontracts

for the acquisition of commercial products and commercial services.

effective and apply to the contract and any subcontracts and other contractual instruments under the

contract. The Contractor or higher-tier subcontractor shall notify their subcontractors, and suppliers under
