

PART IV

FEDERAL SUPPLY CLASS ASSIGNMENTS

FEDERAL SUPPLY CLASS (FSC) ASSIGNMENTS TO DLA/GSA FOR INTEGRATED MANAGEMENT

Each item in the Federal Supply System is assigned to a specific Source of Supply (SOS) for management. The following FSCs indicate that either DLA or GSA has been designated as the integrated materiel manager at the wholesale level for one or more consumable items of supply in the FSC. Source of supply must be determined for individual NSNs to route MILSTRIP/FEDSTRIP documents or obtain information on that specific item. Source of supply is contained in the Consolidated Management Data List (ML-C Basic) available through your service/agency publication point. Telephone numbers for the sources of supply are provided at Part I of this handbook. Table 1 is a list of FSC assignments to DLA/GSA sorted by FSC. Table 2 is a list of FSC assignments to DLA/GSA sorted alphabetically by description.
