## ABOUT US

Warfighter-focused, globally responsive, fiscally responsible supply chain leadership. DLA Aviation is the aviation demand and supply manager for Defense Logistics Agency with more than 4,000 civilian and military personnel in 23 locations across the globe, supporting more than 2,250 major weapon systems. The U.S. military relies on us as the integrated aviation material manager for roughly 1.8 million national stock number items, providing direct support through weapon systems management, industrial retail supply and strategic acquisition support operations. DLA Aviation plays a pivotal role in the success of Army, Navy, Marine Corps, Air Force and Space Force by providing targeted solutions and full-spectrum logistics support.

## DLA'S MISSION

Drive and sustain Warfighter readiness by delivering unmatched global support as the Nation's Logistics Combat Support Agency.

## DLA'S VISION

DLA delivers agile, adaptive, and resilient logistics support across the continuum of conflict.

## WHAT WE DO

DLA Aviation delivers airpower solutions. As such, we strive to deliver excellence in performance and responsiveness in support of our worldwide customer network.

### Weapon Systems Support

Engine components, bearings, airframes and electrical cable assemblies

### Industrial Support

Maintain retail supply and storage in direct support of aircraft maintenance depot production lines

### Procurement Agent

Strategic acquisition of consumable and depot-level repairable material

### Industrial Plant Equipment

Full range of maintenance services to include repair, rebuilding and acquisition of all types of industrial machinery, including lathes and milling machines

### Maps

Maps, charts, publications and digital geospatial products for all DOD activities

### Kitting

Flexible kit designs, service and support, oriented to maintenance users, by end-item for specific tasks

### Environmental

Green products, re-refined motor oil, environmental products catalog and information Web page, ozone-friendly chemicals, remanufactured toner cartridges, and recycled antifreeze
