

**Oceangrafix SNC Notification**

DLA and NGA are now aware of possible issues with Standard Nautical Charts (SNC) that have been printed by a U.S. Government Publishing Office (GPO) vendor during 2016. These issues include, but are not limited to:

- 1.) Foreshore / Reef areas being printed the same color as the land tint or the same color as the water tint
- 2.) Nautical Purple information (i.e. Purple Light Spikes, Purple Limit Lines, Purple Text etc.) being obstructed or eliminated in areas of water or land tints
- 3.) Separation Zone tints (i.e. Routing Measures) obstructing or eliminating underlying water or land tints/information
- 4.) Features' color being printed out of spec

If the charts that you have received exhibit the above issues or other issues that impact your mission planning or effectiveness, please contact DLA Mapping Customer Operations by phone (Comm. 804-279-6500 / DSN 9-695-6500 / toll free 800-826-0342) or by email (HYDRO@DLA.MIL) to order corrected charts, or contact the NGA Maritime Safety Office via Mr. John Haumann by phone 571-557-6824 or by email [John.J.Haumann@nga.mil](mailto:John.J.Haumann@nga.mil).

We apologize for any inconvenience this may cause, but we want to be sure you have a usable product to ensure your mission success. The specific NRNs, NSNs, and quantities of the effected products are listed in the Excel Spreadsheet attached to this message.
