

Take control of your finances

Wednesday, February 11, 2026 at 1:00 p.m. CT

For many individuals and families, managing finances can be a challenge. If you reach the end of the month and feel like money controls every aspect of your life, this session is for you. Seminar participants will learn essential skills to take control of their finances, communicate effectively about money and develop a personalized plan to achieve their financial goals. Join us to gain confidence in your financial decisions and start building a path toward financial success!
