Section 1: General

- A. MLA Article 6 Use of Official Facilities and Services allows for local negotiation of facilities and services for union and employee use. Accordingly, the parties agree to the use of facilities and services as set forth below.

Section 2: Use by Union

- A. The Employer will provide the Union with office space for the exclusive use of the Union. The office space will be easily accessible and private.
- B. If the Employer determines that the Union's office needs to be moved, the Employer will provide the Union with a new office space equivalent to the space being vacated. The Employer will provide the Union with adequate notification to make moving arrangements prior to relocation, whether the relocation is temporary or permanent in nature.
- C. IAW with MLA Article 6, the Employer will provide the Union with access to DSN and commercial phone service, lockable file cabinet(s), computer(s) with Internet access (DLA Network), and furniture (to include such items as desks, tables, chairs). The Employer will also make available fax machines and lines, scanners, telephones, copiers, and supporting supplies.
- D. Absent an official investigation or necessary business reasons, such as Personally Identifiable Information (PII) scans, computer files or cabinets used by AFGE Local representatives for representational purposes shall be confidential. Management will not initiate access of any AFGE Local files without express permission from the Local President.
- E. Where DLA is a tenant on an installation the union will follow the host installation's policy/procedure to request union designated parking spaces.
- F. The Employer will provide the Union with adequate space on, and access to, all official bulletin boards.
