ADC 1410
Revision to Commercial and Government Entity (CAGE) Code Requirement (DoD Activity Address Directory (DoDAAD))

1. ORIGINATING SERVICE/AGENCY AND POC INFORMATION: Defense Enterprise Data Standards Office, DoDAAD PRC Chair, Mr. Richard Morrow, at 571-527-6692, e-mail: DoDAAD@dla.mil

2. REFERENCES: Defense Logistics Manual (DLM) 4000.25, Volume 6, Chapter 2, Department of Defense Activity Address Directory

3. PROPOSED CHANGE(S):

    a. Brief Overview of Change: Remove sub-contractor sentence in the CAGE code paragraph of the DoDAAD chapter (Reference 2) to match Federal Acquisition Regulation (FAR) policy.

    b. Background: The contract information section of the DoDAAD requires the contract number and CAGE code of the vendor to whom the contract was issued (prime contractor only). The sub-contractor should not be used for this information, because there is no agreement between the sub-contractor and the government. This requirement is documented in the FAR and Defense Federal Acquisition Regulation (DFAR):

        (1) Per FAR 51.102, contractors may be assigned DoDAACs in order to gain access to government sources of supply if required under their contractual agreement.

        (2) Per DFARS Procedures, Guidance and Information (PGI) 251.102 a contract number is required when authorizing a contractor DoDAAC and authorization to have the DoDAAC linked to that contract.

    c. Proposed Change in Detail: The only change is to the manual (see 3.d.).

    d. Revisions to Defense Logistics Manuals: DLM 4000.25, Volume 6, Logistics Systems Interoperability Support Services, Chapter 2, DoD Activity Address Directory.

    C2.4.1.2.2. Commercial and Government Entity (CAGE) Code. The CAGE Code ~~shall~~ ***must*** be that of the ***prime contractor for whom the DoDAAC is being created. Subcontractor CAGEs must never be used***.~~for whom the DoDAAC is being created. Normally, the vendor with whom the contract was awarded (prime) is usually the CAGE Code enter~~ed for the DoDAA~~C~~; howeve~~r~~, when the DoDAAC being ~~created is~~ not for the prime vendo~~r~~, but for a sub-contractor on the contra~~ct~~, then the ~~CAGE Code of the sub-contractor shal~~l be used for the DoDAAC.

    e. Proposed Transaction Flow: N/A

    f. Alternatives: N/A

4. REASON FOR CHANGE: To clarify the fact that only the prime vendor information may appear in the contract and CAGE code fields of a contractor DoDAAC.

5. ADVANTAGES AND DISADVANTAGES:

    a. <u>Advantages</u>: Improve the quality of the DoDAAD manual.

    b. <u>Disadvantages</u>: None

6. ESTIMATED TIMELINE/IMPLEMENTATION TARGET: Authorized for immediate implementation. Change will be included in the next release of DLM 4000.25, Volume 6, Logistics Systems Interoperability Support Services, Chapter 2, DoD Activity Address Directory.

    a. <u>DAAS</u>: N/A

    b. <u>Services/Agencies</u>: N/A

7. ESTIMATED SAVINGS/COST AVOIDANCE ASSOCIATED WITH IMPLEMENTATION OF THIS CHANGE: N/A

8. IMPACT:

    a. <u>New/Changes Data Elements</u>: N/A

    b. <u>Automated Information Systems (AIS)</u>: N/A

    c. <u>Defense Automatic Addressing System (DAAS)</u>: N/A

    d. <u>Non-DLM Publications</u>: N/A

9. Non-DLM Publications: Components should update local procedures, as necessary, with this change.
