MEMORANDUM FOR SUPPLY PROCESS REVIEW COMMITTEE

SUBJECT: Approved Defense Logistics Management Standards Change 1454, Expand Use of
Shop Service Center/Shop Store Code in Defense Logistics Management Standards
Transactions (Supply)

      The Defense Logistics Management Standards change, as outlined in the attachment, is
approved for implementation.

      Addressees may direct questions to Don Landon, e-mail: dedso.supply@dla.mil. Others
must contact their designated PRC representative available at https://www.dla.mil/Defense-Data-
Standards/Committees/Contacts/.

               Leigh E. Method, SES
               Deputy Assistant Secretary of Defense
                 for Logistics

Approved Defense Logistics Management Standards Change 1454 Expand Use of Shop Service Center/Shop Store Code in Defense Logistics Management Standards Transactions (Supply)

1. ORIGINATING SERVICE/AGENCY AND POC INFORMATION: Defense Logistics Agency (DLA), Information Operations, Joseph Stossel, 571-363-8744, joseph.stossel@dla.mil.

2. REASON FOR CHANGE:

    a. <u>Bottom Line Up-Front</u>: This change expands the number of Defense Logistics Management Standards (DLMS) transactions containing data element Shop Service Center/Shop Store to eighteen. It was requested by the Defense Property Accountability System (DPAS) Program Management Office (PMO) to improve internal processing but may have potential uses beyond this system/application. Substantive updates made after staffing are identified in green highlighting.

    b. <u>Background</u>: DPAS desires to maximize the use of DLMS transactions for communication between its internal warehouse application and its materiel management application. This change will allow warehouses connected to the DPAS Materiel Management application to provide their parent organization with full inventory visibility. In turn, it will allow management to initiate redistribution, turn-ins, and to monitor physical inventories without requiring every warehouse to have a unique routing identifier code or Department of Defense Activity Address Code (DoDAAC). DPAS utilizes its materiel management application for financial reporting, thus there is a requirement to incorporate the Shop Service Center/Shop Store coding into additional DLMS transaction sets to perform these actions. An example could be a base/post that has several maintenance shops in different facilities. There are three buildings where maintenance is performed. Each have their own parts room and tool crib resulting in a total of six DPAS warehouses. They may need to redistribute tools/parts between the shops. These warehouses are not outward facing and don't require a DoDAAC for normal processing.

3. CHANGE IN DETAIL: Approved DLMS Change(ADC) 284A, *Revisions to DLMS Supplements to Add Shop Service Center (SSC) for BRAC Inventory Management and Stock Positioning* (IMSP) developed and ADC 381, *Procedures and Additional Data Content supporting Requisitions, Requisition Alerts, and Unit of Use Requirements under Navy BRAC SS&D/IMSP* incrementally added the Shop Service Code/Shop Store data element enhancement to the following DLMS transactions to support the 2005 Base Realignment and Closure decision to transfer retail supply, storage, and distribution functions supporting Service industrial/maintenance sites to DLA.

Set	Version	Name	ADC
511M	4010	Requisition Modification	284A
511R	4010	Requisition	284A
830D	4030	Demand Data Exchange (DDE) Projected Supply Plan	284A
856S	4030	Shipment Status	284A
867D	4010	Demand Reporting	284A
869A	4010	Requisition Inquiry/Supply Assistance Request	284A
869C	4010	Requisition Cancellation	381
869F	4010	Requisition Follow-Up	284A
870S	4010	Supply Status	284A
940R	4030	Materiel Release	284A
940S	4030	Materiel Staging Request	N/A

    a. Technical Details: To provide the required support of this change, these DLMS transactions will have the following qualifier(s) added:

Set	Version	Name	ADC
527D	4010	Due-in/Advance Receipt/Due-in Verification	1454
527R	4010	Receipt, Inquiry, Response, and MRA	1454
846P	4010	Physical Inventory Request	1454
846R	4010	Location Reconciliation Request	1454
867I	4010	Issue	381/1454
945A	4030	Materiel Release Advice	381/1454
947I	4030	Inventory Adjustment	1454

        (1) Qualifier Code XN - *Planning/Maintenance Org* as established by ADC 284A. Located in the N101 references as shown in Enclosure 1.

        (2) Qualifier Code 92 - *Assigned by Buyer or Buyer's Agent* located in the N103 reference in conjunction with N101 Qualifier Code XN. It indicates that the source of the code set is unique to the user versus a standard code such as a routing identifier.

        (3) The Shop Service/Shop Store code will be determined and entered by the DPAS customer. This code can be up to three alphanumeric positions in length.

        (4) See Enclosure 1 for application in functionally impacted implementation conventions. Implementation conventions listed in Enclosure 2 only require internal administrative updates and are unchanged functionally.

    b. Revised Transaction Flow: No change.

4. IMPLEMENTATION TARGET: DPAS PMO will implement immediately upon approval. Once implemented, all DPAS customers will have the ability to use the functionality.

5. TECHNICAL IMPACT:

    a. <u>Additions or Changes to Data Elements</u>: Update the Logistics Data Resource Management System (LOGDRMS) with the qualifier codes in paragraph 3.a. Update the data dictionary definition to "The number that identifies the location designated to carry or report materiel available for visibility or storage/distribution to end-use shops and other customers" and include ADCs 284A, 381, and 1454 as data element sources.

    b. <u>Automated Information Systems (AIS)</u>: DPAS.

    c. <u>Defense Automatic Addressing System (DAAS)</u>: Update DAAS maps for the seven transactions indicated in paragraph 3.a. to allow the qualifiers XN and 92 to facilitate potential expanded usage of the Shop Service Code/Shop Store data element outside of DPAS.

6. PUBLICATION/POLICY IMPACT:

    a. <u>Defense Logistics Manual (DLM) 4000.25</u>: None.

    b. <u>Non-DLM 4000.25 Publications</u>: DPAS procedures and training material.

7. ASSUMPTIONS: DPAS will continue to maximize the use of DLMS transaction sets for its communication between its warehouse and materiel management applications.

8. FINANCIAL IMPROVEMENT AND AUDIT REMEDIATION (FIAR), MATERIAL WEAKNESS, AND AUDIT-RELATED INFORMATION:

    a. <u>Notices of Findings and Recommendations (NFR</u>): None identified.

    b. <u>Corrective Action Plan (CAP) References</u>: None identified.

    c. <u>Other FIAR, Material Weakness, and Audit-Related Information</u>: None identified. Components/users should evaluate the potential use of this change within DPAS and in other accountability systems to improve inventory accuracy and support a clear audit trail.

9. END-TO-END TESTING REQUIREMENTS: DPAS will develop a test plan to ensure all functional and systemic requirements documented in this change are tested. DAAS will coordinate with DPAS to assist them in testing. DPAS will conduct joint testing with them as needed.

10. REFERENCES:

    a. ADC 284A, *Revisions to DLMS Supplements to Add Shop Service Center (SSC) for BRAC Inventory Management and Stock Positioning (IMSP)*, June 22, 2009.

    b. ADC 381*, Procedures and Additional Data Content supporting Requisitions, Requisition Alerts, and Unit of Use Requirements under Navy BRAC SS&D/IMSP*, July 1, 2010.

11. PROPOSED DLMS CHANGE (PDC) 1434 RESPONSE/COMMENT RESOLUTION:

	Component	Response/Comment	Disposition
1.	DLA	Concur with Comments: The PMO wants to know the implementation schedule so the impacts can be addressed in advance. FedMall identified impacts with 527Rs in the DRA A/B (MRA) application and the ACE component	Implementation is staggered if used beyond DPAS, so there is no one implementation schedule for all Services. DPAS will implement as soon as testing is successful. As stated by the PDC, DPAS does not intend to send Requisitions (511Rs) or 527R MRA with the Shop Service Code. The shop service code will internal to DPAS.
2.	Navy	Concur with Comments: • Is the DLMS Qualifier Code XN included in this change. • Is this change just informational for STP to implement? • By increasing the value of the DLMS record at first analysis, we don't see and impact for NDMS. • NDMS would like to confirm whether we are just consuming the added fields. • Will NDMS participate in the testing process? • Are we only storing and passing information? • Will users need to see changes on UI? • Is there any validations or will this be a pass thru only on the DLMS	Disposition: • DLMS Qualifier Code XN is included in this change. • Informational. It is expanding a capability, but if it were used outside of DPAS, more capability would need to be added to other transactions. • There should be no impact on any Navy logistics business systems at this time. • The only planned system, currently, is DPAS. • Testing is inclusive to DPAS with support from DAAS where needed. • Neither. DPAS only. • Not anticipated. • This a DLMS only capability.
3.	Air Force	Concur without Comments.	As noted.
4.	US Army	Nothing received.	
5.	USMC	Concur without Comments.	As noted.
6.	USTRANSCOM	Abstain	
7.	FAA	Abstain

Use in conjunction with N103 Identification Code Qualifier 92.* *3. Refer to ADCs 284A, 381, and 1454 for known applications.*	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.
3.	2/N103/050	Update Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent **~~DLMS Note:~~** ~~Use with N101 Code XN to identify the Shop Service Center~~ *~~or~~* ~~Shop Store. Refer to ADC 284A~~ ***~~& 381~~***~~.~~	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.

#	Location	DLMS 867D (4010) Demand Reporting	Reason
		DLMS Note: Use with N101 Code XN to identify the user assigned Shop Service Center/Shop Store Identifier. Refer to ADCs 284A, 381, and 1454.	

#	Location	DLMS 869A (4010) Requisition Inquiry/Supply Assistance Request	Reason
1.	DLMS Introductory Notes	Add ADC 1454 *- ADC 1454, Expand Use of Shop Service Center Codes in Defense Logistics Management Standards Transactions*	Identifies DLMS changes included in the implementation convention.
2.	2/N101/110	Update Entity Identifier Code note: XN Planning/Maintenance Organization ~~DLMS note:~~ ~~1. Use between Service industrial/maintenance sites and DLA to identify or to modify, the Shop Service Center (SSC) or Shop Store.~~ ~~2. Authorized DLMS enhancement under DLA industrial activity support agreement. Refer to ADC 284A & 381.~~ **DLMS note:** *1. Used to identify a Shop Service Center/Shop Store.* *2. Use in conjunction with N103 Identification Code Qualifier 92.* *3. Refer to ADCs 284A, 381, and 1454 for known applications.*	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.
3.	2/N103/110	Update Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent ~~**DLMS Note:** Use with N101 Code XN to identify the Shop Service Center *or* Shop Store. Refer to ADC 284A *& 381*.~~ *DLMS Note: Use with N101 Code XN to identify the user assigned Shop Service Center/Shop Store Identifier. Refer to ADCs 284A, 381, and 1454.*	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.

#	Location	DLMS 869C (4010) Requisition Cancellation	Reason
1.	DLMS Introductory Notes	Add ADC 1454 *- ADC 1454, Expand Use of Shop Service Center Codes in Defense Logistics Management Standards Transactions*	Identifies DLMS changes included in the implementation convention.
2.	2/N101/110	Update Entity Identifier Code note: XN Planning/Maintenance Organization ~~DLMS note:~~ ~~1. Use between Service industrial/maintenance sites and DLA to identify or to modify, the Shop Service Center (SSC) or Shop Store.~~ ~~2. Authorized DLMS enhancement under DLA industrial activity support agreement. Refer to ADC 284A & 381.~~	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.

#	Location	DLMS 869C (4010) Requisition Cancellation	Reason
		DLMS note: *1. Used to identify a Shop Service Center/Shop Store.* *2. Use in conjunction with N103 Identification Code Qualifier 92.* *3. Refer to ADCs 284A, 381, and 1454 for known applications.*	
3.	2/N103/110	Update Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent ~~**DLMS Note:** Use with N101 Code XN to identify the Shop Service Center *or* Shop Store. Refer to ADC 284A *& 381*.~~ *DLMS Note:* *1. Use with N101 Entity Identifier Code XN to identify the user assigned Shop Service Center/Shop Store Identifier.* *2. Applicable to single line cancellation only.* *3. Refer to ADCs 284A, 381, and 1454.*	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.

#	Location	DLMS 869F (4010) Requisition Follow-Up	Reason
1.	DLMS Introductory Notes	Add ADC 1454 *- ADC 1454, Expand Use of Shop Service Center Codes in Defense Logistics Management Standards Transactions*	Identifies DLMS changes included in the implementation convention.
2.	2/N101/110	Update Entity Identifier Code note: XN Planning/Maintenance Organization ~~DLMS note:~~ ~~1. Use between Service industrial/maintenance sites and DLA to identify or to modify, the Shop Service Center (SSC) or Shop Store.~~ ~~2. Authorized DLMS enhancement under DLA industrial activity support agreement. Refer to ADC 284A & 381.~~ **DLMS note:** *1. Used to identify a Shop Service Center/Shop Store.* *2. Use in conjunction with N103 Identification Code Qualifier 92.* *3. Refer to ADCs 284A, 381, and 1454 for known applications.*	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.
3.	2/N103/110	Update Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent ~~**DLMS Note:** Use with N101 Code XN to identify the Shop Service Center *or* Shop Store. Refer to ADC 284A *& 381*.~~ *DLMS Note:* *1. Use with N101 Entity Identifier Code XN to identify the user assigned Shop Service Center/Shop Store Identifier. Refer to ADCs 284A, 381, and 1454.*	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.

#	Location	DLMS 870S (4010) Supply Status	Reason
1.	DLMS Introductory Notes	Add ADC 1454 - *ADC 1454, Expand Use of Shop Service Center Codes in Defense Logistics Management Standards Transactions*	Identifies DLMS changes included in the implementation convention.
2.	2/N101/90	Update Entity Identifier Code note: XN Planning/Maintenance Organization ~~DLMS note:~~ ~~1. Use between Service industrial/maintenance sites and DLA to identify or to modify, the Shop Service Center (SSC) or Shop Store.~~ ~~2. Authorized DLMS enhancement under DLA industrial activity support agreement. Refer to ADC 284A & 381.~~ **DLMS note:** *1. Used to identify a Shop Service Center/Shop Store.* *2. Use in conjunction with N103 Identification Code Qualifier 92.* *3. Refer to ADCs 284A, 381, and 1454 for known applications.*	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.
3.	2/N103/90	Update Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent ~~**DLMS Note:** Use with N101 Code XN to identify the Shop Service Center *or* Shop Store. Refer to ADC 284A *& 381*.~~ *DLMS Note:* *1. Use with N101 Entity Identifier Code XN to identify the user assigned Shop Service Center/Shop Store Identifier. Refer to ADCs 284A, 381, and 1454.*	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.

#	Location	DLMS 940R (4030) Materiel Release	Reason
1.	DLMS Introductory Notes	Add ADC 1454 - *ADC 1454, Expand Use of Shop Service Center Codes in Defense Logistics Management Standards Transactions*	Identifies DLMS changes included in the implementation convention.
2.	2/N101/1100	Update Entity Identifier Code note: XN Planning/Maintenance Organization ~~DLMS note:~~ ~~1. Use between Service industrial/maintenance sites and DLA to identify or to modify, the Shop Service Center (SSC) or Shop Store.~~ ~~2. Authorized DLMS enhancement under DLA industrial activity support agreement. Refer to ADC 284A & 381.~~ **DLMS note:** *1. Used to identify a Shop Service Center/Shop Store.* *2. Use in conjunction with N103 Identification Code Qualifier 92.* *3. Refer to ADCs 284A, 381, and 1454 for known applications.*	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.

#	Location	DLMS 940R (4030) Materiel Release	Reason
3.	2/N103/1100	Update Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent ~~DLMS Note: Use with N101 Code XN to identify the Shop Service Center *or* Shop Store. Refer to ADC 284A *& 381*.~~ *DLMS Note:* *1. Use with N101 Entity Identifier Code XN to identify the user assigned Shop Service Center/Shop Store Identifier. Refer to ADCs 284A, 381, and 1454.*	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.

#	Location	DLMS 940S (4030) Materiel Staging Request	Reason
1.	DLMS Introductory Notes	Add ADC 1454 *- ADC 1454, Expand Use of Shop Service Center Codes in Defense Logistics Management Standards Transactions*	Identifies DLMS changes included in the implementation convention.
2.	2/N101/1100	Update Entity Identifier Code note: XN Planning/Maintenance Organization ~~DLMS note:~~ ~~1. Use between Service industrial/maintenance sites and DLA to identify or to modify, the Shop Service Center (SSC) or Shop Store.~~ ~~2. Authorized DLMS enhancement under DLA industrial activity support agreement. Refer to ADC 284A & 381.~~ **DLMS note:** *1. Used to identify a Shop Service Center/Shop Store.* *2. Use in conjunction with N103 Identification Code Qualifier 92.* *3. When used at this level the Shop Service Center/Shop Store (SSC) will apply to the entire request.* *4. Must not identify an SSC at the summary level if SSCs differs by document number. If SSCs differ, provide SSC in the LX Loop at 0330.* *5. Refer to ADCs 284A, 381, and 1454 for known applications.*	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.
3.	2/N103/1100	Update Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent ~~DLMS Note: Use with N101 Code XN to identify the Shop Service Center *or* Shop Store. Refer to ADC 284A *& 381*.~~ *DLMS Note:* *1. Use with N101 Entity Identifier Code XN to identify the user assigned Shop Service Center/Shop Store Identifier.* *2. Refer to ADCs 284A, 381, and 1454.*	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.
4.	2/N101/1700	Update Entity Identifier Code note: XN Planning/Maintenance Organization ~~DLMS note:~~ ~~1. Use between Service industrial/maintenance sites and DLA to identify or to modify, the Shop Service Center (SSC) or Shop Store.~~	Update DLMS note so that XN - Entity Identifier Code is standard across ICs.

#	Location	DLMS 940S (4030) Materiel Staging Request	Reason
		2. Authorized DLMS enhancement under DLA industrial activity support agreement. Refer to ADC 284A & 381. **DLMS note:** *1. Used to identify a Shop Service Center/Shop Store (SSC).* *2. Use in conjunction with N103 Identification Code Qualifier 92.* *3. When used at this level the SSC differs by document number and no SSC is provided at the summary level.* *4. Refer to ADCs 284A, 381, and 1454 for known applications.*	
5.	2/N103/1700	Add Identification Code Qualifier note: 92 - Assigned by Buyer or Buyer's Agent DLMS Note: Use with N101 Code XN to identify the Shop Service Center or Shop Store. Refer to ADC 284A & 381. **DLMS Note:** *1. Use with N101 Entity Identifier Code XN to identify the user assigned Shop Service Center/Shop Store Identifier. Refer to ADCs 284A, 381, and 1454.*	Update DLMS note so that 92 - Identification Code Qualifier is standard across ICs.
