

AP7. APPENDIX 7 – DEFENSE LOGISTICS MANAGEMENT STANDARDS TRANSACTION FORMATS

AP7.1. DEFENSE LOGISTICS MANAGEMENT STANDARDS (DLMS) TRANSACTION FORMATS.

DLMS transaction formats are stored on the Defense Enterprise Data Standards (DEDSO) Office Website on the DLMS Implementation Convention (IC) page.

AP7.2. DEFENSE LOGISTICS STANDARD SYSTEM (DLSS) FORMATS.

The DEDSO Website contains a link to the legacy 80-record position DLSS transactions associated with each DLMS transaction listed, on the DLMS IC page.

AP7.3. DLMS TRANSACTION USAGE.

DLMS ICs, also known as DLMS supplements, address how the standards are implemented. One transaction set may be used in several different functional areas or repeatedly within the same functional area. Each separate interpretation of the standards according to a specific usage is called an application. See Volume 1, Chapter 7, Standards and Conventions, for more information on DLMS transactions.
