

# GAMECHANGER is the DoD policy documents search engine.

## WHO?

Policy-makers, policy analysts, and anyone needing policy guidance

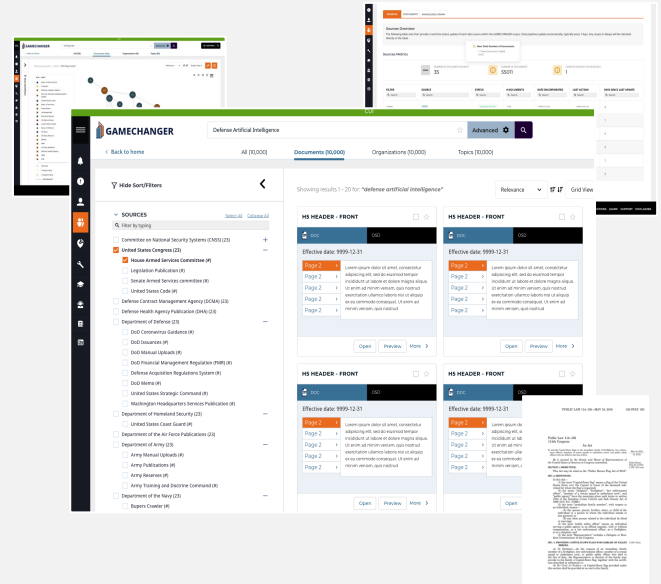

## WHAT?

Search through each page of 50k+ of the DoD's most integral documents in seconds, with tools for gap and duplication/conflict analysis, document lineage identification, and responsibility discovery.

## ABOUT GAMECHANGER

GAMECHANGER is provided to all DoD personnel by the Chief Data and Artificial Intelligence Office (CDAO) to support the Department's ability make evidence-based, data driven decisions. To securely serve the DoD enterprise as widely as possible, GAMECHANGER is inherently available to those with a CAC and NIPR access at:

<http://gamechanger.advana.data.mil/#/gamechanger>

## OVERVIEW

GAMECHANGER enables the **Search** and **Filtering** of updated DoD policy libraries. It identifies and displays documents relevant to queries, ensuring comprehensive policy research. Finally, our analyst features support policy management/writing to support you in ending the cycle of conflict-laden, redundant, or gapped policy.

## BENEFITS GAMECHANGER PROVIDES USERS

**Keyword and Filterable Search**

**Provides similar documents from your drafted language**

**Documents updated every 7 days**

**Search documents for assigned responsibilities**

**Visualizes document references - web graph**

## 40+ Authoritative Policy Sources

These sources include but are not limited to the following:
