MEMORANDUM FOR DEPARTMENT OF DEFENSE (DOD) FLEET CARD PROGRAM  
PARTICIPANTS

SUBJECT: Authorized List of Product and Merchant Codes

The DLA Energy Government Fuel Card Program Management Office (GFCPMO) advises participants of a limited list of authorized product and merchant codes for fuel and non-fuel purchases as referenced in the DLA Energy P-8; Fuel Card Program Policy dated June 18, 2024.

The DoD Fleet Card is the primary card utilized by the DoD military services and federal civilian agencies to obtain retail fuel and authorized supplies and services from commercial service stations while away from home station and Defense Fuel Support Points.

Below is the authorized product and merchant codes (subject to change) for fuel and non-fuel purchases. Products and services ordered that are not on the list are considered unauthorized purchase. The card account is responsible for the unauthorized purchases by submitting direct payment to the merchant.

For questions, please engage with your Service or Agency Component Program Manager or DLA Energy Customer Account Specialist.
