SUBJECT: Fiscal Year 2026 Standard Fuel Price Change

Effective April 1, 2026, the Fiscal Year 2026 (FY26) Standard Fuel Price (SFP) will be set at \$195.72 per barrel. This price adjustment is necessary due to volatility in the global oil market which is driving significant increases in fuel prices. The Defense Logistics Agency (DLA) Energy Shortlist of fuel prices, by type, is attached. The DLA will publish a full list of fuel product prices on the DLA Energy website. We understand this price increase will increase risk and create a resource challenge for the Military Services. The Department of War will continue to monitor the cost of refined oil products. We stand committed to work with all stakeholders to mitigate the impacts of this increase.

My staff is available to provide additional information regarding fuel price assumptions. My point of contact is Mr. Chris Smith at 703-614-7149 or [thomas.c.smith2.civ@mail.mil](mailto:thomas.c.smith2.civ@mail.mil).
