

# GIVE HAPPY

## Important Campaign Dates:

- **December 3, 2024** – Giving Tuesday

## Federal Retirees

*Continue Giving To Causes You Care About Through the CFC*

**Retired from the Federal Government?**

**Great news!**

You can continue giving back to the charities you care about through the CFC!

Did you know that Federal and military retirees contributed more than \$5.1 million in 2023, about 20% more than they gave the prior year? This group now makes up 7.6% of overall donations! If you know any retirees, now is a great time to remind them they can still give back through the Combined Federal Campaign (CFC).

Existing donors (or new retirees) can give via a deduction from their annuity to one, or many, of the thousands of vetted CFC charities.

Continuing to give, even after you retire, helps support causes you care about.

## Cause Area Spotlight

### *Community Improvement*

Our communities play an important part in our overall well-being. Whether it's your neighborhood, your workplace, or even the group of friends who share your time, these connections enrich our lives.

CFC-participating charities get involved and support all kinds of communities. They bring physical community members together and highlight their culture and diversity through local theaters, recreational parks, farmers' markets, seasonal events, and community gardens.

When you **GIVE HAPPY** through the CFC, you can **GIVE COMMUNITY** through charities working in the [Community Improvement](#) cause area.
