

Beginning October 25, 2021, the Contracting Officer signature appearance on manually generated contract actions will be changing due to modern web browser requirements. The Contracting Officer signature will appear in a simple cursive style instead of showing as a Common Access Card applied digital signature. This signature format is valid for all DLA contracting actions and examples are provided for reference.

Example of system applied cursive signature (**new process**):

24. UNITED STATES OF AMERICA Giorgi Bickel Giorgi.bickel@dla.mil 2021 OCT 09	<i>Giorgi Bickel</i> CONTRACTING/ORDERING OFFICER
--	--

Example of previous CAC enabled signature (**no longer used**):

24. UNITED STATES OF AMERICA Giorgi Bickel Giorgi.bickel@dla.mil 2021 SEP 17	BICKEL.GIORG I.N. 0 Digitally signed by BICKEL.GIORGI.N. Date: 2021.09.17 12:23:13 -04'00' CONTRACTING/ORDERING OFFICER
--	--
