Technical Data Management Transformation Level 2

Purpose:

A review for Vendors of all documents and CAD Viewer.

Agenda:

- Find and navigate through an **Acquisition Document**
- Apply for needed access requirements
- Find and navigate through a National Item Identification Number (**NIIN**) record
- Find and navigate through a **License Agreement**
- Find and navigate through a **Technical Data Package (TDP)** record
- Find and navigate through a **Technical Document** record
- Find and navigate through a **Computer Aided Design (CAD)** record
- Find and navigate through a **Reference Document** record

Briefing Type:

- Instruction

Accessing the Login Page

Begin by opening a web browser and navigate to **https://tdmt.dla.mil**

A screenshot of a web browser window. The address bar shows "https://tdmt.dla.mil" highlighted with a red box. A red arrow points from the address bar to the login form. The page content includes a background image of a woman in a white lab coat looking at a smartphone, and a man in a white cap looking up. In the center, there is a logo for TDMT (Technical Data Management Transformation) consisting of a network of blue nodes and lines. To the right, there is a login form with a "Database" dropdown menu set to "TDMT_STAGE", "Username" and "Password" input fields, and a "Login" button.

MANAGEMENT
TRANSFORMATION

Selecting the Correct Database

Next, select the correct database for your system. In most cases, the Database field will auto-populate.

For this training, the **TDMT_Training** database is being used.

The screenshot displays the login interface for the TDMT (Technical Data Management Transformation) system. On the left, there is a logo consisting of a network of blue nodes and lines, with the text "TDMT TECHNICAL DATA MANAGEMENT TRANSFORMATION" and "Release 30 Build 14.0.22.40048" below it. On the right, there is a login form with the following fields:

- Database:** A dropdown menu with "TDMT_Training" selected. A red box highlights this field, and a red arrow points from the text above to it.
- Username:** A text input field.
- Password:** A text input field with a lock icon on the left.
- Login:** A grey button.

Logging In with Your Credentials

1. Next, enter your supplied **Username** and **Password**. The password is case-sensitive.
2. Then, select the **Login** button.

A screenshot of the TDMT (Technical Data Management Transformation) login interface. On the left, there is a logo consisting of a network of blue nodes and lines, with the text "TDMT TECHNICAL DATA MANAGEMENT TRANSFORMATION" and "Release 30 Build 14.0.22.40048" below it. On the right, there is a login form with a "Database" dropdown menu set to "TDMT_Training". Below the dropdown are two input fields: "Username" and "Password", both highlighted with a red border. A "Login" button is located below the password field. A red arrow points from the "Login" button area back towards the logo.

Read the user agreement and click **I agree** proceeding any further with TDMT system.

Welcome to the Technical Data Management Transformation (TDMT) System

USER AGREEMENT - STANDARD MANDATORY NOTICE AND CONSENT PROVISION:

By signing this document, you acknowledge and consent that when you access Department of Defense (DoD) information systems:

- You are accessing a U.S. Government (USG) Information System (IS) (which includes any device attached to this IS) that is for USG-authorized use only.
- You consent to the following conditions:
 - The USG routinely intercepts and monitors communications occurring on this IS, and any device attached to this IS, for purposes including, but not limited to, penetration testing, communications security (COMSEC) monitoring, network operations and defense, quality control, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
 - At any time, the USG may inspect and seize data stored on this IS.
 - Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose.
 - This IS includes security measures (e.g., authentication and access controls) to protect USG interests—not for your personnel benefit or privacy.
 - Notwithstanding the above, using this IS does not constitute consent to PM, LE, or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential.
- All of the above conditions apply regardless of whether the access or use of an IS includes the display of a Notice and Consent Banner ("banner"). When a banner is used, the banner functions to remind the user of the conditions that are set forth in this User Agreement, regardless of whether the banner describes these conditions in full detail or provides a summary of such conditions, and regardless of whether the banner expressly references this User Agreement.

TDMT Systems Warning Statements (As of <insert Date that this gets posted>)

- Warning:** There is the potential that information presented and exported contains Controlled Unclassified Information (CUI) in accordance with Department of Defense Instruction (DoDI) 5200.48. It is the responsibility of all users to ensure information extracted is appropriately marked and properly safeguarded.
- Warning:** This IS contains data including but not limited to, export-controlled information, technical data, and intellectual property, (collectively, "Data"), the export of which is restricted by the Arms Export Control Act (Title 22, U.S.C. 2751, et seq.) and (or) the Export Administration Act of 1979 (Title 50, U.S.C. App. 2401 et seq.), as amended. Export of information contained herein, which includes, in some circumstances, release to foreign nationals within the United States, without first obtaining written approval or license from the Department of State for items controlled by the International Traffic in Arms Regulations (ITAR), or the Department of Commerce for items controlled by the Export Administration Regulations (EAR), may constitute a violation of law. Violations of these export control laws are subject to civil and criminal penalties, including fines up to \$1,000,000 or imprisonment up to 20 years, or both.
- Warning:** Pursuant to Title 10, U.S.C. 150, 32 C.F.R. 250, and the Department of Defense Directive (DoDD) 5200.25, only qualified U.S. contractors or officers can access export-controlled information that is needed to bid or perform on a contract with the Department of Defense or other U.S. Government Agency in connection with a legitimate business purpose for which they are certified. Upon conclusion of the need for access to Data, all Data shall be destroyed and removed from any device in accordance with DoDI 5200.48, DoDI 5200.24, ISOO Notice 2019-03, 32 C.F.R. 2022.14(f)(2), and National Institute of Standards and Technology (NIST) Special Publication (SP) 800-99, Revision 1: Guidelines for Media Sanitization. Upon request by the DLA controlling authority or designee, users will certify in writing that all Data and copies thereof have been destroyed. DLA may suspend or permanently revoke TDMT access of any user to violate this term. Moreover, if there is a violation of U.S. export control laws and regulations, it may result in DLA revoking the company's or individual's access to TDMT or DoD permanently revoking their JCP certificate, which may result in the termination of existing awards requiring access to export-controlled information.
- Warning:** Pursuant to ITAR, EAR, DoDI 5200.25, and DoDI 5200.24, downloading any Data including export-controlled information (other than documents assigned Distribution Statement "A") from TDMT and disseminating it to an unauthorized company, organization, or individual without DLA prior written consent is prohibited. DLA may suspend or revoke the company's or individual's access to TDMT and/or DoD permanently revoking their JCP certificate, which may result in the termination of existing awards requiring access to export-controlled information. ITAR and EAR violations may result in civil and (or) criminal penalties.
- Warning:** Downloading export-controlled information from TDMT to locations outside of the United States or its territories is prohibited without the Defense Logistics Agency's (DLA) written prior consent. The only exception to this rule is Canadian contractors with an active Joint Certification Program (JCP) certificate and DLA written approval who may download export-controlled information only to Canada. Any violations of this policy will be viewed as an export-control violation under the ITAR or EAR and may result in DLA revoking the company's or individual's access to TDMT. Any violations of this policy may also result in the DoD permanently revoking their JCP certificate, which may result in the termination of existing awards requiring access to export-controlled information. Please direct questions or comments to: DLA1440ayCustodian@dlm.mil
- Warning:** The use of virtual private networks (VPNs) and other services that mask a user's IP address when accessing TDMT is prohibited without DLA's prior written consent. Violation of this rule could result in the suspension or termination of access to TDMT, which may result in the termination of existing awards requiring access to export-controlled information. Please direct questions or comments to: DLA1440ayCustodian@dlm.mil
- Warning:** The use of IT automation scripts or other means to download any Data including export-controlled information from TDMT is strictly prohibited. DLA may suspend or permanently revoke TDMT access of any user to violate this term.
- Warning:** Sharing account information with unapproved and/or unauthorized company, organization, or individual is prohibited. DLA may suspend or terminate access to TDMT of any user found to violate this term.
- Warning:** This IS contains Data owned or provided by the Original Equipment Manufacturers (OEM) or its successors. Users must abide by the restrictions set forth in the relevant non-disclosure agreement (NDA) as specified in DFARS 227.7100-7 or in accordance with DFARS Clause 252.227-7025 if they received the data under the performance of a contract including all applicable destruction requirements. Upon conclusion of the need for access to Data, all Data shall be destroyed and removed from any device in accordance with Part 2002, Title 32, and DoDI 5200.48. Upon request by the DLA controlling authority or designee, the users will certify in writing that all Data and copies thereof have been destroyed. Any suspected or actual breach of the restrictions set forth in the NDA may result in the removal from the qualified bidders list for that license agreement. Violations of the NDA may be grounds for legal proceedings by the Government and (or) the OEM.

USER RESPONSIBILITIES:

I understand that to ensure the confidentiality, integrity, availability, and security of DoD Information Technology (IT) resources and information, when using those resources, I shall:

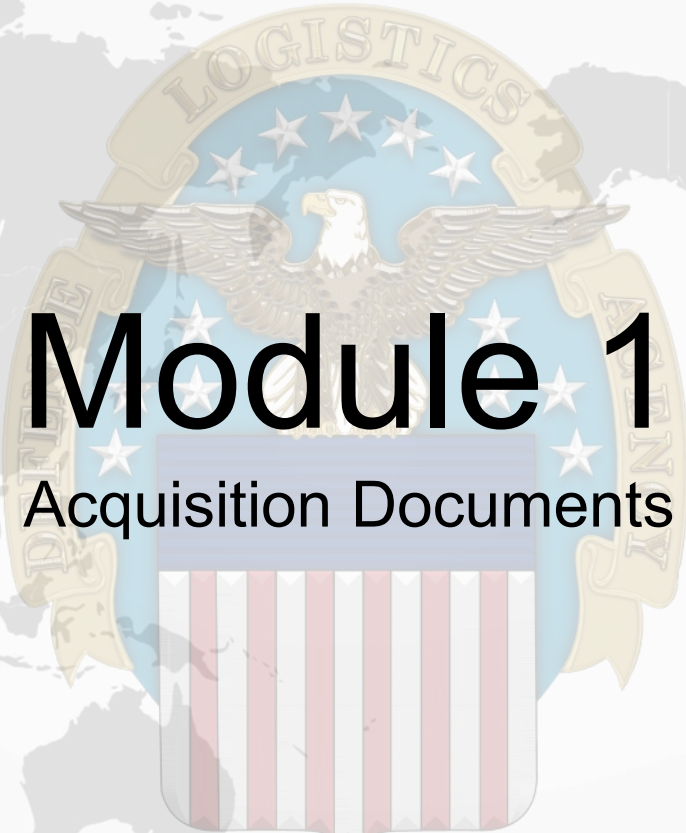

- Safeguard information and IS from unauthorized or inadvertent modification, disclosure, destruction, or misuse.
- Protect Controlled Unclassified Information (CUI), to include Personally Identifiable Information (PII), and classified information to prevent unauthorized access, compromise, tampering, or exploitation of the information.
- Protect authenticators (e.g., Password and Personal Identification Numbers (PIN)) required for Logon Token authentication at the same classification as the highest classification of the information accessed.
- Protect authentication tokens (e.g., Common Access Card (CAC), Alternate Logon Token (ALT), Personal Identity Verification (PIV), National Security Systems (NSS) tokens, etc.) at all times. Authentication tokens shall not be left unattended at any time unless properly secured.
- Virus-check all information, programs, and other files prior to uploading onto any DoD IT resource.
- Observe all policies and procedures governing the secure operation and authorized use of an information system.

By clicking I AGREE you have read and agree to the terms of the User Agreement.

Vendors should contact the DISA Global Service Desk for:

- TDMT password Issues/Resets.
- TDMT accounts will be locked after 30 days of inactivity.
- Accounts not used within one year will be terminated.
- DISA Global Service Desk: 1-844-247-2457, Press 5, and then speak or enter D-L-A.

Please note, wait times could be in excess of 100+ minutes, however we cannot expedite or control this request.

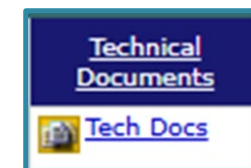

Module 1

Acquisition Documents

Acquisition Document - DIBBS

1. Vendor will be sent directly to TDMT from the DLA Internet Bid Board System (DIBBS)
 - a. Clicking the link will lead to the TDMT login. Once logged in, the Acquisition Document found in DIBBS will open.
 - b. When a user logged-in to TDMT clicks the link, TDMT opens a new tab to confirm its validity. The existing TDMT session will then display the Acquisition Document from DIBBS upon closing the confirmation tab.

Second Login Option:

From the TDMT **Main Screen**, access **Acquisition Documents** by clicking the tile or using the table of contents. Search by solicitation number and double-click to open.

The screenshot displays the TDMT Main Screen interface. On the left is a 'Contents' sidebar with a tree view of navigation options. The main area contains a grid of 30 tiles, each representing a different functionality. The 'Acquisition Documents' tile, located in the top-left of the grid, is highlighted with a red border. The sidebar also has 'Acquisition Documents' highlighted with a red box.

Tile Name	Icon Description

Acquisition Document - NIIN

Double-clicking the **NIIN** will bring up the NIIN Record.

All this information can also be found in the Line Items Table.

The screenshot displays the DSP interface for an Acquisition Document. The document ID is 100898 SP450025Q0053. The NIIN (National Item Identification Number) is 000000098, which is highlighted in a red box in the Line Items table. The NIIN record details are shown in a separate window, including the following information:

National Item Identification Number (NIIN)		
NIIN	Material Type	Cross-Plant Material Status
000000098	DLA1	01
Federal Stock Class (FSC)	Nomenclature	
4530	HEATING ELEMENT,EL	
Acquisition Method Code (AMC)	Acquisition Method Suffix Co	
3	D	
Acquisition Advice Code (AAC)	Procurement Group Code	
J		
Special Procurement Code (SPC)	Critical Part	
Highest Weapon System Designator Code		
NAICS		
000000		

Use the following procedure to locate the **National Item Identification Number (NIIN)** and the **Technical Data Package (TDP)** link for an item on this solicitation.

1. Navigate to the Line-Item tab at the bottom of the page.
2. Select the Item you need to view by clicking on it once.
3. Scroll across in the line item to find the TDP link.

The screenshot shows the DSP interface for acquisition document 100898 SP450025Q0053. The 'Line Items' tab is selected, showing a table of awarded entities. The first row is highlighted with a red box, containing the following data:

NIIN	Name	NSN	Item Name [..]	Federal Stock...	Deletion Indic...	TDP [..]	TDP State	TDP Version	TDP Distribut...	TDP Rights in...	TDP Export C...	TDP License...
00000098				4530	Active	TDP-104359-	Released	B	A-Distributio...	U-unlimited-	Ne	

This close-up view of the 'Line Items' table shows the following columns and data for the first row:

Module 2

National Item Identification Number
(NIIN)

National Item Identification Number (NIIN)

The NIIN Is accessible from:

- Main Screen Tile
- Table Of Contents
- Acquisition Document

The screenshot shows the DSP Main Screen. On the left is a 'Contents' sidebar with a 'NIINs' tile highlighted in a red box. A red arrow points from this tile to the 'NIINs' tile on the main screen, which is also highlighted in a red box. Other tiles include Acquisition Documents, CAD Documents, Data Rights Letters, Documents, DSP Workflow Dashboard, Entities, Notification Messages, Reference Documents, Tech Data Packages, Training, and Users.

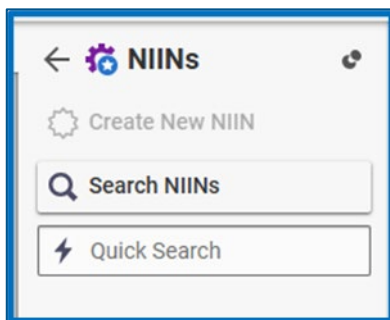

The screenshot shows the DSP Acquisition Document page for document 100898 SP450025Q0053. The 'Acquisition Reference' section includes fields for Solicitation Number (SP450025Q0053), Contract Number, Post Award Days (90), and Close Date (5/30/2025). The 'Acquisition Document' section includes State (Ready/Released), Effective Date (4/27/2025 1:30:32 PM), Revision (A), Generation (S), and Permission (TOP DR Acq Doc - Released). Below these sections is a table of 'Line Items' with the NIIN value highlighted in a red box.

Technical Data Package (TDP) – Main Page

Metadata restrictions follow the most limiting data rights document per category.

The screenshot displays the main page for a Technical Data Package (TDP). The interface includes a header with the TDP ID 'TDP-100476 TDP-004951247' and navigation options like 'Edit'. The main content area is divided into several sections:

- Technical Data Package:** Contains metadata fields such as TDP Number (TDP-100476), TDP Type (DLA Tech Data Package), Name (TDP-004951247), and Description (TDP for Material: 004951247).
- Tech Data Controls:** Includes buttons for 'Distribution Statement', 'Rights in Data', 'Export Control', and 'License Agreement'.
- TDP Team:** Shows 'Team' (00000000_TDM_Team), 'Created by' (Innovator Admin), and 'Assigned Creator' (TDP Admin).
- Tech Documents:** A tabbed interface showing a list of documents. A context menu is open over a document, with the 'Open' option highlighted.

The tabs display documents attached to the TDP.

Double-clicking or right-clicking a document will open it in a new tab.

Technical Data Package (TDP) – Document Tabs

There are three tabs in the bottom section of the TDP

- **Tech Documents** contains – Detailed Drawings, get list from DLA

Technical Document – Main Page

Metadata is describing controls on the attached file

The Technical Document File is viewable during solicitation; it will be downloaded after award by awarded vendor and government personnel only.

The screenshot displays the 'DOC-100121 STM30-102 B' document page. The interface is divided into several sections:

- Document:** Document Number (DOC-100121), Name (GPA9966), Type (DWG), Description (STM30-102).
- Tech Data Information:** Drawing Number (STM30-102), Drawing Type, Drawing Revision (G), Revision Date (7/15/2008), Number Of Sheets (1), Number Of Images, Expiration Date.
- Tech Data Controls:** Distribution Statement (Distribution Statement C), Rights in Data (N: for procurement purposes only), Export Control (Yes), License Agreement (100013 98897 License Agreement 13), Tech Data Avail Code (Y), Control Code (TG).
- Document Team:** Team (00000000_TDM_Team), Assigned Creator (TDP Admin), Designated User, Created By (Innovator Admin), Permissions (TDP DIR Document - Released).
- Document Lifecycle:** State (Ready/Released), Revision (B), Generation (2), Is Current (checked), Changes Pending (unchecked).
- Document Lifespan:** Created On (10/7/2025 7:37:06 AM), Modified On (10/8/2025 2:58:09 PM), Released Date, Superseded Date, Effective Date.

Below the metadata is a 'Files' section with a table of related files:

Related File [...]	File Name ↑ 2	File Type [...]	Comments	Seq... ↑ 1	Is Shared	Indexed On [...]	Externally Cr...	Externally Cr...
	STM30-102_G_SS.pdf	PDF Document		128	<input checked="" type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>

Navigation: < Prev Next > Page: 1 of 1 | 1 Results

Technical Document – PDF Viewer

To edit the Technical Document:

- Click the **Form bar** then the **Document** icon that appears
- PDF can be marked up utilizing the toolbar above the document

The screenshot displays the interface for editing a technical document. The document title is "DOC-100687 6047137 D". The document ID is "BAC5307-1" and the document number is "DOC-100687". The document type is "DWG". The document description is "BAC5307-1". The document revision is "D" and the revision date is "1/15/2016". The document has 1 sheet and 0 images. The document data code is "Specifications, Missil". The document is marked as "Sub-Safe" and "Nuclear". The document is marked as "Export Control Yes" and "License Agreement". The document is marked as "Tech Data Avail Code U-NNPI/NOFORN, Top Secret, Unapproved, Copyright." and "Control Code SX". The document is marked as "Is Current" and "Changes Pending". The document is marked as "Released" and "Superseded Date". The document is marked as "Created On 10/7/2025 7:39:01 AM" and "Modified On 10/7/2025 7:44:53 AM". The document is marked as "Released Date" and "Superseded Date". The document is marked as "Effective Date".

The interface includes a toolbar with icons for editing, a "Form bar" with a "Document" icon highlighted by a red box and a red arrow, and a "Files" section with a table of related files.

Related File [...]	File Name ↑ 2	File Type [...]	Comments	Seq... ↑ 1	Is Shared	Indexed On [...]	Externally Cr...	Externally Cr...
BAC530...	BAC5307-1.pdf	PDF Document		128	✓			

Technical Document - Markup

The Detailed Drawing can be marked up utilizing the toolbar above the document.

1. View
2. Markup- selecting this allows user to use #3-5 for different color pens, highlight, and label
3. File Download
4. Print
5. Page Up and Page Down
6. Current Page/Total Pages
7. Select Text
8. Pan – click to move picture
9. Zoom Window with mouse
10. Zoom Down and Zoom Up by buttons
11. Zoom Percent
12. Fit Width and Fit Height
13. Clockwise 90 and Counterclockwise 90
14. Preferences
15. Search Text
16. Layer Display
17. Measure
18. Compare Files
19. Switch to Basic Toolbar

The screenshot shows a software interface for viewing and marking up technical documents. At the top, a toolbar contains 19 icons, each with a green box and a number below it, corresponding to the numbered list on the left. The main window displays a technical drawing of a cylindrical part with various dimensions and features. To the right of the drawing is a revision table.

REVISIONS				
ZONE	LTR	DESCRIPTION	DATE	APPROVED
B3	E	REDRAWN WITH CHANGE WAS B SIZE	5-23-77	
A4		(1)ADDED 7409534-2 TO TAB BLOCK (2)ADDED MIL-STD-100 NOTE (RC G 7892)		
B3 B2	F	(1) WAS 30.218 (2) WAS 31.218 (RC H209I)	11-9-78	

Module 5

Computer Aided Design (CAD)
Documents

CAD Documents are best viewed from the TDP; can also be accessed from three locations:

Main Screen Tile

Table of Contents

Technical Data Package (TDP)

The screenshot illustrates the interface for accessing CAD Documents. It is divided into three main sections:

- Main Screen Tile:** A grid of icons representing various document types. The 'CAD Documents' icon is highlighted with a red box.
- Table of Contents:** A sidebar menu on the left. The 'CAD Documents' option is highlighted with a red box.
- Technical Data Package (TDP):** A detailed view of a specific TDP (TDP-100960). The 'Tech Documents' section is highlighted with a red box, showing a table of documents associated with the TDP.

The 'Tech Documents' table contains the following data:

Top Document	Piece Part Nu...	ItemType	Document Nu...	Name	Classification	State	Is Current?
<input type="checkbox"/>		Document	DOC-100047	HA92907	DLA Controlle...	Released	<input checked="" type="checkbox"/>
<input type="checkbox"/>		Reference Do...	100142	HA92907	DLA Controlle...	Ready/Releas...	<input checked="" type="checkbox"/>
<input type="checkbox"/>		CAD Document	TEST 28		DLA Controlled	Preliminary	<input checked="" type="checkbox"/>

CAD Document – Search Screen

CAD Documents are searchable by drawing number, use wildcards (*) to search a partial number.

CAD Document – TDMT Internal CAD Viewer

- To download click the CAD File
- When the Manage file property box opens, click the download arrow and navigate to where you want to save it.

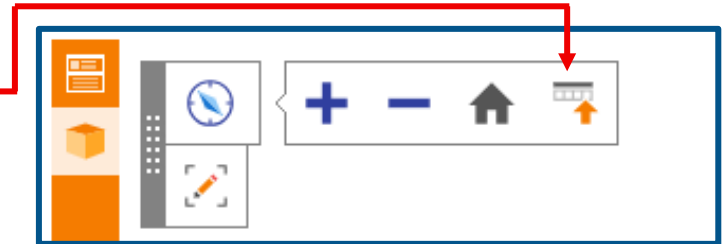

The screenshot displays the TDMT Internal CAD Viewer interface for a document titled "14153 Defense Logistics Agency oxy82991_82990_tdmt_demo". The interface includes a top navigation bar with "CAD Documents" and "14153 Defense ...". Below the title bar, there are several tabs: "Document", "Tech Data Info", "Tech Data Controls", "Computer Aided Design", and "Document Team". The "Computer Aided Design" tab is active, showing a "CAD File" section with a file named "oxy82991_82...". A "Manage file property" dialog box is open, displaying the file name "oxy82991_82990_tdmt_demo.asm", its size "251.4 KB - Pro/ENGINEER Assembly", and the date "10/23/2025, 4:18 PM". The dialog box has a download icon (a downward arrow) highlighted with a red box, and an "OK" button also highlighted with a red box. The "Document Team" section on the right shows the team name "00000000_TDM_Team", the creator "TDMT BPA", and the designated user "TDP Admin".

CAD Document – TDMT Internal CAD Viewer

When the Viewer is first opened a shortened toolbar will show.

Click on the up arrow to open more functionality

1. Compass - closes the Mark up menu
2. Markup - is the same functionality as the Technical Documents
3. 3D Viewer Preferences
4. Zoom - click and use mouse to make part picture larger/smaller
5. Manual Zoom by clicking + for larger and – for smaller
6. Home - takes back to original screen
7. Orient to face- click on the picture and this icon will be in color, then click again and it will show the front facing view

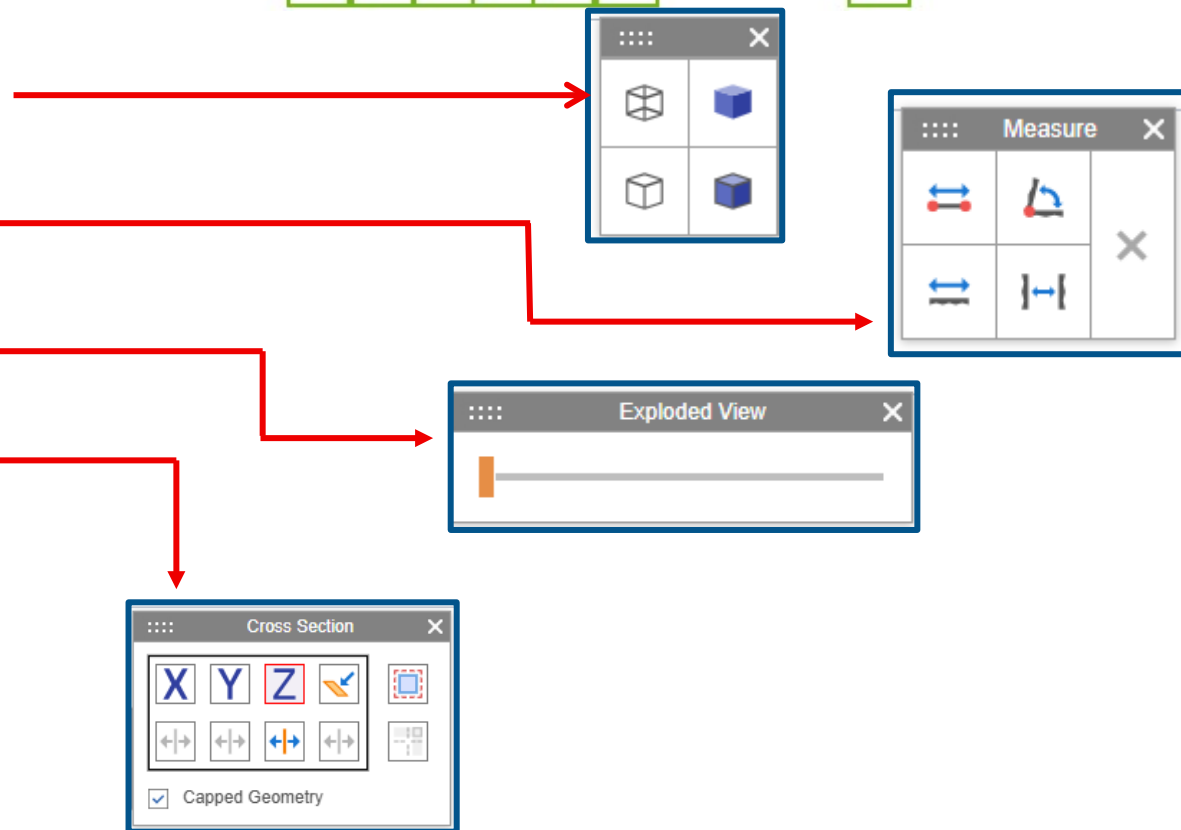

CAD Document – TDMT Internal CAD Viewer (cont.)

When the Viewer is first opened a shortened toolbar will show

8. Set Display Style- allows for changing the view of the picture to clear or opaque
9. Measure- allows for clicking in the pop-up window and measure different aspects of the part
10. Explode view- moving the slider shows the part being taken apart to view each piece in different angles
11. Cross Section- Shows the internal structure of the object at a specific axis
12. Model Browser- Turns on and off Model and views-Adds Standard and CAD Views
13. Product Manufacturing Information- turns off and on the design notes
14. Close the toolbar
