c. If "Yes," then a PIA is required. Proceed to Section 2.

**SECTION 2: PIA SUMMARY INFORMATION**

a. Why is this PIA being created or updated? Choose one:

- New DoD Information System  New Electronic Collection
- Existing DoD Information System  Existing Electronic Collection
- Significantly Modified DoD Information System

b. Is this DoD information system registered in the DITPR or the DoD Secret Internet Protocol Router Network (SIPRNET) IT Registry?

- Yes, DITPR Enter DITPR System Identification Number
- Yes, SIPRNET Enter SIPRNET Identification Number
- No

c. Does this DoD information system have an IT investment Unique Project Identifier (UPI), required by section 53 of Office of Management and Budget (OMB) Circular A-11?

- Yes  No

If "Yes," enter UPI

If unsure, consult the Component IT Budget Point of Contact to obtain the UPI.

d. Does this DoD information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information should be consistent.

- Yes  No

If "Yes," enter Privacy Act SORN Identifier

DoD Component-assigned designator, not the Federal Register number.  
Consult the Component Privacy Office for additional information or  
access DoD Privacy Act SORNs at: <http://www.defenselink.mil/privacy/notices/>

or

Date of submission for approval to Defense Privacy Office

Consult the Component Privacy Office for this date.

**e. Does this DoD information system or electronic collection have an OMB Control Number?**

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information.

This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

**Yes**

**Enter OMB Control Number**

**Enter Expiration Date**

**No**

**f. Authority to collect information. A Federal law, Executive Order of the President (EO), or DoD requirement must authorize the collection and maintenance of a system of records.**

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be the same.

(2) Cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply.)

(a) Whenever possible, cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If a specific statute or EO does not exist, determine if an indirect statutory authority can be cited. An indirect authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component should be identified.

This system is covered by two Privacy Act Systems of Records:

(1) OPM GOVT-1 (General Personnel Records System) 5 U.S.C. 1302, 2951, 3301, 3372, 4118, 8347, and Executive Orders 9397, as amended by 13478, 9830, and 12107.

**g. Summary of DoD information system or electronic collection. Answers to these questions should be consistent with security guidelines for release of information to the public.**

(1) Describe the purpose of this DoD information system or electronic collection and briefly describe the types of personal information about individuals collected in the system.

The system allows for the management of military personnel assigned to DLA and ensures military personnel from each service branch continue to meet the obligations of the branch. The records contain Name, Service Grade, Social Security Number, e-Mail address and other contact and personnel information necessary for tracking readiness and deployment.

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

Physical Access Risks - Entry to the equipment necessary to obtain information is restricted by the use of locks, guards, or administrative procedures to authorized persons only. Computers systems, records and disks are maintained in limited access or monitored work area with access limited to those individuals requiring access to perform official duties.

System Access Risks - Computer terminals are controlled with Common Access Cards (CAC), and computer screens automatically lock after a preset period of inactivity with re-entry controlled by Common Access Cards (CAC). Access to the HR DR system on any specific machine within the DLA compound is restricted to only authorized individuals.

Personnel Risks - All individuals accessing this system of records are required to have taken Information Assurance and Privacy Act training.

Overall Risks - Security risks associated with maintaining data in an electronic environment have been mitigated through administrative, technical, and physical safeguards. The safeguards in place are commensurate with the risk and magnitude of harm resulting from the loss, misuse, or unauthorized access to or modification of the data.

**h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component (e.g., other DoD Components, Federal Agencies)? Indicate all that apply.**

**Within the DoD Component.**
