Accessing TDMT

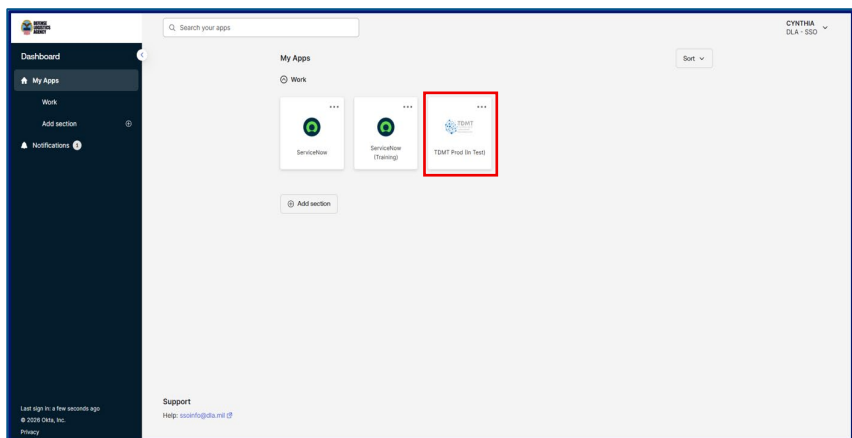

Logging Into TDMT

Three Methods to Login

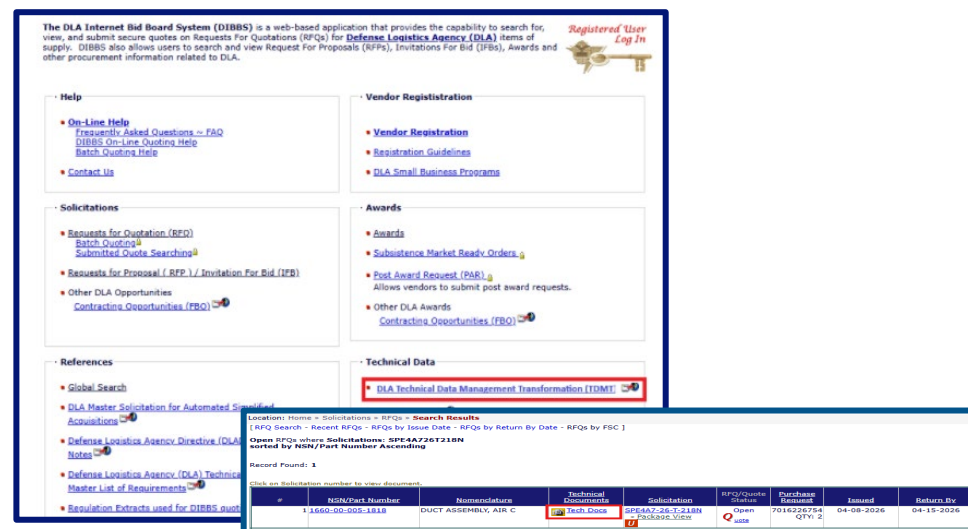

1. Directly from the website
<https://tdmt.dla.mil>

3. Through Okta <https://login-legacy.dla.mil/>

2. From a DIBBS account from the link on the solicitation- <https://www.dibbs.bsm.dla.mil/>

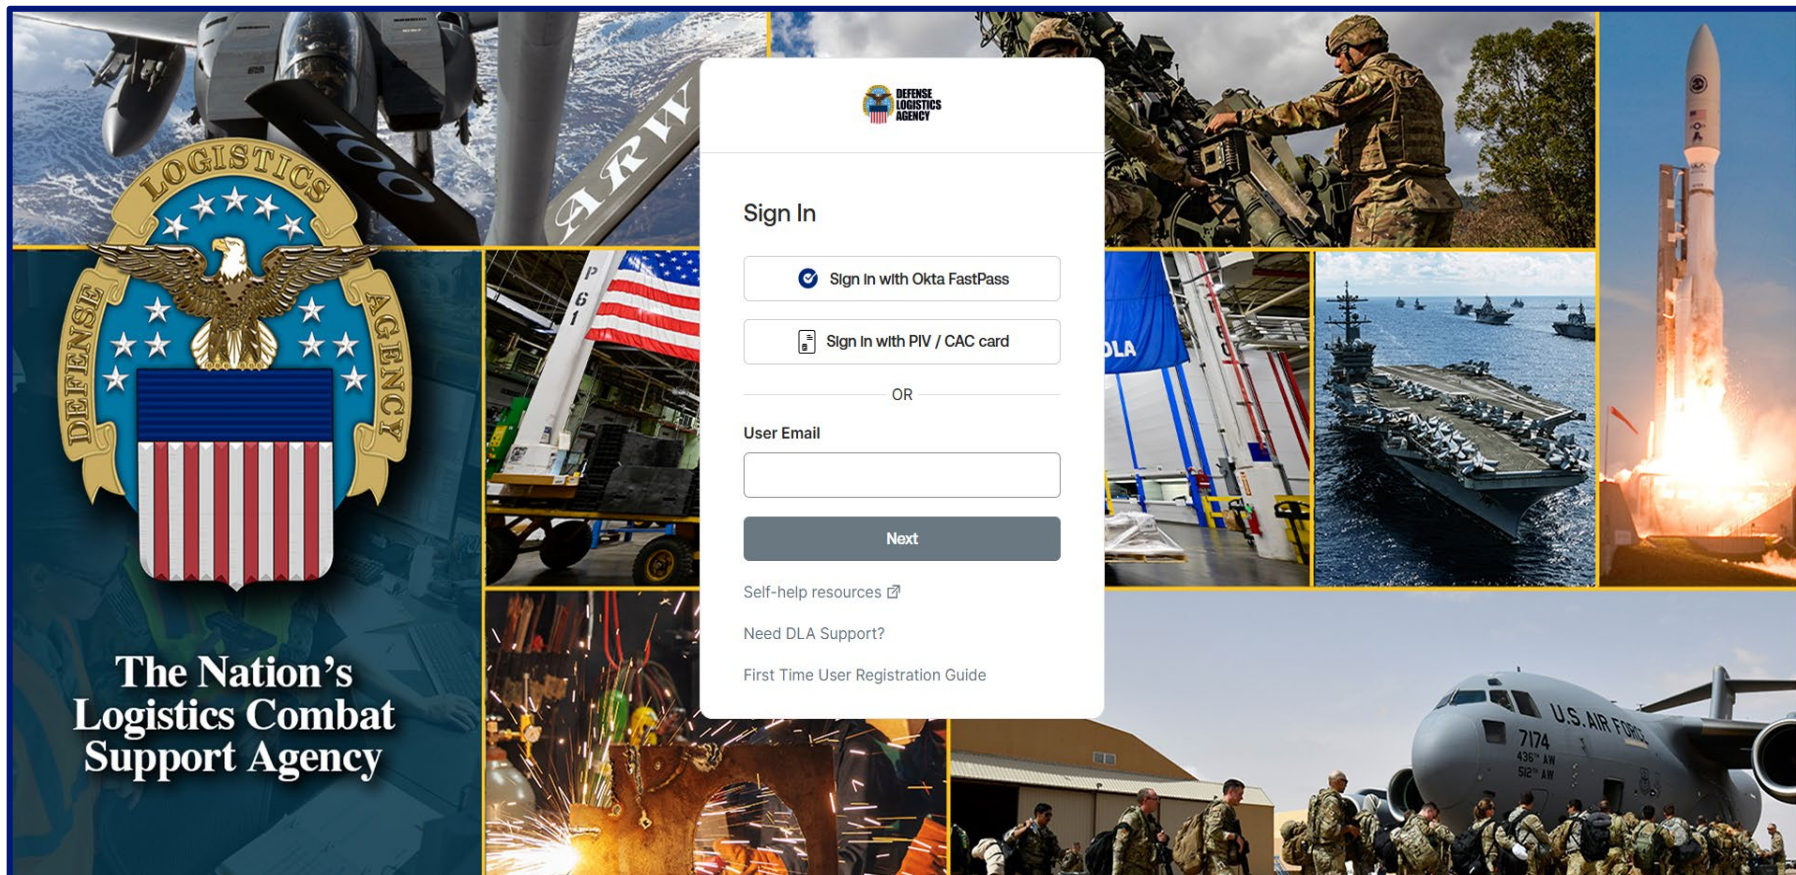

Once Logged into DIBBS, TDMT can be accessed two ways:

- 1. Through the Solicitation Menu and selecting the link, which will open the TDMT Okta login with AMPS credentials
- 2. Go to Home> Technical Data screen a link indicating TDMT will open the TDMT Okta login

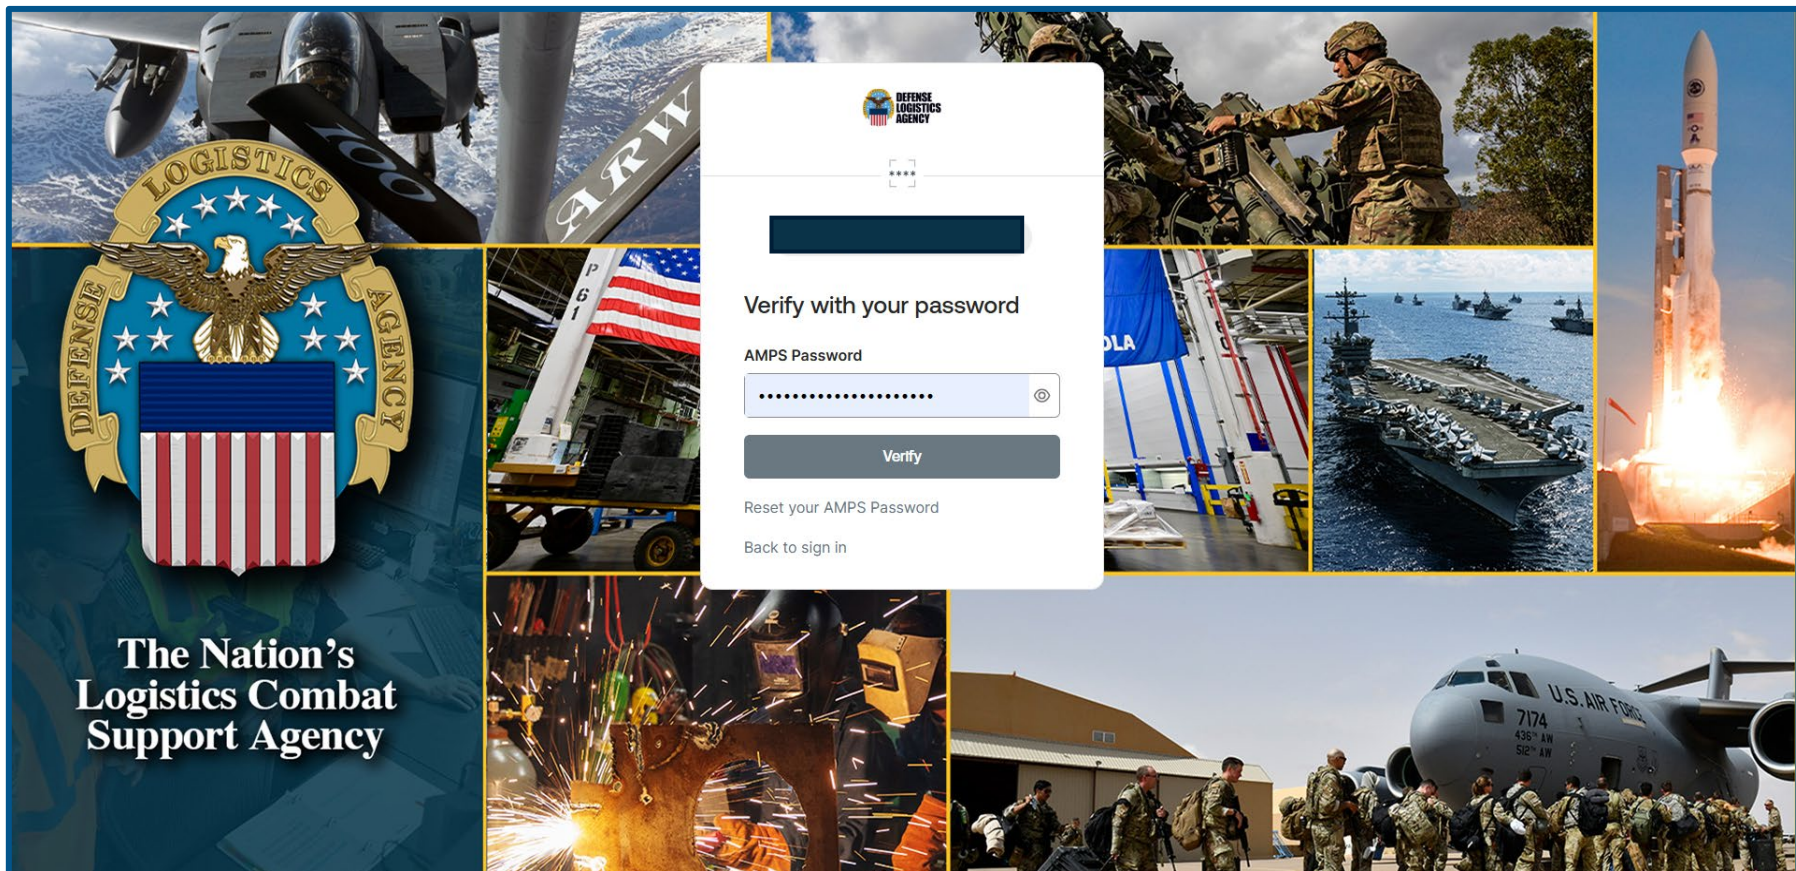

For each access method, vendors will be prompted to complete an Okta Multi-Factor Authentication (MFA) step using the same email and password as accessing AMPS.

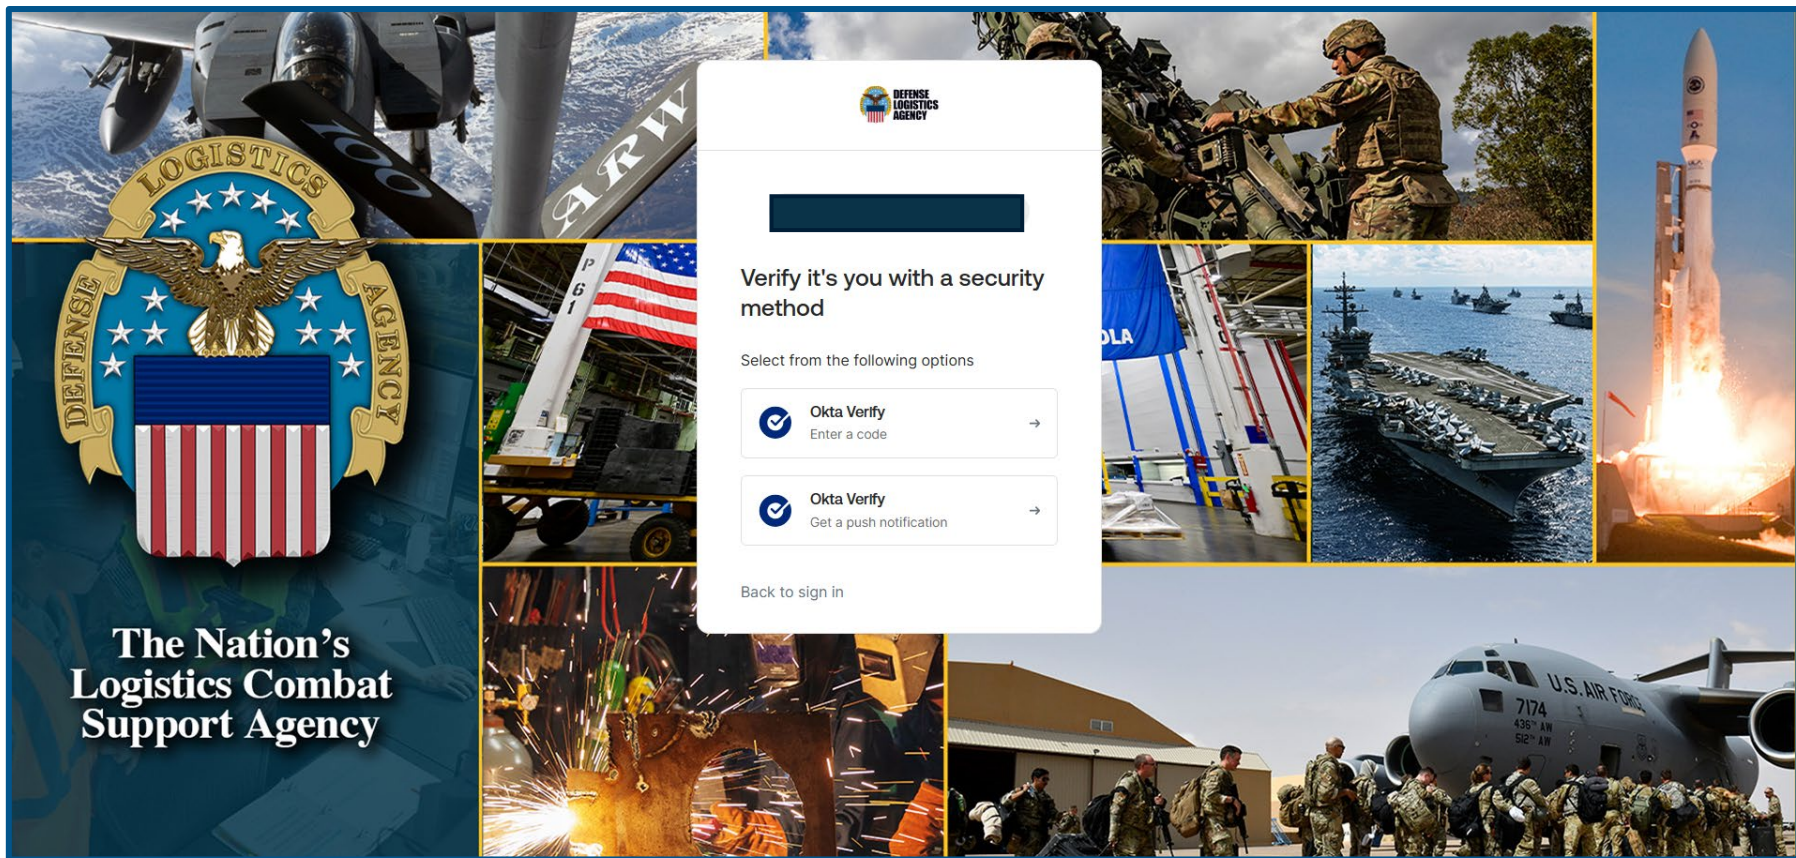

Verify AMPS Password.

The Nation's
Logistics Combat
Support Agency

Verify Okta with either a code or a push notification.

Enter Okta code from app.

The image shows a login page for the Defense Logistics Agency (DLA) Okta Verify app. The page is set against a collage of military-related images, including a fighter jet, a soldier, a rocket launch, a ship, and a large aircraft. The DLA logo is prominently displayed on the left. The login form in the center includes a blue header with the DLA logo and a checkmark, a blue input field for the code, and the text "Enter a code". Below this is a text prompt "Enter code from Okta Verify app" and a white input field. A grey "Verify" button is positioned below the input field. At the bottom of the form, there are links for "Verify with something else" and "Back to sign in". The text "The Nation's Logistics Combat Support Agency" is written in white at the bottom left of the collage.

Read the User Agreement Splash screen and click I agree at the bottom of the Page.

Welcome to the Technical Data Management Transformation (TDMT) System

USER AGREEMENT - STANDARD MANDATORY NOTICE AND CONSENT PROVISION:

By signing this document, you acknowledge and consent that when you access Department of Defense (DoD) information systems:

- You are accessing a U.S. Government (USG) Information System (IS) (which includes any device attached to this IS) that is for USG-authorized use only.
- You consent to the following conditions:
 - The USG routinely intercepts and monitors communications occurring on this IS, and any device attached to this IS, for purposes including, but not limited to, penetration testing, communications security (COMSEC) monitoring, network operations and defense, quality control, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
 - At any time, the USG may inspect and seize data stored on this IS.
 - Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose.
 - This IS includes security measures (e.g., authentication and access controls) to protect USG interests—not for your personnel benefit or privacy.
 - Notwithstanding the above, using this IS does not constitute consent to PM, LE, or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential.
- All of the above conditions apply regardless of whether the access or use of an IS includes the display of a Notice and Consent Banner ("banner"). When a banner is used, the banner functions to remind the user of the conditions that are set forth in this User Agreement, regardless of whether the banner describes these conditions in full detail or provides a summary of such conditions, and regardless of whether the banner expressly references this User Agreement.

TDMT Systems Warning Statements (As of 11 May 2026)

Warning: There is the potential that information presented and exported contains Controlled Unclassified Information (CUI) in accordance with Department of Defense Instruction (DoDI) 5200.48. It is the responsibility of all users to ensure information extracted is appropriately marked and properly safeguarded.

Warning: This Information System (IS) contains data including but not limited to, export-controlled information, technical data, and intellectual property, (collectively, "Data"), the export of which is restricted by the Arms Export Control Act (Title 22, U.S.C. 2751, et seq.) and (or) the Export Administration Act of 1979 (Title 50, U.S.C. App. 2401 et seq.), as amended. Export of information contained herein, which includes, in some circumstances, release to foreign nationals within the U.S., without first obtaining written approval or license from the Department of State for items controlled by the International Traffic in Arms Regulations (ITAR), or the Department of Commerce for items controlled by the Export Administration Regulations, (EAR), may constitute a violation of law. Violations of these export control laws are subject to civil and criminal penalties, including fines up to \$1,000,000 or imprisonment up to 20 years, or both.

Vendors should contact the DISA Global Service Desk for:

1. TDMT password Issues/Resets.
2. TDMT accounts will be locked after 30 days of inactivity.
3. Accounts not used within one year will be terminated.
4. DISA Global Service Desk: 1-844-347-2457, Press 5, and then speak or enter D-L-A.

Please note, wait times could be in excess of 100+ minutes, however we cannot expedite or control this request.
