

Defense Supply Center Philadelphia

RIR and HHRA Newspaper Notification

Publication Date: 22 June 2026

Defense Logistics Agency (DLA) has prepared a Revised Remedial Investigation Report (RIR) and Human Health Risk Assessment (HHRA) for the former Defense Supply Center Philadelphia (DSCP) in accordance with Pennsylvania's Land Recycling and Environmental Standards Act (Act 2) Program. The site is a former Department of Defense property closed under the Base Realignment and Closure (BRAC) Commission. The former DSCP, now commonly referred to as Quartermaster Plaza, is located at 2800 South 20th Street, Philadelphia, PA. The RIR and HHRA collectively describe the nature and extent of groundwater contamination, summarizes remediation efforts to date, and provides information on future efforts to achieve closure under the Act 2 Program and address human health risk.

DLA invites you to attend a public meeting where Seres-Arcadis, whom DLA contracted to handle the remediation, will provide a summary of comments received during the public comment period.

This public meeting will be virtual on August 11, 2026, 6:00-8:00 PM. Registration and access instructions are available via DLA link below.
