DEFENSE LOGISTICS AGENCY

The Nation's Logistics Combat Support Agency

MAJOR DEFENSE ACQUISITION PROGRAM (MDAP) SUPPORT

DLA LOGISTICS OPERATIONS (J3)
STRATEGIC BUSINESS DIVISION(J354)

WHO WE ARE

The Defense Logistics Agency's (DLA) Major Defense Acquisition Program (MDAP) Section

DELIVERS

- Customizable logistical solutions
- Tailoring services to meet specific program requirements
- Facilitates efficient resource management throughout the acquisition process
- Agile and responsive support, driving mission success and cost-effectiveness

PROVIDES

Assistance in transition to organic DLA support with minimized impacts to cost/schedule

WHAT WE DO

TAILORED SOLUTIONS

Customizable logistical solutions tailored to the unique requirements of each MDAP, ensuring optimal support throughout the life cycle.

ENHANCED EFFICIENCY

Streamlines supply chain operations, reducing inefficiencies and maximizing resource utilization, saving time and costs.

SEAMLESS INTEGRATION

Ensures integration of DLA logistics support to enhance overall effectiveness and readiness without causing delays.

STRATEGIC PLANNING

Proactive solutions to anticipate and address logistical challenges, minimizing disruptions and maximizing mission success.

AGILE SUPPORT

Agile and responsive support, adapting quickly to changing requirements and dynamic operational environments, ensuring continuous support throughout the program's life cycle.

HOW WE HELP

Providing integration support to new and legacy MDAP programs for the full spectrum of organic DLA support, from cradle to grave:

- Provisioning/Cataloging
- Supply Support
- Distribution
- Disposition Services

The MDAP Support Cell can facilitate the heavy lifting to get programs integrated into the full breadth of DLA organic sustainment support, from establishing connections to the DLA Major Subordinate Commands to providing assistance on critical logistics related to acquisitions and sustainment documentation.
