DLA Map Catalog

Limited Distribution DLA Map

Catalog – DLA produces an interactive map catalog for Military and Government use. The catalog contains only products stocked by DLA. These products are divided into four categories: Aeronautical, Digital, Hydrographic and Topographic (now with USGS coverage), all available in one catalog.

The DLA Map Catalog helps users find the right geospatial product for their specific needs by utilizing the easy-to-use and intuitive search tools. This includes, amongst other capabilities, being able to query different map product layers simultaneously, allowing users to locate all needed products in a particular area.

Catalog users can order these maps or charts by finding, selecting and adding products to an interactive shopping cart. Check-out by saving an automatically generated Order File and uploading it to FedMall.

Features:

- Search by Area of Interest, Product Series, Sheet/Chart-Number, National Stock Number (NSN), Exact Location and route
- Online catalog updates within FedMall
