MEMORANDUM FOR DISTRIBUTION C/F NUMBER 241

SUBJECT: Advance Notification of a Definition statement change for FSC 5836

The Defense Logistics Agency has approved the following definition change to FSC:  
5836 - Video Recording and Reproducing Equipment

The Definition statement for FSC 5836 currently states:

Note - This class includes and is restricted to electronic video equipment such as video monitors, televisions, cameras, printers, and recorders/reproducers used with miscellaneous communication equipment. Also included is associated equipment such as cleaners, splicers, rewinders, reels and tapes designed for use with video recording-reproducing equipment. Excluded from the class is photographic type equipment (Group 67), ADP type computer monitors (Group 70), and video equipment which includes radio receivers/transmitters (properly classified in more specific classes in Group 58).

The approved change will state:

Note - This class includes and is restricted to electronic video equipment such as video monitors, televisions, cameras, printers, and recorders/reproducers used with miscellaneous communication equipment. Also included is associated equipment such as cleaners, splicers, rewinders, reels and tapes designed for use with video recording-reproducing equipment. Excluded from the class is photographic type equipment (Group 67), ADP type computer monitors (Group 70), and video equipment which includes radio receivers/transmitters (properly classified in more specific classes in Group 58). When cameras provide day and night video, they are to be classified in FSC 5836.

The effective date of this change is September 01, 2021.
