## **DATA CUSTODIAN TRAINING REQUIREMENT**

The Joint Certification Program Office Head Quarters Defense Logistics Agency now requires Export Control Compliance training as part of the enhanced procedures for entities who intend to handle export controlled technical information.

This training is a **mandatory prerequisite** when obtaining JCP Certification **prior to export controlled technical information package access** to:

- Department of Defense (DOD) solicitations with export controlled technical information access
  - Conference attendance with export controlled technical information sharing or discussions
  - Symposiums participation with export controlled technical information sharing or discussions
  - Obtaining Request for Proposal (RFP) with export controlled technical information access
  - White paper submissions
  - Directly Arranged Visits (DAV) etc.
- This training course is located on the JCP Website at: <https://www.dla.mil/HQ/LogisticsOperations/Services/JCP/>, then by clicking Links/Resources and selecting DLA Requirements. Within the information, the link "DLA Introduction to Proper Handling of DoD Export-Controlled Technical Data Training" will launch the training.
  - Or at the following link: [https://www.dla.mil/Portals/104/Documents/J3LogisticOperations/EnhancedValidation/J3\\_expctrtrainin\\_g\\_191004.pdf](https://www.dla.mil/Portals/104/Documents/J3LogisticOperations/EnhancedValidation/J3_expctrtrainin_g_191004.pdf)
  - Once the Data Custodian has reviewed and understood, they should fill out and print 'Certification Statement of Export Control Compliance', sign and scan to a .pdf file. Please ensure the proper box is checked in item # 4 (citizenship)

## **SUPPORTING DOCUMENTATION REQUIREMENT**

Supporting documentation proving the legitimacy of the entity is no longer required for U.S. companies but is still required for Canadian companies. However, if a U.S. Company has an Export Controlled License please submit that along with the DD2345 submission

You will need to provide documentation proving the company is a registered business entity with a government agency.

The supporting documentation must have the entity name on the documentation as well as the name of the issuing state / province, county, or city.

**W-9 FORMS** are not acceptable as supporting documentation.

**NOTE:** Please do not send anything which contains personal information, such as a social security, passport, or bank account number, etc.

- Examples of proper supporting documentation would include one of the following:
  - Sales tax license
  - Business license
  - Filed articles of incorporation (with date stamp or including a letter noting the articles are on file at the state)

## **DDTC/EXPORT LICENSE DOCUMENTATION**

In accordance with 22 CFR §120-130, International Traffic in Arms Regulations, technical information available under the Joint Certification Program (JCP) may qualify as export controlled.

Under 22 CFR § 121.1, United States Munition List, some entities who manufacture or export defense articles or services, which may include associated technical information, you are required to register with the Directorate of Defense Trade Controls (DDTC).

Accordingly,

### **Is your equipment/material/service related to the United States Munitions List (USML) or Commerce Control List (CCL)?**

If 'Yes', state what category in your resubmission.

### **Are you registered with Directorate of Defense Trade Controls (DDTC)?**

If 'Yes', state so and provide registration code and expiration date in your submission.

### **Do you possess an Export Control License?**

If 'Yes', please state so and provide documentation or license number and expiration date in your submission.

Providing this information will assist the Joint Certification Office in processing your DD Form 2345. Additionally, once JCP certified, this information will assist in identifying, for the controlling DOD office, what technical information is accessible under your JCP Certification.

### **Department of State:**
