WELCOME TO DLA LAND & MARITIME SUPPLIER CONFERENCE & EXHIBITION

Welcome to the Defense Logistics Agency (DLA) Land and Maritime Supplier Conference and Exposition! This year's theme "Delivering Supply Chain Support in a Contested Logistics Environment" will outline the importance of relationships with Government and Industry and the need to continually evolve to support the ever-growing demands of the Warfighter. Our success in this effort would not be possible without face-to-face interactions with our unrivaled supplier base. Whether you are a small business looking to start a relationship with DLA, or have been part of our team and working with us for years, we are happy you have joined us as we work together to deliver premier support to our nation's Warfighters!

NDIA

WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. For more than 100 years, NDIA and its predecessor organizations have been at the heart of the mission by dedicating their time, expertise, and energy to ensuring our warfighters have the best training, equipment, and support. For more information, visit NDIA.org

WHO WE ARE

We provide Warfighter Logistics Excellence through Accountability, Teamwork, Urgency, Agility, and Innovation built upon a Commitment to Integrity, Diversity, and Mutual Trust and Respect.

MISSION

Deliver readiness and lethality to the Warfighter Always and support our Nation through quality, proactive global logistics.

VISION

As the Nation's Combat Logistics Support Agency and valued partner, we are innovative, adaptable, agile, and accountable-focused on the Warfighter Always.

CORE VALUES

Leadership | Professionalism | Technical Knowledge through Dedication to Duty | Integrity | Ethics | Honor | Courage | Loyalty.

In lieu of speaker gifts, a donation is being made to the Fisher House Foundation.

HARASSMENT STATEMENT

NDIA is committed to providing a professional environment free from physical, psychological and verbal harassment. NDIA will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA conferences, meetings and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds for revoking access to the NDIA event.

EVENT CODE OF CONDUCT

NDIA's Event Code of Conduct applies to all National Defense Industrial Association (NDIA), National Training & Simulation Association (NTSA), and Women In Defense (WID) meeting-related events, whether in person at public or private facilities, online, or during virtual events. NDIA, NTSA, and WID are committed to providing a productive and welcoming environment for all participants. All participants are expected to abide by this code as well as NDIA's ethical principles and practices. Visit [NDIA.org/CodeOfConduct](https://www.ndia.org/CodeOfConduct) to review the full policy.

ANTITRUST STATEMENT

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

BIOGRAPHIES

VICE ADMIRAL WILLIAM GALINIS, USN

Commander, Naval Sea Systems Command
U.S. Navy

Vice Admiral William J. Galinis is a native of Delray Beach, Florida. He is a 1983 graduate of the U.S. Naval

Academy where he received a Bachelor of Science degree in Electrical Engineering. He holds a Master of Science degree in Electrical Engineering from the Naval Post Graduate School.

Galinis' sea duty assignments included Engineer Officer on board USS Roark (FF 1053) and Damage Control Assistant on board USS Vreeland (FF 1068).

His Engineering Duty Officer tours included supervisor of Shipbuilding, Conversion and Repair, New Orleans, where he worked on both new construction and repair projects

including assignment as the PMS 377 Program Manager's representative for the (LSD) (CV) Shipbuilding Program; Board of Inspection and Survey, Surface Trials Board as Damage Control Inspector; and a number of program office and staff positions including the USS Zumwalt (DD 21) and USS San Antonio (LPD 17) Program Offices, Office of the Chief of Naval Operations in the Requirements and Assessments Directorate, and in the Office of the Deputy Assistant Secretary of the Navy for Shipbuilding as the Chief of Staff.

Galinis' command assignments include LPD 17 Program Manager; Supervisor of Shipbuilding, Gulf Coast; and as the Commanding Officer of the Norfolk Ship Support Activity (NSSA).

Galinis' flag assignments include Commander, Navy Regional Maintenance Center, during which time he also assumed the duties of Deputy Commander for Surface Warfare, Naval Sea Systems Command; and most recently as Program Executive Officer, Ships.

He has received various personal, unit, and service awards including three Navy Battle "E" awards.

Vice Admiral Galinis assumed command as the 45th Commander of Naval Sea Systems Command (NAVSEA) in June 2020.

MAJOR GENERAL DAVID MAXWELL, USMC

Vice Director for Logistics, J4
The Pentagon, Washington, D.C.

After completing The Basic School and Logistics Officer Course, Major General

Maxwell reported to 3rd Landing Support Battalion in Okinawa where he was a Platoon Commander and Company Executive Officer of a Support Equipment Company. In 1991, he was transferred to be the Assistant Logistics Officer for 9th Marine Regiment. Completing studies in Defense Systems Analysis and Financial Management at Naval Post Graduate School. In 1994, Maxwell was assigned as the Assistant Program Objective Memorandum Development Officer for Marine Corps Combat Development Command, Quantico, VA until 1998.

Moving to the Carolina MAGTF, he served in logistics billets with Marine Wing Support Squadron 274, Cherry Point; Marine Aircraft Group 26, New River; and 2nd Marine Division, Camp Lejeune.

In 2003, Maxwell transferred to Marine Corps Forces Korea as the Logistics Officer and subsequently assumed command as the Inspector Instructor for Headquarters and Service Battalion, 4th Marine Logistics Group in Marietta, GA in 2004. After graduating with distinction from the National War College in 2007 he proceeded to the J-4 Logistics Staff, U.S. European Command in Germany as the Deputy Division Chief, Logistics Support Division and the Chief, Joint Logistics Operations Center where he was promoted to Colonel.

After deploying with 2nd Marine Logistics Group (Forward) as the AC/S G-3 Operations Officer for Operation Enduring Freedom 2011, he served as Commander, Marine Corps Base Quantico until 2015.

On promotion to Brigadier General, he was assigned as the Combined Joint Director of Logistics (CJ- 4) for NATO Resolute Support, Afghanistan. From 2016 to 2018,

he commanded the 2nd Marine Logistics Group, Camp Lejeune NC. Following this, he served as the Assistant Deputy Commandant, Installations and Logistics (Plans, Policies and Strategic Mobility) before assuming his current duties in July 2020.

Maxwell's personal decorations include: the Defense Superior Service Medal, the Legion of Merit, the Meritorious Service Medal, the Joint Service Achievement Medal, the Navy and Marine Corps Achievement Medal and the Outstanding Volunteer Service Medal.

Maxwell, an Oregon native, is married to the former Jennifer Diane Walsh of Ellicott City, MD. They have two daughters.

MAJOR GENERAL MARK SIMERLY, USA

Commanding General, Combined Arms Support Command (CASCOM)

U.S. Army

Major General Mark T. Simerly assumed the duties and responsibilities as

the Commanding General for the Combined Arms Support Command (CASCOM), the Sustainment Center of Excellence (SCOE), and Fort Lee on July 9, 2021. Previously, he served as the J4 Director, U.S. Forces Korea from June 10, 2020. He was commissioned as a lieutenant of Air Defense Artillery and awarded a Bachelor of Arts Degree as a Distinguished Military Graduate from the University of Richmond. Simerly holds a Master's of Science in National Resource Strategy from the National Defense University and a Master's of Military Arts and Sciences Degree from the United States Army Command and General Staff College.

His command assignments include the 19th Expeditionary Sustainment Command, Daegu, South Korea from July 2019 to June 2020; Defense Logistics Agency Troop Support, Defense Logistics Agency Troop Support at Philadelphia, Pennsylvania from July 2017 to June 2019; 4th Sustainment Brigade, Ft. Hood, Texas from January 2012 to August 2013; 704th Brigade Support

Battalion, 4th Brigade Combat Team, 4th Infantry Division at Ft. Hood, Texas, when the unit re-flagged as the 27th Brigade Support Battalion, 4th Brigade Combat Team, 1st Cavalry Division and deployed to Tallil, Iraq from June 2008 to June 2009; Bravo Company, 801st Maintenance Support Battalion, Division Support Command, 101st Airborne Division (Air Assault) Ft. Campbell, Kentucky from December 1996 to May 1999.

Simerly's key staff assignments include Director of United States Forces Korea J4 at Camp Humphreys, South Korea; Director of Combined Arms Support Command Capabilities Development and Integration at Fort Lee, Virginia from August 2015 to June 2017; III Corps Assistant Chief of Staff, G4 at Ft. Hood, Texas from February 2014 to July 2015; United States Forces- Afghanistan Director of Logistics, J4, in Kabul, Afghanistan from August 2013 to February 2014; Assistant Chief of Staff, G3, U.S. Army Operational Test Command from July 2011 to January 2012; Senior Combat Service Support Observer

Controller at the Joint Readiness Training Center, Ft. Polk, Louisiana from September 2009 to July 2011.

His military education includes the Air Defense Officer Basic Course, the Combined Logistics Advanced Course, the Command and General Staff College, the Industrial College of the Armed Forces, and the Army Force Management School.

Simerly's awards and decorations include the Defense Superior Service Award, Legion of Merit with three Oak Leaf Clusters, Bronze Star with one Oak Leaf Cluster, Defense Meritorious Service Medal with one Oak Leaf Cluster, Meritorious Service Medal with four Oak Leaf Clusters, Army Commendation Medal with two Oak Leaf Clusters, Army Achievement Medal, National Defense Service Medal, 2nd Award, Armed Forces Expeditionary Medal, Armed Forces Service Medal, Global War on Terrorism Service Medal, Afghanistan Campaign Medal, Iraqi Campaign Medal, Korea Defense Service Medal, NATO-ISAF (Afghanistan) and the Army Meritorious Unit Award.

Simerly is married and has two adult children.

EXHIBITOR DESCRIPTIONS

AACESES IHMIRE INDUSTRIES, LLC 501

Aaceses Ihmire Industries, LLC is a small 100% woman-owned manufacturing company. Aaceses Ihmire Industries, LLC designs and manufactures Drones, Embedded Systems, Electronics Components, Small Robotic Arms, Artificial Intelligent Systems, Wire and Cable Harness. We offer Systems Engineering, Technical Consulting and Research and Development.

AAR 500

AAR is a leading independent provider of aviation services to government and commercial customers globally. With 65+ years of experience, AAR is a trusted partner to militaries, OEMs, and airlines delivering competitiveness so customers can focus on transporting parts, cargo, and passengers. AAR's award-winning Market Solutions can be integrated or leveraged separately to increase customers' efficiency and reduce costs while maintaining high levels of quality, service, and safety.

ACE ELECTRONICS DEFENSE SYSTEMS, LLC 709

Ace Electronics Defense Systems is an AS9100D-certified company and a Service-Disabled Veteran-Owned Small Business that currently holds a number of prime contracts with the Department of Defense, as well as numerous subcontracts with leading defense contractors. We have extensive experience in contract manufacturing of cable harnesses and electronics, and can provide large scale kitting and logistics services, engineering support, and dedicated program management.

ADS, INC. 607

ADS is the world's premier equipment, procurement and support solutions specialist to the military, law enforcement, first responders and the defense industry. We are focused on solving your challenges through the largest product and service selection, the broadest array of procurement and contract options, and world-class support and logistics solutions to enhance readiness and your acquisition strategy. Bring us your mission.

AUTOMATIC TRAP COMPANY 415

Rats and mice thrive because of humans—they feed on the garbage and byproducts that we create. Unfortunately, killing them is often necessary. That said, it's our responsibility to make sure we're going about it in the right way. We believe passionately in eradicating rats and mice in a safe, quick kill, and efficient manner. Our vision is to eliminate preventable suffering of these rodents—and we feel we're one step closer with every trap we ship.

BENCHMADE KNIFE COMPANY 609

BERING SUPPLY SOLUTIONS LLC 706

Bering Supply Solutions is an Alaskan Native owned Small Disadvantaged Business (8(a) pending) specialized Government Supply Chain Management & Logistics Support.

VITAL SIGNS 2022

BRIGHTON CROMWELL 707

Brighton Cromwell, a Triman Holdings Company, supplies the Department of Defense and the Commercial Aviation market with scalable supply chain solutions throughout platform life cycles. From consumables to systems and obsolescence management, we keep fleets operational, ready and safe.

DAYTON T. BROWN, INC. 514

Since 1950, Dayton T. Brown, Inc. has established itself as a leader providing elite product life-cycle services to the aerospace industry. We offer tailored engineering, prototyping, testing, technical publications and logistics services to some of the most demanding aerospace organizations in the world. We are committed to delivering innovative solutions and services that are superior, competitive and of the highest quality. All services provided to you in one location with a 24/7 schedule.

DEFENSE CONTRACT MANAGEMENT AGENCY 515

The Defense Contract Management Agency - A team of professionals delivering value to our Warfighters throughout the acquisition lifecycle.

DIBBS (BP) 615

The Defense Logistics Agency (DLA) Internet Bid Board System (DIBBS) is a web-based application that enables the supplier community to search for, view, and submit secure quotes on Request for Quotations (RFQs) for DLA items of supply. Through DIBBS, users can also search for, view, and upload proposals for Requests for Proposal (RFPs) and Invitations for Bid (IFB). Additionally, users can view awards and other procurement information.

DLA AVIATION 619

DLA Aviation is the aviation demand and supply manager for Defense Logistics Agency with more than 4,000 civilian and military personnel in 18 locations across the United States supporting more than 1,879 major weapon systems. It is the U.S. military's integrated material manager for more than 1.2 million national stock number items, industrial retail supply and depot-level repairable acquisitions.

DLA ENGINEERING DIRECTORATE AND SOURCE APPROVAL REQUESTS 716

DLA LAND AND MARITIME CUSTOMER OPERATIONS 618

Land and Maritime Customer Operations Mission We exist to sustain and enhance our customer's readiness by providing what our customers need, when they need it, whether in combat or on world-wide peacekeeping missions. We anticipate customers' needs with formal collaboration and demand planning for critical parts, resolving backordered requisitions, and addressing issues impacting operational readiness or maintenance production schedules.

DLA LAND AND MARITIME SMALL BUSINESS 519

The DLA Land and Maritime Office of Small Business Programs assists vendors by offering guidance and training about doing business with DLA, advocates for socio-program vendors, and provides oversight to ensure that small business contracting opportunities are maximized. We look forward to meeting you!

DLA LAND AND MARITIME SUPPLIER OPS 614

Land Supplier Operations is the Warfighter's wholesale logistics combat multiplier. Also known as "Mighty Land", the Land team manages full sustainment support and directs the distribution of consumable repair parts for over 600 land-based weapon systems as well as integrated tires, batteries and armaments support for all services. From the M-1 Abrams main battle tank to the Joint Light Tactical Vehicle, Mighty Land supports our Warfighters every day, around the clock, around the world.

DLA RESEARCH AND DEVELOPMENT 714

DLA TROOP SUPPORT 617

ELEVAN LLC DBA ELEVATE SYSTEMS 717

Elevan LLC dba Elevate Systems is an engineering design and technology company specializing in new design and reverse and re-engineering services. We create technical data where it does not exist, modernize legacy data, 2D to 3D conversion of data and finite element analysis for engineering substantiation. We integrate additive manufacturing into our designs where practical. We are a prime to DLA Land and Maritime on the REDTI contract and support multiple weapon systems for the DOD.

ENERSYS, INC 508

EnerSys, the world's largest manufacturer of industrial batteries, offers complete stored energy solutions for the aerospace and defense industry in Valve-Regulated Lead-Acid (VRLA), Lithium-Ion (Li-Ion), Lithium Primary Reserve, and Nickel Cadmium formats. EnerSys batteries for military tactical ground vehicles, aircraft, ships, submarines, satellites, and weapons systems are known for their innovative technology, superior quality, and rugged durability. Visit hawkerbattery.com and enersys.com

EQUINOX INNOVATIVE SYSTEMS 309

Equinox is an industry leader in multi-rotor drone technology, integration, and innovation. Primarily a products company, we offer both heavy-lift tethered drones and hybrid-electric drones. As turn-key solutions, our drones operate as temporary towers for communication and surveillance. Additionally, our tethered drone solutions provide a patented ultra-high bandwidth tether for unlimited flight time up to 1,000 ft.

FEDERAL CONTRACTS CORP 403

Federal Contracts Corp specializes in the sale & rental of heavy equipment anywhere necessary to support the warfighter. We represent top-of-the-line manufacturers including Caterpillar, JLG, Manitowoc (Grove), Altec, Crown, Generac, & Polaris. Keeping government purchasing simple since 2003, we are an SDVOSB, HUBZone Certified Small Business with emergency response capabilities. Give us your requirements, and we will help you design the solution - sales@federalcontractscorp.com or 813-631-0000.

FORREST TOOL COMPANY 408

The Forrest Tool Company has 30 years' experience manufacturing compact, heavy-duty recovery tools for fire control, outdoor, and military vehicle applications. The MAX multi-purpose toolkit is the standard issue pioneer kit on the HMMWV and JLTV, providing an axe, shovel, sledge, rake, hoe, mattock and two (2) picks in a compact, easy-to-stow case. The Safety Impact Wrench is a mechanical impact wrench that makes loosening vehicle lug-nuts safer, faster and doubles as a vehicle recovery anchor.

DBA COLLINS MANUFACTURING CO.** 504

GTA CONTAINERS, INC 701

HUPP AEROSPACE DEFENSE 509

Since 1997, HUPP Aerospace / Defense has provided tailored Kitting solutions for some of the most difficult logistics challenges of government and industry. Our HUPP KIT designed products support maintenance, repair, overhaul, refurbishment and upgrades needs of Commercial Operators, MRO's, the United States Armed Forces, our allies, as well as USG prime and subcontractors. HUPP is also a prime supporter and manufacturer of Wire/Cable Harnesses for both commercial and defense related products.

HYDRASEARCH COMPANY LLC. 506

Founded in 1962, Hydrasearch is a US based manufacturer of specialized maritime/aerospace components, fluid transfer related systems and custom machined parts. We have extensive experience in defense and commercial applications. We support both the immediate needs of daily operational logistics and the long-term dependability required to satisfy OEM production.

IR TECHNOLOGIES 407

IR Technologies is a small business (VOSB, MBE) specializing in logistics information systems. We provide technical and business solutions to satisfy expeditionary logistics operations for the 21st century warfighter. We are at the cutting edge for integrating supply and maintenance functionality and streamlining logistics chain operations.

JAMAICA BEARINGS CO. INC. 317

For 97 years, Jamaica Bearings Co. Inc. has been a premier supplier of highly engineered, long lead time products to the Aerospace, Defense, Railroad and Medical industries. We specialize in multi-year contracts and tailored stocking programs. No contract or delivery is too small or too large for our rapid global response.

JETCO FEDERAL 705

JetCo Federal integrates resources to meet assembly, warehousing, logistics, and supply chain needs. We reliably distribute standard and customized packaging supplies nationwide; perform contract packaging services, with MIL-SPEC packaging expertise; and manage transportation and logistics, specializing in deliveries to highly secure facilities. An SBA- and WBENC-certified WOSB, JetCo Federal is an experienced DoD contractor with strong, positive CPARS.

MARVIN ENGINEERING 604

Marvin Engineering Co., Inc. is the flagship company of the Marvin Group. Other business units include; Marvin Land Systems (MLS) and Marvin Test Solutions (MTS). Marvin Engineering designs and manufactures Alternate Mission Equipment including missile launchers, ejector racks and aircraft pylons. MEC provides the total solution supporting spares for sustainment, depot facilities for the repair and upgrade of existing systems as well as, maintenance training for your AME requirements.

MEGGITT 418

Global engineering group specialising in extreme environment components and smart sub-systems for aerospace, defence and energy markets. Its defence markets cover all military aircraft types, land systems, naval platforms and aerial, land-based and marine threat simulation training and weapons systems development. The firearms element of this capability extends into law enforcement and security organisations.

MXD 416

MxD (Manufacturing x Digital) is where innovative manufacturers go to forge their futures. In partnership with the Department of Defense, MxD equips U.S. factories with the digital tools, cybersecurity, and workforce expertise needed to begin building every part better than the last. As a result, our partners increase their productivity, win more business, and strengthen U.S. manufacturing. MxD is also the National Center for Cybersecurity in Manufacturing as designated by DoD.

NATIONAL INDUSTRIES FOR THE BLIND 412

NSN-NOW 409

NSN-NOW was developed in 1999 with the concept of using email-notifications to alert companies of government solicitations. NSN-NOW's web based notification service has remained consistent with its vision. Our bottom line is that we will save you time and increase your sales! From matching daily government solicitations to your customized user profile to providing access to an ever growing inventory parts listing service and our batch export and analysis tools. NSN-NOW, Know. Now!

OPTIMA BATTERIES, INC. 708

Supplier of popular battery and power components to DLA since 2005. CAGE codes we represent are: 4M0Z6 - Military Battery Systems, Inc. 0UJ55 - Clarios LLC / Optima Batteries, Inc. 84375 - Teledyne Battery Systems FSC Codes: 6140 & 6130

PARASENSE, INC. 400

Parasense, an MSA Safety company, safeguard naval vessels, submarines, and other Military equipment by monitoring, detecting, and alerting low-level gas leaks before they become hazardous. Since 1995, Parasense equipment and technology have been trusted with more than 800 systems across 100+ vessels. It is our mission to safeguard people, places, and the planet.

PELICAN SALES, INC. 313

PENN POWER GROUP 503

PERIMETER GLOBAL LOGISTICS 715

Staffed around-the-clock, PGL has a dedicated team of experienced operators and customs specialists that is always ready to execute your urgent logistics needs across all industries. PGL specializes in end-to-end design, implementation and operational capabilities in freight forwarding, contract logistics, as well as transportation and distribution management. Our knowledge and experience allows us to offer our clients custom-tailored solutions to fit their specific needs.

PSP SEALS, LLC.	600	SBA & PTAC	517
------------------------	------------	-----------------------	------------

PSP Seals, LLC (ISO 9001:2015) is an engineering driven, stocking distributor that specializes in customized sealing solutions. Services include kitting, component sub-assembly and integration, custom materials management, experienced technical support team, engineering design, development and troubleshooting. PSP Seals is an authorized Parker® Seal, Freudenberg, Garlock & Hutchinson distributor.

QUICKLOADZ INTERMODAL ROBOTICS	602	SIGNAL POWER	303
---------------------------------------	------------	---------------------	------------

QuickLoadz builds computer controlled, Wi-Fi-enabled truck beds and trailers to allow a driver to move loaded sea shipping containers in three minutes without leaving their seat in the truck cab. 90% of the world's freight travels in sea shipping containers. This system is called intermodal freight and is the basis for world trade. QuickLoadz allows any container to be moved anywhere without need for additional infrastructure such as loading docks, warehouses and cranes.

RBC AEROSPACE	315	SOURCEAMERICA	401
----------------------	------------	----------------------	------------

S&K TECHNOLOGIES, INC.	703
-----------------------------------	------------

S&K Technologies, Inc (SKT). was formed in 1999 with a vision to become one of the preeminent professional services firms in the country and to provide opportunity and prosperity to the people of the Confederated Salish and Kootenai Tribes (CSKT). Since inception, the S&K Technologies, Inc. enterprise has grown into a family of ten subsidiary companies that support federal and commercial customers around the world. SKT is headquartered on the Flathead Reservation in St. Ignatius, Montana.

SAIC	601
-------------	------------

SAIC® is a premier Fortune 500® technology integrator driving our nation's technology transformation. Our secure high-end solutions across the defense, space, civilian, and intelligence markets include engineering, digital, artificial intelligence, and mission solutions. Headquartered in Reston, Virginia, SAIC has more than 26,500 employees and annual revenues of about \$7.1 billion.

SHORE SOLUTIONS, INC.	301
------------------------------	------------

Shore Solutions is an 8(a) Service-Disabled Veteran-Owned, HUBZone, Economically Disadvantaged Woman-Owned, Minority-Owned, Small Business Enterprise. We provide a wide assortment of quality products, first-class services, and competitive prices with a truly remarkable customer service experience.

SIGNAL POWER	303
---------------------	------------

The HYBRIDTOWER is more than a solar light tower or a diesel/JP-8 light tower, it is a patented fail-safe system that combines UN38.3 certified lithium batteries, solar, shore power, and a generator, to provide instant, superior LED lighting that can operate automatically for up to 500 hours on 22 gallons of JP-8 or diesel fuel. Lighting includes the patented anti-glare system, patented remote lighting, additional mast lights, and custom lights ranging from RAL systems to infrared systems.

SOURCEAMERICA	401
----------------------	------------

SourceAmerica is an AbilityOne® authorized enterprise with more than 45 years in the federal contracting space. We are a nimble and experienced contracting partner, and we build efficiencies throughout the procurement process to get federal contracts exactly right. Every contract requirement we meet matches the strictest product and service standards and creates jobs for a dedicated workforce of people with disabilities.

SRI INTERNATIONAL	505
--------------------------	------------

SRI International designs and manufactures form, fit, function replacements for obsolete microcircuits. Utilizing a Trusted Wafer Foundry, specialized design and test approaches, we provide QML certified (MIL-PRF-38535) units. Through the Generalized Emulation of Microcircuits (GEM) and the Advanced Microcircuit Emulation (AME) programs, sponsored by DLA, a permanent solution is provided.

STATZ CORPORATION	417
--------------------------	------------

STATZ Corporation is a Service Disabled Veteran Owned Small Business (SDVOSB), and is Verified by the VA-CVE. We are a dealer organization, serving as a prime contractor to the federal government. We team with various manufacturers and distributors, so we can provide an array of manufactured parts, components and assemblies, and finished products. Let us help you meet your SDVOSB procurement goals!

STEIN SEAL

414

Stein Seal is a leading supplier to the DLA of custom designed seals and precision components. Stein Seal's expertise lies in the design, testing, and manufacturing, of critical military applications in turbine engines, power generation equipment, pumps, compressors, and centrifuges. Stein Seal is located in Pennsylvania and manufactures in a purpose-built facility. With over 250 employees, the Stein Seal team stands ready to support our warfighters. Visit our website at www.steinseal.com.

SUPPLYCORE INC.

512

As a proven supply chain integrator with more than 30 years of experience managing complex contracts in support of the DoD, DLA, and the military services, SupplyCore has optimized our approach to establishing and managing fast, reliable, and cost-effective supply chains in order to provide key support to U.S. and foreign agencies domestically and abroad, including at-risk environments. Our major markets include Base Operations Supply, Weapon Systems Support, and Special Operational Equipment.

SYSTECON NORTH AMERICA

402

Systecon is the market leader in predictive analytics; optimizing some of the most complex Life Cycle Management (LCM) projects in over 20 countries worldwide. DoD has embraced our Opus Suite of tools to solve complex problems where others were unable, including the US Army, USMC, US Navy, and the F35 Joint Strike Fighter.

TRANSAERO INC.

713

For over 60 years Transaero Inc. has been recognized as a world class value-added stocking distribution company representing top manufacturers of engineered products and systems for the aviation community. Transaero is a leader in supplying components, safety and survival equipment to the military markets worldwide. Customers include the U.S. Government, military as well as government agencies around the globe.

Transaero is headquartered in Melville, New York USA.

UNIVERSAL PROCESSING COMPANY 507

Military Packaging & Processing Specialists since 1965

UPI MANUFACTURING

608

UPI Manufacturing is a privately owned company specializing in the production of parts, kits, and assemblies designed for US Military armor vehicles. UPI's world class production facility is purpose built to efficiently process most CNC machined parts and fabrications. Utilizing best-in-class manufacturing equipment and technology. Their highly trained and talented team work diligently to ensure that they live up to the motto "Deeds not words". UPI is a Native American Small Business.

WESTERN GLOBAL

516

Western Global provides a range of transportable fuel tanks for the military and DoD. Currently deployed in CONUS, EUCOM, CENTCOM, AFRICOM and INDO-PACOM our solutions are scalable and fully interoperable with existing systems. Our global hazardous material and transportation certifications negate the need for spill berms and enable multi-modal transportation – mitigating time, cost and risk.

WISCONSIN ORDNANCE WORKS, LTD. 413

Wisconsin Ordnance Works (WOW) is a veteran-owned small-business specializing in the precision manufacturing of military tracked and wheeled vehicle drive and suspension components: drive sprockets, hubs, sprocket carriers, idler wheels, gears, shafts, suspension arms and miscellaneous parts and sub-assemblies. The company services the US Government, Prime Contractors (OEM), Distributors, and Foreign Military Sales. In-house machining, blasting, heat-treating, and CARC painting.

XTREME SEMICONDUCTOR

719

XTREME Semiconductor is a "solutions" Company for obsolete microcircuits providing cost effect alternatives to redesign maintaining production readiness for legacy systems. XTREME provides: MIL-PRF-38535 QML Certified manufacture products; Chip Recovery product; Certified EOL Product, assurance that you receive only authentic OCM Material. Visit us at www.xtremesemi.com to learn more about our solutions for continued manufacturing support of obsolete and trailing edge technology products.
