## DATA ITEM DESCRIPTION

Title: PARTS, MATERIALS, AND PROCESSES (PM&P) MANAGEMENT PLAN

Number: DI-STDZ-81993 Approval Date: 20150825

AMSC Number: 9574 Limitation:

**DTIC Applicable:** No **GIDEP Applicable:** No

Preparing Activity: MI Project Number: STDZ-2015-008

**Applicable Forms:** N/A

**Use/relationship:** The Parts, Materials, and Processes (PM&P) Management Plan will be used to obtain essential information from contractors resulting from the work task described in the solicitation. The PM&P Plan will document the processes that the contractor will utilize to address the requirements of MIL-STD-11991.

## **Requirements:**

- 1. Reference documents. The applicable issue of the documents cited herein, including their approval dates, and dates of any applicable amendments, notices, and revisions shall be as specified in the contract.
- 2. Format. The PM&P Plan shall be submitted electronically in contractor format. In addition, the PM&P List shall be in a spreadsheet or database format that will enable the government to sort and analyze the content.
- 3. Content. The PM&P Plan shall include provisions for optimizing reliability and standardization through all phases of the system life cycle to the lowest indenture level. In addition, the plan shall address all requirements in Sections 4 and 5 of MIL-STD-11991, General Standard for Parts, Materials, and Processes. The plan shall contain a PM&P List containing the following information for each section below.
  - 3.1 Heading. The Heading Section shall include the following:
    - a. CAGE code of the contractor
    - b. PM&P List control number
    - c. PM&P List revision number
    - d. Contract number
  - 3.2 <u>Electronic Parts</u>. The Electronic Parts (as defined in Section 3 of MIL-STD-11991) Section shall include the following:
    - a. Manufacturer part number, with no wildcards
    - b. CAGE code of the manufacturer
    - c. Part description
    - d. Next higher assembly drawing number

## DI-STDZ-81993

- 3.3 <u>Mechanical Parts</u>. The Mechanical Parts (as defined in Section 3 of MIL-STD-11991) Section shall include the following:
