In an effort to preserve evidence, don't take a bath or brush your teeth or your hair, do not throw away any clothes worn at the time of the incident, do not use the restroom, do not put on make up, and do not clean or straighten up the area where the incident occurred.

**REMEMBER: A SEXUAL ASSAULT IS *NEVER* THE VICTIM'S FAULT.**

A DLA Sexual Assault Response Coordinator (SARC) will offer: the option of **Restricted Reporting** or **Unrestricted Reporting** for all Active Duty, Reservist, National Guard, dependents of Active Duty members 18 years of age and older, and DoD civilian employees assigned to DLA, and eligible DoD contractors supporting DLA OCONUS operations. Please note that services for Restricted Reporting for civilians may be limited by local and state jurisdictions.

## WHAT TYPE OF ASSISTANCE CAN A SEXUAL ASSAULT RESPONSE COORDINATOR (SARC) OR VICTIM ADVOCATE (VA) PROVIDE?

- Help determining if you need to seek medical care for a forensic exam. If you are bleeding, in pain, or notice other injuries, please seek immediate medical care
- Assistance navigating the military and civilian criminal justice system(s), if the victim desires law enforcement involvement
- Information and referral for other resources, both on and off base, including: medical, safe housing, counseling, support groups, spiritual support, and legal services by local and state jurisdictions

---

**It is important to remember—sometimes survivors do not immediately realize that they need help or seek help until days, months or years later. It is never too late to report an incident of sexual assault. Even if the incident happened years ago, the DLA SAPR program can still help.**
