FEDERAL SUPPLY CLASS (FSC) ASSIGNMENTS TO DLA/GSA FOR INTEGRATED MANAGEMENT

Each item in the Federal Supply System is managed by assignment to a specific Source of Supply (SOS). The DLA buys 5.9 million of these items for the Military Services through designated Contracting Offices. The following FSC Table indicates whether DLA or the General Services Administration (GSA) has been designated as the integrated materiel manager at the wholesale level for one or more consumable items of supply in the FSC. Items under a specific FSC may be managed by multiple Supply Chains; therefore, this is not intended as a definitive list of DLA-managed items.

Note: DLA customers (the Military Services, NASA, FEMA, etc.) are responsible for introducing new and improved items and research and development on new items.

If you are interested in selling to DLA, use this Table to determine if DLA buys your product.

This table is a list of FSC assignments to DLA/GSA sorted by FSC.

DLA AVIATION (AVTN)
DLA LAND and MARITIME (LAND and MRTM)
DLA TROOP SUPPORT (C&E, MED and IH)
DLA ENERGY (ENERGY)
BUSINESS SYSTEMS MODERNIZATION (BSM)
GENERAL SERVICES ADMINISTRATION (GSA)

For further information, go to the General Services Administration (GSA) web site at <http://www.gsa.gov> or the individual Military Service's web site.
