

# DEFENSE LOGISTICS AGENCY ENERGY SMALL BUSINESS

[DLA Energy](#) is responsible for providing the Department of Defense and other government agencies with comprehensive energy solutions in the most effective and efficient manner possible.

DLA Energy is organized to work with customers and suppliers to accomplish all areas of its mission. [Bulk Petroleum Products](#) and [Bulk Petroleum Supply Chain Services](#) provide procurement and distribution of military specification petroleum products, the majority of DLA Energy's business. [Direct Delivery Fuels](#) manages commercial fuels that are delivered directly from the contractor to the customer. Supply Chain Management manages fuel terminal and storage operations, including government-owned, contractor-operated and contractor-owned, contractor-operated facilities.

Outside of petroleum, [Installation Energy](#) provides support for natural gas, coal, renewable energy, electricity and energy savings performance contracts. [Utility Services](#) manages the utility services contracting mission supporting the utilities privatization programs of service partners. The [Aerospace Energy](#) business unit provides propellants, cryogenics and gases in support of weapon systems and space programs.

## WHAT COMMODITIES DOES DLA ENERGY PROCURE?

| COMMODITY   | FEDERAL SUPPLY CLASSIFICATION (FSC) CODE |
|---|--|
| Gases, Compressed and Liquefied                       | 6830                                     |
| Miscellaneous Chemical Specialties                    | 6850                                     |
| Fuels, Solid  | 9110                                     |
| Liquid Propellants and Fuels, Petroleum               | 9130                                     |
| Liquid Propellant Fuels and Oxidizers, Chemical Base  | 9135                                     |
| Fuel Oils   | 9140                                     |
| Oils and Greases, Cutting, Lubricating, and Hydraulic | 9150                                     |

DLA Energy buys energy related commodities. The Federal Supply Classes (FSC) used by DLA Energy are listed in the above chart. Most of these commodities are in Federal Supply Group (FSG) 91GP, Fuels, Lubricants, Oils, and Waxes. Some are also in FSG 68GP, Chemicals and Chemical Products. Most items in these two FSGs that are not purchased by DLA Energy are purchased by the [Defense Logistics Agency Aviation](#) in Richmond, Virginia.

## WHAT SERVICES DOES DLA ENERGY PROCURE?

|  |                               |  |   |
|--|-------------------------------|--|---|
|  | Other Warehousing and Storage |  | Local and Long Distance Freight Trucking, and Alongside Aircraft Fuel Delivery    |
|  | Remediation Services          |  | Engineering Services  |
|  | Testing Laboratories          |  | Utility Services  |
|  | Environmental Consulting      |  | Administrative Management, General Management Consulting, and Accounting Services |
