2. The link for the online sales site used throughout the Negotiated Solicitation is updated to read:
<https://businessportal.dla.mil/irj/portal>

Formula price items and contracts must be removed in accordance with Section **E.** All offers will be evaluated as specified in Section **C.8.** to the Negotiated Solicitation, as revised by this Amendment No. 001 (FY 2022 Zinc).

5. Section **A.3., Material Description (SEP 17)**, paragraph **b.**, is deleted for zinc and replaced with the following:

All items were sampled and analyzed by Andrew S. McCreath and Son, Inc., between December 2003 and September 2004. Analysis results for the material will be posted on the DLA Strategic Materials website at:

<https://www.dla.mil/Strategic-Materials/Sales/Zinc1/>

NOTE: Specific certificates of analyses do not correspond with the current storage location and/or item numbers, because the material has been relocated, and inventory data have been migrated to a new database, both of which occurred since sampling and analysis were performed.

Information on the storage location is available at:

<https://www.dla.mil/Strategic-Materials/Resource/DepotInformation.aspx>.

6. Section **A.5., Inspection (SEP 17)** is amended to add the following for zinc:

Offers shall be expressed as a percentage of the reference price, with a premium expressed as >100% and a discount expressed as <100% of the reference price. **Any Offeror that submits an offer for less than 100 percent of the reference price must justify the price by submission of supporting documentation.**

- b.** The actual contract price for zinc will be determined on the date the Customer's monthly declaration for a specific quantity of zinc is received by the Government, as follows: the unit price (U.S. dollars and cents per pound) shall be calculated by multiplying the contract percentage, by the prior month's LME reference price, as defined in paragraph **a.**, above, and dividing the resulting amount by 2,204.6. The computed dollar amount per pound shall be expressed in U.S. dollars and cents.

In the event DLA Strategic Materials is closed that day, the Declaration(s) shall be due the next business day. The quantity declared shall be for at least a minimum of one-third and a maximum of the total quantity awarded under the contract. The Customer shall have thirty (30) calendar days from the date the declaration(s) is received by the Government to remove the declared quantity of material, except that all material under the contract must be removed within the ninety (90) calendar day contract period. The schedule of these minimum and maximum monthly quantities shall be contained in the completed **Section I.10 Proposed Removal Schedule (SEP 17)**.

E.2. Removal of Material (SEP 17)

- a. For fixed price contracts, the Customer must remove all material within 30 calendar days from the date of contract award. If the Customer fails to pay for and remove the material on or before the last day of the contract period, the Customer will be considered delinquent, and no material will be shipped until payment for all remaining material has been received.
- b. For formula price contracts, the schedule of minimum and maximum monthly removal quantities shall be contained in the completed **Section I.10 Proposed Removal Schedule (SEP 17)**, which shall be made a part of this contract as the contract removal schedule. The Customer must remove all material designated in a **Pricing Declaration Worksheet (AUG 14)** as specified in **Section E.1.**, paragraphs **c.** and **d.**, above.
- c. For formula price contracts, if the Customer fails to: (1) submit a **Pricing Declaration Worksheet (AUG 14)** as specified in **Section E.1.** and make payment in accordance with **Section D.**; or (2) pay for and remove the minimum quantity in accordance with **Section I.10.**, the Customer will be considered delinquent, and no material will be shipped until payment has been received for the minimum monthly removal quantity in **Section I.10.** or the declared quantity, as appropriate, whichever is greater. If the Customer has failed to complete removal of all of the material on or before the last day of the removal period (the 30-calendar day period following confirmation by DLA Strategic Materials of pricing for a **Pricing Declaration Worksheet (AUG 14)**), the Customer will be considered delinquent, and no material will be shipped until payment for all remaining material has been received for that removal period. If the Customer has failed to complete removal of all of the material on or before the last day of the contract period, the Customer will be considered delinquent, and no material will be shipped until payment for all material remaining under the contract has been received.
- d. The monthly removal period, the contract period, and the 30-calendar day period following the confirmation of pricing for a **Pricing Declaration Worksheet (AUG 14)** include all calendar days. If the last day of any period is a Saturday, Sunday, or Federal holiday, or the storage location is otherwise closed on those days, the removal period, the period of contract performance or the 30-calendar day period will be extended to the next DLA Strategic Materials business day.
- e. For formula price contracts, the submission of the **Pricing Declaration Worksheet (AUG 14)**, shipping request, and payment covering the final shipment under the contract must be received and approved by DLA Strategic Materials by a date that results in notification no less than **ten (10) DLA Strategic Materials business days** from the expiration of the contract to complete removal of all remaining material. Final documentation and payment

which fail to provide for a minimum of ten (10) DLA Strategic Materials business days for DLA Strategic Materials to prepare for and schedule removal, may result in an assessment of charges in accordance with Section **E.3 Storage Charges (AUG 14)**.

E.3. Storage Charges (AUG 14)

- a. Storage charges shall be assessed on (1) all material remaining unshipped from a **Pricing Declaration Worksheet (AUG 14)** after the 30-calendar day period following the receipt of the **Pricing Declaration Worksheet (AUG 14)** by, and the confirmation of price by DLA Strategic Materials, as applicable; and/or (2) any and all material remaining unshipped after the last day of the contract period, as applicable. The Government reserves the right to remove any remaining material to another Government storage facility or to a commercial storage facility and be reimbursed by the Customer for any expenses incurred. The determination of whether to move the material to a Government or commercial facility rests solely with the Government. Storage charges continue to accrue until all the material has been removed in accordance with the Declaration or the end of the contract period, as applicable, or the contract is terminated for default, in which case the Customer will be liable for damages, as set forth in Section **G.7. Default** of the Solicitation.
- b. The storage charge is the greater of the following: (1) **\$0.005 per pound bulk weight** (if a fraction of a short ton remains, the charge will be for a full short ton) per 30 day period regardless of whether the material remains in storage a period of 30 days or less than 30 days; or (2) commercial storage charges, if applicable.
- c. Storage charges will be invoiced upon shipment. Payment shall be due immediately.
- d. Payment of storage charges shall not relieve the Customer of its obligation to remove the material in a timely manner. Acceptance of storage payments by the Government is not a waiver of the Government's right to find the Customer to be in default for failure to remove the material (See Section **G.7. Default**).

14. Section F.1. Request for Shipment (SEP 17), paragraph **a.**, is deleted and following substituted specifically for zinc:
