Past Performance Information Retrieval System – Statistical Reporting Next Generation PPIRS-SR NG

Tim Atwell, DLA Troop Support Procurement Process Support

November 2017

Best Value Awards

"Best value buying procedures" encourage award decisions on the basis of a business judgment and recognize that an award to other than the low offeror may represent overall best value to the Government

What is PPIRS?

- PPIRS is the sole Federal repository for contractor past performance information
- System is owned & maintained by the Navy (Naval Sea Logistics Center Portsmouth)
- PPIRS has two parts:
 - *Report Cards (RC)* Above established threshold of \$5 million for DLA
 - *Statistical Reporting Next Generation (SR-NG)* below established threshold of \$5 million for DLA
- Today's focus will be on PPIRS-SR NG

PPIRS-SR (NG) Business Rules

- Uses 3 years of past performance/historical data
- Scores/Classifications are updated each day
- Performance data is classified by CAGE/commodity
 - Federal Supply Classification FSC (DoD uses)
 - NAICS North American Industry Classification System
- PPIRS is used by all of the (DoD) Department of Defense

Delivery Performance

- Scores/Classifications are based on the total number of Contract Line Items (CLIN's)
- Weighted delivery scores are presented as a numeric value (Range: 0 100)
- An unscored offeror, or one that has no past performance history for the particular FSC, is considered to be neutral (i.e., not negative or positive)

Delinquency Factors

- Delinquent lines include
 - Lines not shipped by the contract delivery date (CDD)
 - Lines partially shipped by the (CDD)
- Contractor-caused cancellations and terminations are coded Termination Indicator Code (TIC) K
- Terminations for Default (TIC) D
- Government-caused cancellations/terminations will not impact the delivery score (TIC) G
- No grace period

PPIRS-SR (NG) Delivery Evaluation Criteria

• **DELIVERY PERFORMANCE**:

A contractor's delivery performance will be based on a weighted combination of the percentage of contract line items with on-time deliveries and the average days late for all deliveries. The formula and weights for delivery performance are:

Delivery Score = (On-time Weight X On-time Score) + (Average Days Late Weight X Average Days Late Score)

- On-time Weight = .6
- On-time Score = 100 X (number of lines shipped on-time during rating period/number of lines shipped during rating period
- Average Days Late Weight = .4
- Average Days Late Score = maximum of ((100-(total days late during rating period/number of lines shipped during rating period)) or 0, whichever is higher)

New feature added to Delivery Score calculation

Age Weighting: Delivery and quality records are weighted based on the number of calendar days since the appropriate date for the record type. Age weighting is applied to the data being scored (numerator) and the total lines shipped (denominator) during calculation.

• Age-Weight Multiplier = (1095 – age of record in days) / 1095

As a record gets older, its contribution to the delivery score or quality classification diminishes, vanishing at three years (1,095 days, if there is no intervening leap year)

Registration in PPIRS-SR (NG)

- Your name should appear in the System for Award Management (SAM), previously known as the Central Contractor Registration (CCR), as a Past Performance POC for your company in order to have PPIRS recognize your email address automatically when processing a challenge request.
- You can access SAM at <u>www.sam.gov</u>

Logging in with a PKI Certificate

PPIRS-SR NG Users:

- Public Key Infrastructure (PKI) Certificate now required
 - Purchase from External Certificate Authority (ECA)
 - Mandatory as of 15 Aug. 2015 for all users
 - DLA is not involved in the approval of vendor account registration or PKI certifications.
 - Contact PPIRS Helpdesk for registration or PKI certification related inquiries
 - Webmaster: <u>webptsmh@navy.mil</u>
 - Phone: (207) 438-1690
- More information available at: <u>https://www.ppirssrng.csd.disa.mil/split.htm</u> <u>https://www.ppirssrng.csd.disa.mil/pki_info.htm</u>

PPIRS-SR Select Logon

Select Appropriate Logon

WELCOME

Welcome to the Past Performance Information Retrieval System (PPIRS). Access to this system is restricted to authorized users and will require the user to read and agree to the DoD warning and consent prior to accessing the system.

All DoD employees must have a DoD PKI certificate to access the PPIRS web site.

Click here to determine if you have a valid DoD PKI Certificate

PKI Information:

All DoD employees (military and civilian), including DoD contractors that are working on site (military/government facilities) or contractors working offsite using Government Furnished Equipment (GFE) are eligible to obtain certificates from DoD PKI. If the contractor doesn't work onsite or with GFE they are encouraged to obtain and use a certificate from an External Certificate Authority (ECA).

External Certificate Authority:

External Certificate Authorities (ECAs) provide digital certificates to the DoD's private industry partners, contractors using their own equipment or working in non-government facilities, allied partners, and other agencies.

Approved ECA Vendors:

Operational Research Consultants, Inc. (ORC) <u>http://www.eca.orc.com</u> Verisign, Inc. <u>http://www.verisign.com/verisign-business-solutions/public-sector-solutions/ieca-eca-certificates/index.html</u> IdenTrust <u>http://www.identrust.com/certificates/eca/index.html</u>

DO NOT ENTER CLASSIFIED DATA INTO PPIRS

For Official Use Only - to be used for deliberative source selection purposes within the Executive Branch and for source selection and other deliberative purposes within DoD.

Select one of the following links to proceed to the PPIRS Application.

Creating PPIRS Account

- Enter all Mandatory fields indicated by an asterisk (*)
 - Enter DUNS and the matching Marketing Partner Identification Number (MPIN)
 - After entering a valid DUNS, click on Add DUNS button
 - The DUNS number will be validated against the database, if valid it will add to a list where you then enter a valid MPIN
 - Click the Save DUNS button to add the DUNS to you account profile

PPIRS ACCESS

- Contractor
 - Identify a Marketing Partner Identification Number (MPIN)
 - Visit <u>http://www.sam.gov</u> for more information
 - After account is created, you will be directed to the Contractor main page

PPIRS assists Federal acquisition officials making source selections by serving as the single source for contractor past performance data. Confidence in a prospective contractor's ability to satisfactorily perform contract requirements is an important factor in making best value decisions in the acquisition of goods and services. For Official Use Only - to be used for deliberative source selection purposes only. | | | | |
