Vector Control

Where We Are:

- Vector control on combat uniforms
 - Requirements generated in 2010
 - Permethrin was only approved chemistry
 - Some garments could not be treated due to fabrics
- Armed Forces Pest Management Board (AFPMB) staffed endorsement letter for Assistant Secretary of Defense for Health Affairs and Secretary of the Army signature
 - Endorses EPA approved chemistries for vector control
 - Must also meet Services requirements
 - Endorsement Letter signed – July 2019

Where We Are Going:

- Army testing Permethrin vs Etofenprox on uniforms
- Army initiating performance based vector control Purchase Description (PD)
- AFPMB/Services/Medical community to contribute
