Improved Combat Vehicle Crewman (iCVC) Uniform

- **Where we are:**

- iCVC is not well received by the armor community (hot, heavy, poor fit)
- Some Soldiers are authorized by command to wear Advanced Aircrew Combat Uniform (A2CU) or Flame Resistant Advanced Combat Uniform (FR ACU) instead of iCVC

- **Where we are going:**

- Request for Information (RFI) for novel, new Flame Resistant materials that are significantly lower in cost in 2QFY22
- Looking at alternative uniforms for potential common solution with other services
- Conduct a small user evaluation in 3/4QFY22

Lightweight Performance Hood (LPH)

- **Where we are:**

- Published an RFI in 3QFY20
 - Received a number of responses
 - Down selected to five LPH designs

- **Where we are going:**

- User evaluation planned for FY21 moved to 3/4QFY22
 - Identify the best LPH option(s) from user evaluation
 - Create a commercial item description
 - Transition to sustainment
