Monique Hankins, Branch Chief  
Bill Sismour, Industrial Specialist  
Clothing & Textiles  
November 18, 2021

**WARFIGHTER ALWAYS**

# Strategic Sourcing Branch

**Monique Hankins**  
Strategic Sourcing  
Branch Chief

**Industrial Base  
Planning (IBP)**

**Industrial Specialists**  
**Bill Sismour- Team Lead**  
**John Spildener**  
**Kelly Floyd**  
**John Patti**

**Acquisition Support**

**Kimberly Brown- Buyer/KO**  
**Tynise Cain- Buyer/KO**  
**Stephanie Young- Buyer/ KO**  
**Betsy Sanders- Purchasing  
Agent**

# IBP Team Assignments

## Industrial Specialist Assignments

### Bill Sismour

Industrial Specialist  
(Team Lead)

#### Dress Clothing Division

- Dress Uniforms Team
- Outerwear/Shirts/Head-wear Team
- Heraldics

### John Spidener

Industrial Specialist

#### Field Clothing Division

- Utility Clothing Team
- Accessories Team
- Extreme Cold Weather Clothing Systems Team

### Kelly Floyd

Industrial Specialist

#### Individual Equipment Division

- Safety Team
- Tentage & Shelters Team
- Individual Equipment Team

### John Patti

Industrial Specialist

#### Org. Clothing Division

- Gloves/Wet Weather Team
- Chemical/Coveralls Team
- Footwear Team

# MISSION

**EXECUTION**

**SERVICE  
REQUIREMENTS**

**INDUSTRY  
CAPABILITY**

**INDUSTRIAL BASE PLANNING**

# OUR CUSTOMERS

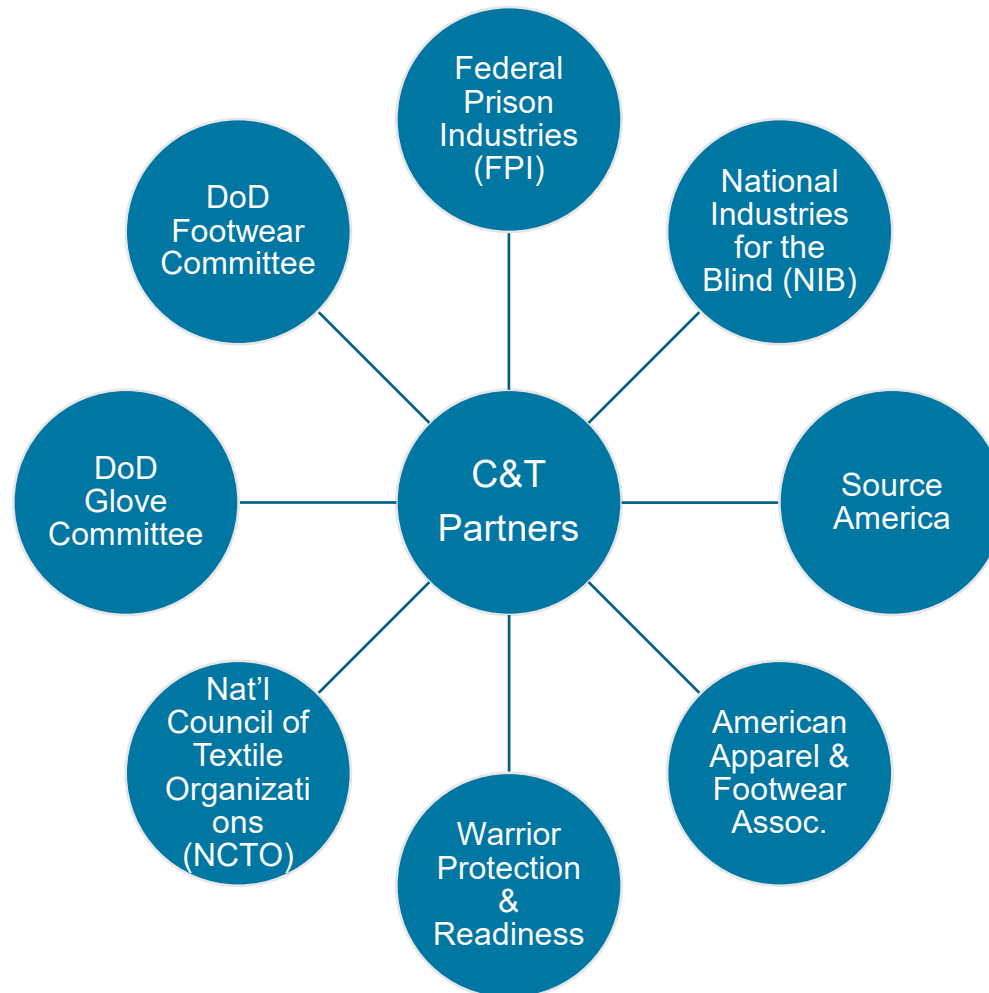

# Industrial Base Planning Team

- **Studies and Assessments**
    - Industrial Base Capability Studies
    - Pre-award and post-award assessments
  
  - **Industry Engagements**
    - Market Research
    - Time Studies
    - Lean Six Sigma
    - **Requests for Information\* (RFI)**
- \*RFIs can be found at [beta.SAM.gov](https://beta.SAM.gov)**

# Other Industry Engagements

# Exceptions to the Berry Amendment

## Domestic Non-Available Determination (DNAD) Exceptions to the Berry Amendment

Cloth, Fusible	Front fusible material used in dress uniform coats
High-tenacity polyester fiber 1300d+	Material used in various items including parachute suspension lines, aircraft seats, and shelters;
Latex Polyester Fabric and Resin Polyester Fabric	Material used in Webbing Straps to secure loads for transport and storage
Fire Hose (garden hose)	One specific NSN (National Stock Number)
Fire Hoses	Four specific NSNs
Impermeable Aprons	Supporting Ebola response
Padding and Haircloth Chest Piece	Used on Army Men's and Women's Dress Coats
Nitrile Rubber Gloves	Protective gloves used by Navy to protect against certain fuels
Snap Fastener	Used on Marine Corps Men's Dress Coats
Acrylic Staple Fiber	Used in Acrylic Fiber Sandbags
Medical Surgical Prime Vendor items	Class DNAD covering FSCs 6510, 6515, 6520, 6530, 6532, 6540, 6545, 6640, 7210, 8335 (Bandages, gauze, sponges, cotton pellets, medical clothing, surgical instruments, etc.)
Rayon Yarn	Used in dress clothing, individual equipment, insignia, flags, streamers, guidons
Fire-resistant material	Used in items requiring flash protection, tents, pilot clothing

## Difficult to Source Materials

Simplex Cotton	Used in Dress Gloves
Polyester/Wool fabric	Used in Dress Clothing
Otto Fuel Protective Fabric	For apparel to protect personnel working around torpedo and rocket fuel

## Notable IBP Achievements

- Molded Alternative Lightweight Overboot (MALO)
- Air Force and Navy flyer's Anti-exposure Coveralls waterproof zipper
- OTTO Fuel Protective Overgarments material
- High Tenacity Polyester fiber domestic capability

# Warstopper Program

Benefit To The Industry

*GOVERNMENT INVESTMENT -  
needed when readiness demand is higher  
than the commercial industry is willing to  
invest.*

# Warstopper Program

- **How The Program Works With Industry  
(Government Investment):**

- Provide incentives to gain ACCESS to commercial inventory
- Stage VENDOR MANAGED raw material or long lead time components
- Provide lean six-sigma analysis to MAXIMIZE vendor CAPACITY
- Furnish industrial equipment
- Award minimum sustaining rate contracts or industrial base maintenance contracts to maintain vital domestic industrial capability

# Warstopper Program

- **Mission Essential or Critical\***
- **Low peacetime demand but high wartime demand\***
- **Limited shelf life\***
- **Long production lead time\***
- **Cost effective alternative to War Reserve Inventory\*\***

\* Congressional guidance HR 102-311

\*\* DoDD 5000.60 Industrial Capability Assessments

# Warstopper Program

## Past Investment Items:

**Medical  
Readiness**

**Class II  
Nomex Fiber**

**Class IV  
Bastions**

**Operational Rations**

**Class IX - Batteries**

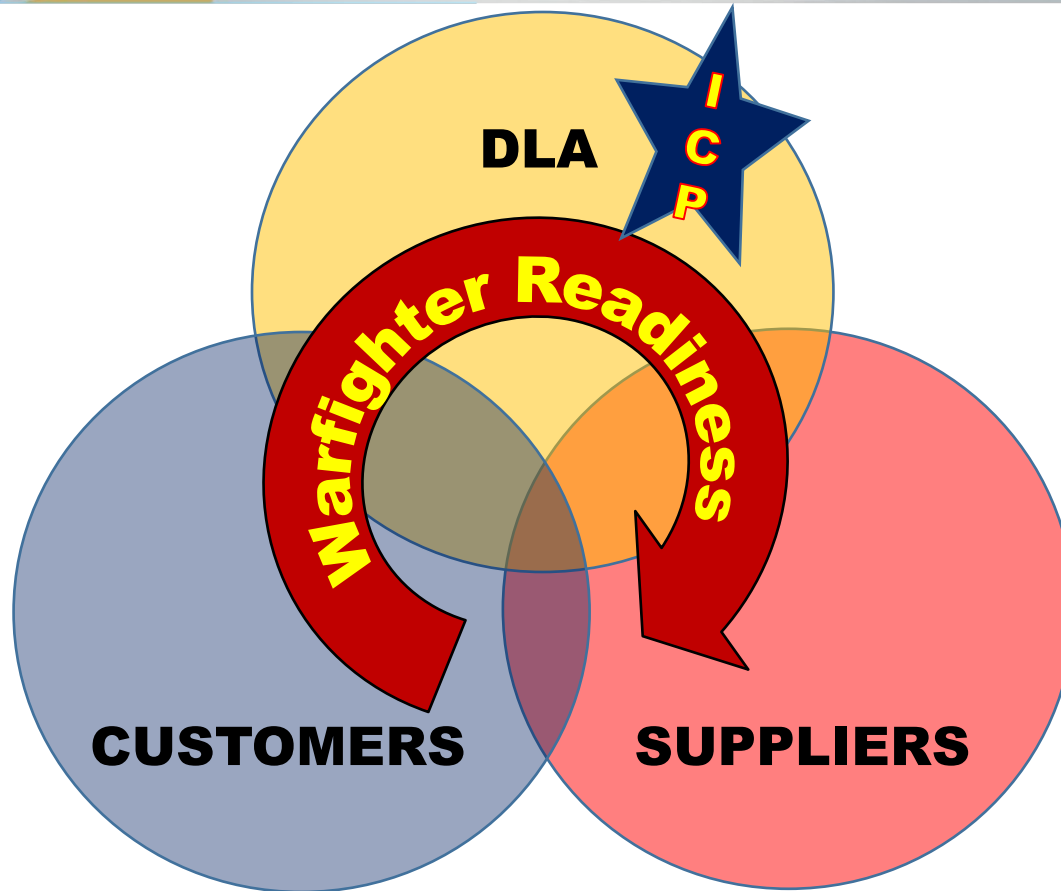

**Class IX: Specialty Steel**

**Nerve Agent  
Antidote  
Auto Injector**

# Continuous Vigilance

*Around the Clock, Around the World.....*
