e. CAUTION - CONTRACTOR CODE OF BUSINESS ETHICS (OCT 2015)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act.
