## Tailored Logistics Support

- ✓ Maintenance, Repair and Operations (MRO)
- ✓ Special Operational Equipment (SOE)
- ✓ Fire & Emergency Services (FES)
- ✓ Metals Prime Vendor (MPV)
- ✓ Ability One Base Supply Center (ABOBSC)

## Long Term Contracts

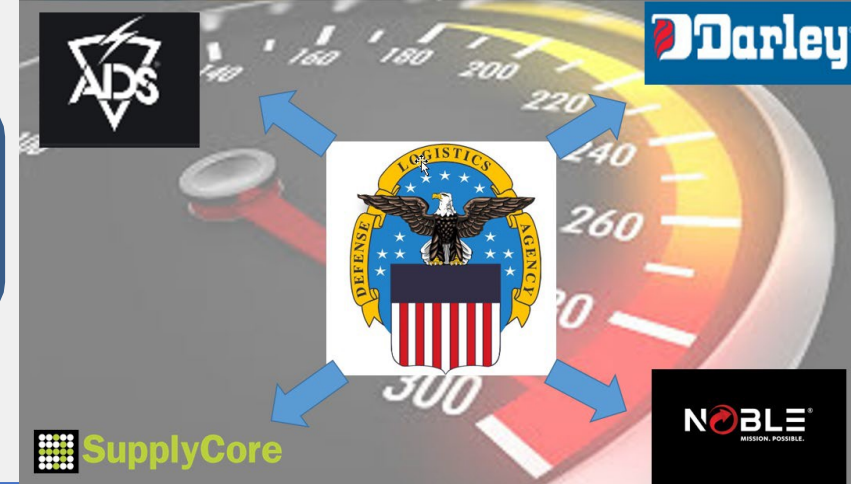

- ✓ Heavy Equipment Procurement Program (HEPP)
  - ✓ Generator Leasing Program
  - ✓ Containers
- ## Traditional
- ✓ Barriers & Stabilization Material

# DLA Troop Support's Special Operational Equipment Program (SOE):

DLA's SOE Prime Vendors have been awarded IDIQ contracts to provide special operational equipment solutions to our customers. The easy-to-use TLS ordering process is designed for rapid/efficient ordering. Urgent RFQs can be turned in 72 hours and emergency orders can be turned in 24 hours. Shortly after, pricing and lead times are provided to you for approval. Once funded, the Prime Vendor is asked to begin performance immediately. The SOE program gives DLA the means to respond efficiently to complex and unique mission support requirements.

For Assistance/Questions – [SOEOrders@dla.mil](mailto:SOEOrders@dla.mil)

**FESE Orders** - Submitted utilizing Order Request spreadsheet. Identify by Manufacturer Name and Part Number, along with intended use.

**FESE Registration & Orders** should be sent to [FESOrders@dla.mil](mailto:FESOrders@dla.mil) for processing.

# The Maintenance Repair & Operations Program (MRO)

DLA's MRO Program is **designed** to allow customers to order supplies and equipment to support their facility maintenance, repair and operations and construction material requirements

DLA Troop Support manages this robust & responsive contract with Multiple **Prime Vendors (PVs)** who provide end users with high quality commercial materials delivered to any location a customer designates within the CENTCOM region

**Easy to use.** Inter-Government transaction. DLA issues and administers the contracts – lessens the administration burden on the customer. Customer submits a BOM and provides MIPR/MILSTRIP funding

**Competitive pricing.** DLA makes all awards on a competitive basis and ensures price fair and reasonableness – at line-item level

**Compliant.** All items comply with the Berry Amendment (as applicable), Trade Agreement Act (across the board)

**Visibility** of open order status throughout the supply chain cycle **Mitigates Risk.** High quality materials delivered directly to the location acustomer designates

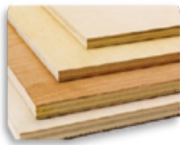

**Surge capability.** materials can be expedited and delivered to critical locations

## What's in scope of MRO?

Including but not limited to:

- Heating, ventilation, and air- condition systems
- Electrical, distribution panels, cable, light fixtures etc.
- Various tools
