

Hall of Fame Inductees

JOHN J. ROBERTS

Is being inducted into the Defense Supply Center Philadelphia Hall of Fame this twenty-third day of October 2001 for his continuous outstanding mission support from 1972 through 1999. Mr. Roberts distinguished himself through his exceptional dedication and the professional manner in which he performed throughout his career at DSCP. His hard work, visionary leadership and unyielding determination improved the medical supply chain. The processes he developed significantly contributed to the health and welfare of military service members, their families, and the millions of other beneficiaries who rely on the Department of Defense Healthcare network. He personally led the electronic processing revolution, which has become the hallmark of Medical Directorate operations, and the model for the entire Department of Defense. Mr. Roberts influenced every facet of the Medical Directorate's electronic and business process transformation.
