

The logo consists of a dark blue rectangular box with a thin black border. Inside the box, the words "Hall of Fame Inductees" are written in a white, sans-serif font, centered horizontally and vertically.

## **MATHER HYATT**

**Is inducted into the Defense Supply Center Philadelphia Hall of Fame this second day of June 1998 for his extraordinary leadership and support as the Subsistence Support Officer of DSCP's European Region and for his continuous outstanding mission support throughout his tenure at DSCP from 1979 to 1993.**

**Mr. Hyatt was a pioneer of the European subsistence support system. His vast knowledge during Operations Desert Shield and Desert Storm proved invaluable, and his efforts served as a prototype for developing the current support program for Operations Joint Endeavor and Joint Guard. He also developed a program where manufacturers' representatives of perishable merchandise provided guaranteed buybacks for chilled items that had expired. This program alone saved more than \$1 million a year.**
