

Hall of Fame Inductees

NANCY POPSON

Is inducted into the Defense Industrial Supply Center Hall of Fame this twentieth day of January 1999 for her extraordinary leadership and support as a Supervisory Equipment Manager (General) in our Technical Operations Directorate and for her continuous outstanding mission support throughout her tenure at DISC from 1979 to 1994. Ms. Popson was known for her self motivation and determination, and had the ability to highly motivate others. She was the pioneer in an uncharted career series for women. Due to her superb leadership, she was tasked with a three-year project of restructuring the Technical Data Management Division. She played a very major role in developing and installing the automated systems we now have.
