

Hall of Fame Inductees

VINCENT STAMPONE

Is inducted into the Defense Industrial Supply Center Hall of Fame this twelfth day of December 1997 for his extraordinary leadership and support as Deputy Commander and for his continuous outstanding mission support throughout his tenure at DISC from 1961 to 1993. Mr. Stampone, DISC's first civilian Deputy Commander, facilitated a major reorganization, provided expert guidance, and served as mentor to the newly appointed Commodity Business Unit Chiefs. He ensured that problems associated with the reorganization were resolved expeditiously and would not impact customers. He recognized the impact that advancing technology would have on lower graded clerical and support personnel, and develop a multi-skilled clerical/support position which enabled these personnel to gain knowledge of all aspects of DISC's logistics processes.
