The awardee will be required to have a computer system capable of accepting delivery orders and processing Electronic Data Interchange (EDI) transactions. This contract will require the contractor to have electronic commerce/electronic data interchange EC/EDI capabilities.

CONTRACTOR CODE OF BUSINESS ETHICS (OCT 2015)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733).

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

DEFENSE BIOMETRIC IDENTIFICATION SYSTEM (DBIDS) REQUIREMENT and/or OTHER SECURITY PROGRAMS

Many bases may require enrollment in a particular system for base security such as the Defense Biometric Identification System (DBIDS), or other similar system(s). Such systems manage access to Department of Defense (DoD) installations, and will not allow entry without clearance. During the contract start-up/ implementation period, the Contractor must contact all customer locations to determine whether enrollment in DBIDS, or another security program is required for access to each location. If DBIDS, or other security enrollment is required, the Contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have clearance may result in a vendor being turned away from the base and being unable to complete delivery. The Contractor is responsible for any costs associated with DBIDS, and/or other security program enrollment and must ensure that a properly enrolled driver is available for all deliveries. We currently estimate that DDBIDS enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of DBIDS or other security enrollment may vary, so the Contractor should contact the specific security system contractor to determine its own costs. If more than one driver is required, enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment is encountered during the start-up/implementation period, the Contractor MUST contact the specific security system contractor and/or the Security Officer at the applicable customer locations to resolve any issues with processing enrollment so that the Contractor will be able to deliver as required.

For additional information on current base security systems including DBIDS, including enrollment instructions, please visit their website at <http://dbids.dmdc.mil>.

Provisions and Clauses

52.212-1 Instructions to Offerors-Commercial Items.

Instructions to Offerors-Commercial Items (Sep 2023)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition—

(1) Is set aside for small business and has a value above the simplified acquisition threshold;

(2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(3) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the [SF 1449](#), letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) [52.212-3](#) (see FAR [52.212-3\(b\)](#) for those representations and certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the [SF 1449](#), include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR [subpart 4.10](#)), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1) (i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of Federal specifications, standards, and product descriptions can be downloaded from the ASSIST website at <https://assist.dla.mil>.

(ii) If the General Services Administration, Department of Agriculture, or Department of Veterans Affairs issued this solicitation, a copy of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained from the address in paragraph (i)(1)(i) of this provision.

(2) Most unclassified Defense specifications and standards may be downloaded from the ASSIST website at <https://assist.dla.mil>.

(3) Defense documents not available from the ASSIST website may be requested from the Defense Standardization Program Office by—

(i) Using the ASSIST feedback module (<https://assist.dla.mil/feedback>); or

(ii) Contacting the Defense Standardization Program Office by telephone at 571–767–6688 or email at assisthelp@dlamail.

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) *Unique entity identifier.* (Applies to all offers that exceed the micro-purchase threshold, and offers at or below the micro-purchase threshold if the solicitation requires the Contractor to be registered in the System for Award Management (SAM).) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR [subpart 32.11](#)) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an offeror for a Government contract when contacting the entity designated at www.sam.gov for establishing the unique entity identifier.

(k) [Reserved]

(l) *Debriefing.* If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award;

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror.

(6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

Addendum to FAR 52.212-1

1. Paragraph (b). Submission of offers.

See Standard Form 1449 (Continuation Sheet, for any specific instructions on how to submit your offer if mailed, hand carried or faxed (when authorized)).

E-mailed offers are authorized for this solicitation. E-mailed offers that fail to furnish required representations, or information, or that reject any of the terms, conditions and provisions of the solicitations, may be excluded from consideration. E-mailed offers must

contain the required signatures. The Government reserves the right to make award solely on the e-mailed offer. However, if requested to do so by the Contracting Officer, the apparently successful offeror agrees to promptly submit the complete original signed proposal. The Government will not be responsible for any failure attributable to the transmission or receipt of the e-mailed offer.

2. Paragraph (c) Period for acceptance of offers.

Period of acceptance is 60 days.

3. Paragraph (e) Multiple offers.

Alternative commercial items may not be considered for award on this instant acquisition, however, may be utilized for market research on future requirements.

4. Paragraph (h) Multiple awards.

The Government intends to make one award.

FAR 52.212-2 -- Evaluation -- Commercial Items. Evaluation -- Commercial Items (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

SEE ADDENDUM

[Contracting Officer shall insert the significant evaluation factors, such as (i) technical capability of the item offered to meet the Government requirement; (ii) price; (iii) past performance (see FAR [15.304](#)); and include them in the relative order of importance of the evaluation factors, such as in descending order of importance.]

Technical and past performance, when combined, are **SEE ADDENDUM** *[Contracting Officer state, in accordance with FAR [15.304](#), the relative importance of all other evaluation factors, when combined, when compared to price.]*

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

ADDENDUM to FAR 52.212-2, Evaluation of Commercial Items

(a) The Government will award contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. **Technical Acceptability** - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the award. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation.

2. **Pricing** - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and for all tiers may result in a proposal being removed from consideration for award as technically unacceptable. The Government will perform an aggregate price analysis for all items found in the Schedule of Items (for each Group,

if applicable). To determine an offeror's evaluated aggregate price, the estimated quantities in the Schedule of Items will be multiplied by the unit prices to determine the lowest aggregate price, (for each Group, if applicable) to the Government. Offered prices, on an individual line-item basis, will be evaluated to determine fair and reasonableness.

The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.

(b) Options are not included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

52.212-3 Offeror Representations and Certifications—Commercial Products and Commercial Services.

Offeror Representations and Certifications—Commercial Products and Commercial Services (May 2024)

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies-

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(c) Changes.

1. The Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.
2. The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:
 - Method of shipment or packing;
 - Place, manner, or time of delivery.
3. If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.
4. The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(5) Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.

3. Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

(m) Termination for Cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law.

If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1,350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

Failure to propose the specified requirement per item as identified in Attachment 1 may render an offeror’s proposal technically unacceptable.
- B. The aforementioned zone is comprised of (1) Group in the area described above. Group 1 consists of customers located at and/or in Connecticut, Massachusetts, Rhode Island, New Hampshire, Maine, and Vermont. The Agency intends to award one contract. The offeror must support all of the customers for which they make an offer. Offerors are required to propose on all items in the Schedule of Items on which it offers. Failure to do so may result in its proposal being deemed technically unacceptable and therefore excluded from further consideration for award. The Contracting Officer is not obligated to initiate negotiations. Each offeror shall submit its most competitive proposal for Group 1. The proposal submitted shall be responsive to all of the Solicitation’s requirements and free from any deficiencies.
- C. This solicitation is being issued as a Total Small Business Set-Aside. NAICS is 311812 and size standard is 1,000.
- D. This Solicitation utilizes the Lowest Price Technically Acceptable (“LPTA”) Source Selection Process. This solicitation utilizes FAR Subpart 13.5 Simplified Procedures for Certain Commercial Products and Commercial Services. The length of the contract is 36 months (3 years).
- E. Any award resulting from this Solicitation will be an Indefinite Quantity, Long Term Contract (LTC) with firm-fixed-price that provides for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.504(a)).

II. EFFECTIVE PERIOD OF CONTRACT/TIERS

- A. The contract period of performance will be from 03/2/2025 through 02/26/2028. The contract will not exceed thirty-six months.
- B. The 3-year contract period is divided into two 18-month Tier periods. Each Tier affords offerors an opportunity to provide different Unit Prices to the items on the schedule of items.

The duration of the contract is for a term of 36 months, with two separate pricing tiers.

The first pricing tier shall be for an 18-month period (March 2, 2025 through August 29, 2026).

The second pricing tier shall be for the following 18-month performance period (August 30, 2026 through February 26, 2028). The pricing will remain firm- fixed for each pricing tier.

III. ESTIMATED DOLLAR VALUE

A. The following chart includes the 18-month estimated dollar value for Tier 1, and the overall 3 year contract period, along with the guaranteed minimum and contract maximum values, respectively. Though both figures are based on estimates, the guaranteed minimum and the contract maximum are both firm-fixed dollar amounts.

B. NOTE: The guaranteed minimum, which is shown below, constitutes the Agency's full legal obligation as to its ordering requirements. Once this obligation is met, there is no further ordering obligation on the part of the Agency regardless of what tier period said obligation is met within.

Fresh Bread and Bakery Products Solicitation SPE300-25-R-0004				
	18 Month Estimate (1st tier)	3 Year Estimate (Total Including both Tiers)	Guaranteed Minimum	250% Contract maximum (3 years)
Group 1: New England Customers in States of Connecticut, Massachusetts, Rhode Island, New Hampshire, Maine, and Vermont	\$149,031.21	\$298,062.42	\$9,935.41	\$745,156.05

The term "estimate" refers to the Agency's good faith estimate of the requirement for the specific periods stated.

IV. CONTRACT START-UP PERIOD

A. After an award is made, the Contractor (also referred to as the Awardee) will be required to take steps to implement its new contract prior to initial ordering/delivery. This may include but is not limited to catalog/ordering/invoice testing (STORES), sourcing new items, finalize delivery schedule per customer location, base access, etc. The timeline for the "start-up" period, as described above, is not included in the contract 36-months performance period.

V. ELECTRONIC ORDERING CATALOGS

An offeror that receives an award will be required to maintain electronic catalogs (STORES) that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number (as appropriate), Government item description, packaging characteristics, unit of issue, and unit price.

A. Catalog Maintenance

1. New Items

- (a) If a customer seeks to order Bread and Bakery items that is not a part of the catalog after the customers' ordering period commences (i.e. post "start-up" period), the Contractor will be afforded a maximum of 20 days to source the item, obtain a stock number from the Agency (in the event that one does not already exist), and have the item added to the ordering catalog. The final step prior to the item being "live" on the catalog is for the Contracting Officer to determine the item's price "fair and reasonable." Once this is complete, the item should remain a constant within the contractor's inventory, subject to availability issues. When requesting all item approvals (including new additions and/or changes to an existing item, such as pack size, etc.) with the Contracting Officer, the Contractor shall use the "Request for New Item" Form. This form is mandatory and without it, no new items or changes to existing items will be processed by the Contracting Officer.

2. Catalog Pricing

- (a) Schedule of Items Pricing: Items priced in the Schedule of Items (see Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award.

- (c) Contractor-Requested Catalog Additions: Before an item is added to the catalog, the Contractor is required to submit to the Contracting Officer the "Request for New Item" Form as previously addressed. Said request shall include the stock number, Government item description including the quality grade of the item (if applicable), proposed unit price with a corresponding supplier invoice or quote (quotes permitted in very limited circumstances as approved by the Contracting Officer; e.g. Contractor never purchased item before. The Contracting Officer will review the catalog addition request and upon determining the price fair and reasonable will contact the Contractor to indicate acceptance. The item once accepted will be added by the Contracting Officer to the catalog. Should the proposed price fail to be determined "fair and reasonable," the Contracting Officer will conduct negotiations with the Contractor. If, after negotiations, the proposed price still cannot be determined "fair and reasonable," the item will not be added to the catalog.
- (d) Pricing Requirements: The Contractor's catalog prices, as awarded, constitute the initial catalog prices. The prices shall remain in effect for all subsequent ordering periods.

VI. BERRY AMENDMENT

- A. The Berry Amendment, contained in Defense Federal Acquisition Regulation Supplement ("DFARS") 252.225-7012 and included in this solicitation, is applicable. 2. The decision as to whether a potentially new customer is within the contract region or zone and, thus, will be added to the contract without further competition and at the existing contract prices, shall be the sole decision of the DLA Troop Support Contracting Officer.
 3. Pursuant to the above, the Contracting Officer will instruct the contractor to include the customer(s) at the effective contract prices applicable to that distribution zone/region.

At these meetings, the customers typically review their internal business practices and may request that the Contractor show new products and/or provide nutritional information.

9. Public Key Infrastructure ("PKI")/ External Certificate Authorities ("ECA") Certificates: The Department of Defense ("DoD") PKI Certificate will be required for all DoD users. A DoD PKI certificate will be required for all contractors. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions.

(a) Obtaining a PKI certificate:

- (i) Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities ("ECAs"). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non – Governmental facilities. Certificate prices range from \$99 - \$179 per certificate per year, with volume discounts at some ECAs. A list of ECAs is available at the following web address: https://www.transactionservices.dla.mil/daashome/pki_contacts.asp.

B. The vendor should notify the customer, same day and no later than 24 hours after order placement, of the non-availability of an item. The vendor must provide an alternative already listed on the catalog. The vendor must provide the customer with ample time to re-submit an order of an alternative item(s) before the Required Delivery Date.

On average, each Troop customer receives one to three deliveries per week. However, these schedules may be revised as necessary on a case-by-case basis at the approval of the Contracting Officer.
- C. Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. A signature on the delivery ticket/invoice denotes acceptance of the product subject to inherent defects within 24 hours after delivery. If directed by the KO and or requested by the customer, the Contractor's delivery vehicles will stop and report to the Public Health/Military Food inspection points as designated for inspection of products before proceeding to any other designated delivery point.

B. The authorized Government receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized Government receiving official's signature and printed name on the delivery ticket is required for acceptance of the product. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment. Replacements will be authorized based on the customer's needs. On an as-needed basis determined by customer need, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, contract line item number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.
- B. In the event a product is rejected after initial delivery is made, the Contractor will pick up the rejected product or make other disposition arrangements deemed acceptable by the customer. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the Contractor. Note: Currently, no catch weight items apply to this Solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.
- I. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.

1. For STORES: **Vendor Reconciliation Tool** - In an effort to improve the payment process, Contractors are required to view what the customer has or has not receipted via the DLA Troop Support STORES website: https://www.stores.dla.mil/stores_web/Admin_Logon.aspx. The Contractor will have access to “un-reconciled”

information, i.e., the invoice does not match the receipt because of the quantity and/or price discrepancy or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the Contractor. While the Contractor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for 120 days. It is the Contractor's responsibility to ensure accurate invoices.

XVIII. FILL RATE

- A. Order fill rates may need to be calculated by the Contractor on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. To ensure accuracy in the Contractor's reported fill rates, the Government will utilize its own internal data for comparison purposes. The fill rate shall be calculated as follows and shall not include mis-picks, damaged packages or rejected items (**No other method of calculating fill rate will be accepted**):

$$\frac{\text{Packages accepted}}{\text{Packages ordered}} * 100 = \text{fill rate \%}$$

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The Contractor must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. The Contractor must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies.
- B. As the holder of a contract with the Department of Defense, the Contractor should be aware of the vital role it plays in supporting the Agency's customers. It is incumbent upon the Contractor to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

The contractor is to submit a copy of each third-party warehouse audit (i.e., American Institute of Baking (AIB) certification, other state or federal sanitation inspections) to the Contracting Officer prior to contract award. Failure to submit timely and complete audit reports may result in termination of the contract (Third party warehouse audits exclude Government agency audits).

 - 1. All establishments and distributors furnishing subsistence items under DLA Troop Support contracts are subject to sanitation approval and surveillance as deemed appropriate by the Military Medical Service or by other Federal agencies recognized by the Military Medical Service. Suppliers also agree to inform the Contracting Officer immediately upon notification that a facility is no longer sanitarily approved and/or removed from the Worldwide Directory and/or other Federal agency's listing, as indicated in paragraph 2 below. Suppliers also agree to inform the Contracting Officer when sanitary approval is regained, and listing is reinstated.
