CONTRACTOR CODE OF BUSINESS ETHICS (FEB 2012)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

RAPIDGATE

"Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its

CONTINUED ON NEXT PAGE

own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at www.rapidgate.com.

Please note that RapidGate is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement."

STATEMENT OF WORK (SCOPE)**I. INTRODUCTION**

- A. DLA Troop Support intends to enter into an Indefinite Quantity Contract (IQC) contract with a commercial firm to supply a full-line of USDA No.1 or better Fresh Fruit and Vegetable (FF&V) products to DoD (Troop) and Non-Department of Defense (USDA School and reservation) customers and Shell Eggs (if required) located in the Mississippi zone. The rating of USDA No. 1 or better is subject to what is actually called for in the schedule of items. The schedule of items ultimately controls the specific quality rating per item and the generic language of "U.S. Grade 1 or better" only speaks to the bare minimum requirement.
- B. This solicitation consists of one (1) zone and two (2) groups in the Mississippi zone. Group 1 will consist of DoD customers to include Troop customers. Group 2 will consist of Non-DoD (USDA School) customers. The Government intends to make one (1) award for each Group based on the technically acceptable offer with the lowest aggregate evaluated price ("lowest price technically acceptable" or "LPTA"). In its LPTA evaluation of offerors' pricing, the Government will incorporate a weighting factor to the distribution pricing component of the overall evaluated price. Please refer to (FAR 52.212-2 Evaluation - Commercial Items (Oct 2014) for additional information. In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.
- C. This solicitation is Total Small Business Set-Aside. It utilizes the Lowest Price Technically Acceptable Source Selection Plan. See 52.212-2 Evaluation – Commercial Items
- D. Any award made against this solicitation will result in an Indefinite Quantity Contract (IQC) Fixed Price with Economic Price Adjustment-Actual Material Costs for Subsistence Delivered Price Business Model. An IQC will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504 (a)).

II. EFFECTIVE PERIOD OF CONTRACT

- A. Each resultant contract is for a total of 5.0 years, (one) 24-month and (two) 18-month tier periods. Tier period one will commence on the effective date of the contract.
- B. The first tier period of the resultant contract will not exceed 24 months while the second and third tier periods under this contract will not exceed 18 months each. The total length of the contract will not exceed sixty (60) months, or 5.0 years.

III. TIERS

- A. The 5 -year contract period is divided into one 24-month and two 18-month tier periods. Each tier affords offerors an opportunity to provide different Distribution Prices as defined in the EPA provision. Each Distribution price offered must be expressed as a dollar value (up to two decimal places) and NOT a percentage. If an offeror submits the latter, it will not be accepted. If an offeror fails to provide a Distribution Price for any of the tiers, the Contracting Officer will assume that it is the offeror's intention that no change in Distribution Price was meant after the most recent preceding tier period that included a Distribution Price. For instance, if an offeror proposes a Distribution Price for Tier 1 of \$3.00 and fails to propose anything for Tier 2 and Tier 3, the Contracting Officer will interpret that omission as meaning that the \$3.00 Distribution Price pertains to all three (3) tiers.
- B. Although different distribution prices may be offered for each tiered period, the distribution prices will be firm-fixed and, thus, not subject to change during a tiered period. Contract deliveries may fall outside of the tier effective periods (i.e. an order placed during Tier 1 may be delivered during Tier 2). Prices will be based on the time an order is placed, not when an order is delivered. For example, if an order is placed during Tier 1, but delivery is made during Tier 2, then the prices in effect for that order will be the Tier 1 prices.

IV. ESTIMATED DOLLAR VALUE / GUARANTEED MINIMUM / MAXIMUM

A. The following chart includes the 24-month estimate (1st tier period), 60 months (i.e. 5.0 years) estimated dollar values, the guaranteed 10% minimum dollar values, and the 200% maximum dollar values for each group. The guaranteed minimum values and the maximum values, although based on estimates, are firm dollar amounts calculated as a percentage of the estimated dollar values. The guaranteed minimum dollar value constitutes the Government's legal ordering obligation under the contract. Also, the Government may place, and the contractor must fill, additional orders above the guaranteed minimum dollar value, not to exceed the maximum dollar value.

Mississippi Zone	24 – Month Estimate (1st Tier)	5 Year Estimate (Total Including all Tiers)	10%Min	250% Max (5 Years)
Group 1 (Troops)	\$5,000,000.00	\$12,500,000.00	\$500,000.00	\$25,000,000.00
Group 2 – (Schools and Reservations)	\$2,000,000.00	\$5,000,000.00	\$200,000.00	\$10,000,000.00
Total	\$7,000,000.00	\$17,500,000.00	\$700,000.00	\$43,750,000.00

“24 Month Estimate” refers to the Government's good faith estimate of the requirement for the first tier period.

The total minimum contract dollar value is \$700,000.00

The maximum contract dollar value is \$43,750,000.00

V. REQUIREMENTS

A. Start-up-Period: The Contractor's startup period will take place prior to the first order and is included in the first 24-month tier period. The Contractor shall submit a proposed implementation schedule to the Contracting Officer within fifteen (15) days after award highlighting the steps that will be taken to implement a fully functional distribution account, including all EDI transactions for all customers covered by this solicitation. An additional thirty (30) days will be granted for actual implementation. No more than forty-five (45) days after award will be permitted for each contractor to have fully functional distribution accounts in place for all customers.

VI. CATALOGS

Offerors will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number, Government item description, packaging characteristics, unit of issue and unit price.

A. Catalog Maintenance**1. New Items**

- (a) Prior to commencement of the first order, DLA Troop Support, the customer and the vendor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request to the Contracting Officer.
- (b) After ordering commencement, if a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog, the contractor will be allowed a maximum of twenty (20) days to source the item, obtain a stock number from DLA Troop Support (if required) and add the item to the ordering catalog via an 832 catalog transaction. These items should then become a permanent part of the contractor's inventory, dependent upon availability, after the Contracting Officer's determination of fair and reasonable pricing. The contractor shall utilize the Contracting Officer-provided form when requesting all item approvals (additions and/or changes). The form is mandatory and is Attachment 2.
- (c) The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

CONTINUED ON NEXT PAGE

2. Catalog Pricing

- (a) Schedule of Items Pricing: Items priced in the Schedule of Items (See Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price during the first week of customer ordering.
- (b) Catalog Price Changes: Once an item is listed on the ordering catalog, the contracting officer will make on-going price reasonableness determinations. In accordance with the Economic Price Adjustment – Actual Material Costs for Subsistence Delivered Price Business Model, contractors are permitted to request a weekly EPA for items found on the catalog. For each item the vendor is requesting a price change, the contracting officer will conduct a separate price reasonableness determination. The item will be removed from the catalog until a fair and reasonable price can be determined by the Contracting Officer.
- (c) Catalog Additions: Before an item is added to the catalog vendors are required to submit to the contracting officer a request of proposed catalog additions (See Attachment 2). The request shall include the stock number, Government item description, proposed unit price with a corresponding supplier invoice or quote (note: quotes permitted in very limited circumstances as approved by the Contracting Officer, e.g. Contractor never purchased item before or stale prices due to seasonality, etc.), and the previously agreed-upon distribution price. **The request is due by 9:00 AM Eastern Time (ET) (standard or daylight as applicable) on the Monday prior to inclusion of the Wednesday catalog updates.** The contracting officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the vendor. If after negotiations the proposed pricing still cannot be determined fair and reasonable, then the item will not be added to the catalog.
- (d) Pricing Requirements: The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a minimum of all orders issued during the first ordering week (from Sunday at 12:01 AM through the following Saturday until midnight). The prices shall remain in effect for all subsequent ordering weeks except as otherwise adjusted in accordance with the Economic Price Adjustment – Actual Material Costs for Subsistence Delivered Price Business Model.

3. Rebates/Discounts and Price-Related Provisions

- (a) The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other similar economic incentives or benefits, for the customers supported under this contract, throughout the period of performance. All NAPA discounts, food show discounts, early payment discounts (except as identified in paragraph (b) herein), and other discounts, rebates, allowances, economic incentives programs, financial arrangements, or other benefits, which ultimately reduce the Contractor's price paid for products supplied under any contract resulting from this solicitation or which are otherwise attributable to products sold under any resulting contract, that are received by the contractor shall be passed to the Government via a reduced catalog price. Any rebates, discounts, etc. that cannot be applied as an up-front price reduction must be submitted via check payable to the U.S. Treasury, with an attached itemized listing of all customer purchases by line item, including contract number, call number, purchase order number and contract line item number ("CLIN"). Instructions for identifying discounts, rebates, allowances or other economic incentives or benefits that shall be provided to the Government or retained by the contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.
- (b) The contractor may retain Early Payment discounts that meet the following conditions:
- (i) The Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;
 - (ii) The Early Payment discount is consistent with commercial practice;

CONTINUED ON NEXT PAGE

- (iii) The Early Payment discount is routinely given by the manufacturer, grower/shipper, private label holder, or redistributor to their customers, other than the Contractor, at the same discount rate and under the same conditions as provided to the Contractor;
 - (iv) The Early Payment Discount is not established, requested, or negotiated for the purpose of avoiding giving DLA Troop Support a lower cost or application of a rebate/discount resulting in a higher invoice price;
 - (v) The Early Payment discount is no more than 2 percent of the manufacturer's, grower/shipper's, private label holder's, or redistributor's invoice and the early payment is required within 10 days to obtain the discount; and
 - (vi) The contractor actually made the required payment within the time period required to receive the discount.
- (c) Upon request the contractor shall provide to the Government any invoices, quotes, or agreements relevant to the delivered price component for existing catalog items, for any new items being added to the catalog, and for requested price changes to existing catalog items. The contractor must include detailed payment terms on each invoice or quote used to substantiate delivered price, including any applicable discounts or rebates. If there are no payment terms associated with the document, the contractor must annotate it with "No payment terms."
- (d) The government may require the contractor to submit invoices and other documentation from all subcontractor tiers and/or any supplier or person in the delivered price supply chain, to substantiate all discounts, rebates, allowances, economic incentives, or other benefits. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a discount, rebate, allowance or other economic incentive or benefit should have been passed on to the Government and not retained by the Contractor the Government shall be entitled to a prospective delivered price reduction for the item(s) in question and a retroactive refund in the amount of the resultant overcharges, inclusive of interest. Similarly, if price verifications reveal any instance of overcharging for product for any reason, the Government will be reimbursed for the amount in question, inclusive of interest. If it is discovered that the Contractor undercharged for product and said undercharges were not the result of the Contractor's own fault or negligence in managing its ordering catalog(s), the Government will reimburse the Contractor accordingly. The Contracting Officer, and/or his/her authorized representative(s), shall have the right, up to twice a year or more as determined necessary by the Contracting Officer, to examine and audit a statistically significant sample of the Contractor's records relevant to its pricing under the contract, including the existence and proper accounting of rebates, discounts, etc. and permissible exceptions thereto as identified above in paragraph (b) of this section, as well as any other factors influencing Delivered Price. The Government may review/audit the Contractor's electronic purchasing system to confirm that the Delivered Price of a product sold at a given time to a DLA Troop Support customer is accurate. Should the Government identify evidence of incorrect pricing, or should other pricing issues arise, the Government reserves the right to conduct more frequent and extensive reviews/audits. During contract performance, failure on the part of the Contracting Officer to identify non-compliance with this provision or to challenge the Contractor's erroneous interpretation of said provision shall not constitute a defense or alter the Government's entitlement to any of the aforementioned rebates, discounts, etc. or any other remedies afforded by this section, the contract as a whole, or other applicable laws and regulations.

VII. DOMESTIC NON-AVAILABILITY DETERMINATION – FRESH FRUITS AND VEGETABLES

- A. A Class Domestic Non-Availability Determination (DNAD) for Federal Supply Class 8915, Fresh Fruits and Vegetables (FF&V), dated 16 May 2008 was approved and is in effect for the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities, which is applicable to this solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at US market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.
- B. The instant DNAD as applied affects Government contracts supporting Department of Defense customers (i.e. Troops) only.

CONTINUED ON NEXT PAGE

- C. Notwithstanding this DNAD, the USDA requires that fresh produce supplied via its Federal Entitlement for the USDA School Lunch Program must be from a domestic source. Therefore, the aforementioned DNAD does not impact or negate the Government's requirement for domestic produce in its contracts supporting Non-Department of Defense customers (i.e. Schools and Tribes).

VIII. ADDITION OF NEW CUSTOMERS

A. Adding Customers within the Contract's Geographic Distribution Region/Zone:

1. Additional DoD and Non-DoD federal government customers that request DLA Troop Support produce support will be added on to the contract resulting from this solicitation without any new acquisition or competition process, if the customer(s) is/are within the geographic distribution region/zone covered by this contract.
2. In this case, the contractor shall include the customer(s) at the effective contract prices applicable to that distribution zone/region.
3. The decision as to whether a potentially new customer is within the contract region or zone and, thus, will be added to the contract without further competition and at the existing contract prices, shall be within the sole decision of the DLA Troop Support Contracting Officer.

B. Adding Customers outside the Contract's Geographic Distribution Region/Zone:

1. This provision applies to the following customers:
 - (a) A new DoD or Non-DoD federal customer that is not within the resulting contract's geographic distribution region/zone and for which the contractor will not accept the customer(s) at the effective contract price.

 - (a) In the judgment of the Contracting Officer, the customer(s) at issue is/are located in an area that is considered adjacent or proximal to the geographic distribution region/zone of the resulting contract. In a circumstance where the customer is located in an area that is adjacent or proximal to numerous different existing produce contracts, the decision of which contract is most satisfactory to the Government for purposes of adding the customer(s) will be within the sole discretion of the Contracting Officer, taking into consideration numerous factors, including but not limited to those contained in this provision. Further, to that end, it is the Contracting Officer's sole decision as to which existing contractors available in the aforementioned region/zone(s) will be solicited for the support of the customer(s).
 - (b) Complete price proposals to support the subject new customer(s), to include distribution and delivered prices, will be requested by the Contracting Officer. Prior to any customer being added to the resulting contract, the Contracting Officer shall determine all proposed prices to be fair and reasonable. To this end, negotiations may be required in which the same processes and procedures contained within the instant solicitation may be employed.

- C. Under no circumstance may the resulting contract's maximum dollar value be exceeded with the addition of any customer(s) and its respective produce requirements.

(a). Obtaining a PKI certificate:

- (i) Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities (ECAs). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non – Governmental facilities. Certificate prices range from \$99 - \$115 per certificate per year, with volume discounts at some ECAs. A list of ECAs is available at https://www.daas.dla.mil/daashome/pki_contacts.asp.

XII. ORDER PLACEMENT, LEAD TIME, and ADJUSTMENTS/CANCELLATION OF ORDERS

- B. Troop Customers shall place their orders to accommodate at a minimum a "skip day" delivery. For example, an order placed on September 1 would have a required delivery date of September 3. Orders may be placed with longer lead time not to exceed 10 days in advance of the requested delivery date; however, the minimum lead-time is "skip-day". See Attachment 3 for specific delivery information for Troop customers.
- C. School Customers shall place their orders to accommodate a 4-day lead time. For example, an order placed on Monday, September 1 would have a required delivery date of Friday, September 5. See Attachment 3 for a listing of the schools.
- D. All invoice pricing will be based upon the unit price at time of order by the customer(s). For example, for any item ordered on a Friday to be delivered the following week, pricing will be based upon the Friday price, regardless of whether the unit price for that item changed as part of the weekly catalog update.
- E. Once submitted through the applicable electronic ordering system (i.e. STORES or FFAVORS), an order may be cancelled by a customer up to 24 hours before scheduled delivery via written notification to the Contractor and the Contracting Officer. Partial shipments are acceptable if the customer is notified in advance and agrees to the partial shipments; however, the unfilled quantity is to be reported as not-in-stock (NIS). Offerors are required to have procedures for handling NIS situations. The contractor is required to stipulate timeframes in which the NIS item will be identified to the customer prior to delivery, in order that a substitute item may be requisitioned via a new order. Only substitutes of comparable description, quality, and price may be offered to the customer.
- B. Vendors shall notify the customer within 24 hours of order placement of the non-availability of any item. Vendors shall offer the customer a substitute of equal or higher quality and at an equal or lower cost, or advise them of the not-in-stock position of the item. - D. For some items, DLA customers, particularly School and Tribal Reservations, may require smaller pack sizes than are commonly available in the commercial marketplace. Such items are included in the instant Schedule of Items and may be added at a later date during contract performance. It is incumbent on the Contractor to determine how it will supply these items in accordance with the required pack sizes. In so doing, the Contractor may decide to split cases and repackage product at its own facility. If this course of action is selected by the Contractor, it is important to note that any projected costs associated with repackaging and splitting of cases must be included in the Contractor's Distribution Price. Under no circumstances will a Contractor be permitted to include such costs in its Delivered Price component.

In addition, the delivery vehicles will be inspected for cleanliness and condition. Supplies transported in vehicles that are not sanitary, or which are not equipped to maintain prescribed temperatures, may be rejected without further inspection. Failure to identify latent defects or similar issues at time of acceptance will not absolve the Contractor of its liability or preclude the customer from obtaining appropriate remedy upon the timely discover of said defects or issues after-the-fact. In this circumstance, the customer shall notify the Customer Representative who will coordinate with the Contracting Officer in seeking an appropriate resolution.
- B. The authorized Government receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized Government receiving official's signature and printed name on the delivery ticket is required for acceptance of the product. All signatures and printed names MUST be legible. - C. Delivery Ticket and related information. No electronic invoice may be submitted for payment until acceptance is verified.
1. Troops: The Contractor shall forward provide three copies of the delivery ticket with the shipment. The first copy is provided to the receiving official (i.e. the customer) who will use the delivery ticket as the new receipt document. The invoice total must be adjusted to reflect the correct dollar value of the shipment.** Replacements will be authorized based on the customer's needs. On an as-needed basis, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, CLIN number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.
- B. In the event a product is rejected after initial delivery is made, the vendor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES. If the vendor has already been paid for the product, a claim will be issued through DLA Troop Support's financial system. - D. **It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. The Contractor is required to ensure the accuracy of its invoices. The Reconciliation Tool in STORES and/or Invoicing Tool in FFAVORS Web provides the Contractor the ability to ensure said accuracy.
- E. **All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The Contractor will be responsible for correction and re-submission.

- H. Any manually keyed, or emergency, orders must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and contract line item number (CLIN) will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of the Contractor's invoice.
- I. **For catch weight items, standard rounding methods must be observed, i.e. less than .5 is rounded down; greater than or equal to .5 is rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by

The Contractor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity and/or price discrepancy or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the Contractor. While the Contractor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for 120 days. It is the Contractor's responsibility to ensure accurate invoices.

2. **Invoicing Tool ("FFAVORS")** - In an effort to improve the payment process, Contractors are required to view what the customer has or has not receipted via the USDA FFAVORS website: <http://www.fns.usda.gov/fdd/fresh-fruits-and-vegetables-order-receipt-system-ffavors>. The Government reserves all rights and remedies provided by law or under the contract in addition to recovering any overcharges. Undercharges will be evaluated by the Contracting Officer on a case-by-case basis consistent with other terms and conditions of the instant Solicitation.
4. The Government may elect to expand the scope of the price verification analysis, and the frequency of future price audits, if overcharges are discovered. The Government may also elect to reduce the scope and frequency of future price verification audits if no overcharges are discovered.

- B. The Government reserves the right to conduct additional price audits to verify price accuracy and recoup overcharges. In such instances, contractors will be required to submit invoices and any other supporting price documentation.
- C. The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention.

The submitted PACA license must be effective for at least six (6) months after the solicitation closing date. Failure to submit proof of a PACA license, which satisfies the above requirements, may result in a proposal being deemed technically unacceptable and removed from further award consideration. Additionally, the contract awardee(s) must maintain a valid PACA license throughout the life of the contract. Failure to do so may result in termination of the contract.
- B. All offerors shall submit a GAP/GHP audit report for each place of performance identified in the offeror's proposal. The audit report(s) must demonstrate that a passing score(s) was/were received and the report(s) must be dated no more than six (6) months prior to the solicitation closing date. Failure to submit proof of a GAP/GHP audit report(s), which satisfies the above requirements, may result in a proposal being deemed technically unacceptable and removed from further award consideration. Additionally, the contract awardee(s) must maintain a valid GAP/GHP certification throughout the life of the contract. Failure to do so may result in termination of the contract. See www.ams.usda.gov/services/auditing/gap-ghp/audit for details concerning program and certification.

XXXI. NON-COMPETE PROVISION

- A. The offeror warrants that upon receiving the award, it will not actively promote, engage, or market any of the customers on this acquisition away from the resultant DLA Troop Support contract and onto a fresh fruits and vegetable subsistence contract or account of any other Government agency or commercial entity. This prohibition is in effect during the life of the resultant contract, and restricts competition in the specific area or zone that is the subject of this acquisition. A violation of this term may result in the Contracting Officer terminating the contract, documenting this action as part of the awardee's past performance data, and taking other appropriate recourse as permitted by contract or applicable regulations and law.

XXXII. SEASONAL ACQUISITION

record and update local items on their catalog on a weekly basis. The vendor is responsible for defining local produce in their geographical area.

XXXIII. MANAGEMENT REPORTS

A. The contractor shall electronically transmit the following reports to the DLA Troop Support Contracting Officer and Account Manager on a monthly basis. All reports shall be cumulative for a one (1) month period and submitted no later than the seventh day of the following month (e.g., reporting period of January 1 through January 31, the reports must be received by February 7).

1. Product Line Listing (Manufacturer, Grower/Shipper, Private Label Holder and Redistributor, collectively referred to as "Supplier"): This report shall list all items purchased along with quantity and dollar value. It shall be sorted by Supplier and annotate whether the supplier is a large business or small business and whether the supplier is local or non-local.
2. Fill Rate Report: The fill-rate is calculated by dividing the number of cases accepted by the customer by the number of cases ordered. No other method of calculating fill rates should be included. Mis-picks and damaged or rejected cases should not be included in this calculation. This report should reflect the fill-rates with and without substitutions. The report should specify fill rates per customer and an overall average fill-rate for all customers under the contract for the month being reported.
3. Rebates, Discounts, Allowances and Other Economic Incentives (collectively referred to as "Incentives"):
 - (a) All incentives for the prior month (i.e. the month being reported) that have been passed along to the customer or that are due to the customers shall be summarized by listing each customer and the incentive amount. Also include the supplier (see definition in A.1. of this section) offering the incentive and the product usage. The total should be per customer and per order.
 - (b) Also, the contractor must report on any and all financial arrangements under which the contractor: (i) receives money from any of the contractor's suppliers, and (ii) asserts that such money is not an incentive that is owed to the Government under the terms of this solicitation and the resulting contract. The contractor must report the name of each supplier that provided money to the contractor during the month, a brief description of each financial arrangement, and the respective dollar amount received for each financial arrangement. If a new financial arrangement, which was not previously provided in the contractor's proposal under this solicitation, is reported, then the monthly report must also explain why the contractor believes that the new financial arrangement should not be considered an incentive that would be owed to the Government under the terms of the resultant contract. This explanation is not required in the monthly report if it was previously provided with the contractor's proposal under this solicitation.
 - (c) The above reports shall be prepared in documents that include the Contractor's own letterhead. Said reports shall be signed by the appropriate official within the Contractor's organization holding the requisite authority to bind the Contractor and act on its behalf for purposes of this reporting. By signing such reports, the contractor certifies that it understands the reporting requirements, that it understands the relevant contractual terms and conditions, and that the information provided is true and accurate.
4. DNAD: On a monthly basis, the contractor shall create and electronically transmit an excel spreadsheet to the contracting office with the stock number, item description, case count, pounds, and dollar value of non-domestic orders filled during the month. All subsequent reports shall be cumulative for one (1) month period and submitted no later than the seventh day of the following month (e.g. reporting period of June 1 through June 30, the report must be received by July 7). The Contractor shall code the EDI 832 Ref 03 (Foreign Source Indicator) with "Y" for each item that is foreign product and "N" for each item that is not foreign product.
5. Customer Service Report: The Contractor shall develop and provide a report summarizing all discrepancies, complaints and all positive feedback from ordering activities and the respective resolutions by providing details of each customer service incident, including any customer service visits.
6. Descending Dollar Value Report: Sorted by line item; each line is to contain, at a minimum: DLA Troop Support stock number, Item Description, pack or size, brand description, quantity, and total dollar value of units shipped.

CONTINUED ON NEXT PAGE

Dollar amounts will be totaled. This report shall be submitted by individual customer accounts and also by the total customer base in each zone.

XXXIV. CONTRACT ADMINISTRATION INFORMATION

A. Contract Authority: The DLA Troop Support Contracting Officer is the only person authorized to approve changes, or modify any requirement of the contract. Notwithstanding any provisions contained elsewhere in the contract, said authority remains solely with the DLA Troop Support Contracting Officer.

1. In the event the vendor effects any change at the direction of any person other than the DLA Troop Support Contracting Officer, the change will be considered to have been made without authority and any additional costs incurred by the Agency due to an unauthorized change will be reimbursed by the Vendor. The Contracting Officer must authorize any modification or costs associated with a change.

2. Requests for information on matters related to this contract, such as an explanation of terms or contract interpretation, shall be submitted to the DLA Troop Support Contracting Officer.

B. Payments: DFAS Columbus Center is the payment office for this acquisition.

1. Payment of delivery orders will be made in accordance with the terms and conditions of Paragraph (i) of Clause 52.212-4 "Contract Terms and Conditions - Commercial Items" that is incorporated by reference into this solicitation.

2. Payment will be made in ten (10) days after the receipt of a proper invoice, however, is still subject to the terms and conditions of the Prompt Payment Act (31 U.S.C. 3903). All 810 electronic invoices must be submitted with accurate, sufficient, clean data before any payment can be made.

3. The Contractor is responsible to use MyInvoice for detailed summary of payments (line by line analysis) which can be found at: <https://wawf.eb.mil/>.

4. The Government intends to make payments under the resultant contract by electronic funds transfer (EFT) based on the information contained in the System for Award Management Registration (SAM). Reference Clause 52.232-33, "Payment by Electronic Funds Transfer- System for Award Management" is incorporated by reference. However, the election as to whether to make payment by check or electronic funds transfer is at the option of the Government.

C. Administration:

1. The Contracting Officer from the DLA Troop Support Supplier Operations - Produce and Market Fresh Division will perform administration of the contract.

2. A designated representative at the ordering activity will perform administration of the individual delivery order. This includes approving product substitutions and delivery changes.

3. The DLA Troop Support Contracting Officer must approve any changes to the resultant contract.

XXXV. PROPOSAL SUBMISSION INFORMATION

A. Pricing

1. The pricing for the zone will be evaluated through the Schedule of Items Approach. The Schedule of Items Approach is a grouping of items along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for 24 months for that particular group. Offerors are required to submit their unit price for each item, broken down into the corresponding Delivered Price and Distribution Price components.

a. Pricing will be based on the following formula:

$$\text{Contract Unit Price} = \text{Delivered Price} + \text{Distribution Price}$$

CONTINUED ON NEXT PAGE

- b. In accordance with DLAD Clause 52.215-9023, Reverse Auction may be used for Distribution Prices only.

2. Definitions:

- a. "Contract Unit Price" See Economic Price Adjustment Clause (EPA).
b. "Delivered Price" See Economic Price Adjustment Clause (EPA).
c. "Distribution Price" See Economic Price Adjustment Clause (EPA).

3. Formatting of Prices: Prices shall be formatted to no more than two places to the right of the decimal point, for example, \$2.50. In the event that the offeror submits a price that exceeds this limitation, the price will be rounded up or down using standard rounding methods. For example, a price of \$2.215 or higher will be rounded up to \$2.22 and a price of \$2.214 or lower will be rounded down to \$2.21.

4. Distribution Prices - Multiple Groups and Tiers:

- a. Multiple Groups. If multiple Groups are covered under this Solicitation, the offeror is permitted to submit a separate Distribution Price for each Group. In this instance, "Group" refers to a distinct and separate set of customers that require produce support (e.g. Troops vs. Schools). In the event that an offeror includes a Distribution Price for only one Group but through its proposal submission clearly indicates that it had intended to submit a proposal for multiple Groups covered by the Solicitation (e.g. submits pricing for all items contained in the Schedule of Items for all Groups), the Contracting Officer will interpret the offeror's omission of a separate Distribution Price for the other Group as its willingness to retain the same Distribution Price as the Group it was provided for and apply it to all Groups. Per this provision, this interpretation by the Contracting Officer is reasonable and acceptable by the offeror.
- b. Tiers. Only one Distribution Price shall be offered for all items in each Tier. Offerors may propose a different Distribution Price per Tier. As described above in paragraph A.4.a., if an offeror fails to propose a Distribution Price for all of the Tiers, the Contracting Officer will utilize the last proposed Tier and apply it onward for each subsequent Tier. For instance, an offeror proposes a Distribution Price of \$3.00 for Tier 1, and fails to provide any Distribution Price for Tier 2. The Contracting Officer will apply the \$3.00 Distribution Price from Tier 1 to Tier 2. This application is reasonable and acceptable by the offeror per the terms of this section.

B. Schedule of Items: Pricing

1. The Schedule of Items in Attachment 1 represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing information. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items. This assessment may include, but is not limited to, comparison amongst offerors' prices as well as comparison against USDA market report prices and internal Government databases that are applicable.
2. Estimated quantities for Tier 1's 24-month period (3 separate Tiers, one consisting of a 24-month time period and the other 2 are 18-month time periods) are indicated next to each item and are for information and evaluation purposes only. The Offeror's proposed Contract Unit Prices found in the Schedule of Items will be multiplied by the estimated quantities by Tier in order to calculate the Offeror's overall aggregate total price, which will be compared against the other offerors in order to identify the lowest overall price proposal.
3. Offerors are to submit proposed prices in accordance with the definitions of the separate price components identified under paragraph A., above, of this section. The Delivered Prices proposed must reflect those prices that were paid by the offeror for the various items during the time period from Sunday, December 25, 2016 through Saturday January 14, 2017. Upon request from the Contracting Officer, an offeror may be required to substantiate the aforementioned proposed Delivered Prices with a product invoice (quotes may be accepted in very limited circumstances per Contracting Officer discretion) and accompanying freight invoice. The offeror's proposed contract unit price must be in a format that shows the delivered price and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$3.00, pricing should be formulated as follows:

$$\text{\$ 2.00} + \text{\$ 3.00} = \text{\$ 5.00}$$

(Prices used for illustrative purposes only)

CONTINUED ON NEXT PAGE

- a. Do Not Submit only the Unit Price; the two (2) elements must be shown separately.
- b. Delivered and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue. THERE ARE NO EXCEPTIONS to this requirement. Failure to do so may result in an offeror's proposal being deemed technically unacceptable and therefore eliminated from further consideration for award. All items listed in the solicitation will ultimately become part of the vendor's catalog. The most recent prices submitted prior to award will be incorporated into the vendor's catalog.

C. Distribution Prices

1. The offeror shall provide distribution prices for each group and for each tier, as discussed under paragraph A.4., above, of this section, in the Schedule of Items. Each distribution price shall be provided on a per-case basis. Each group may have a different distribution price. Also, each tier may have a different distribution price, but each tier's distribution price shall apply to all items during the entire tier period.
2. Unlike Delivered Prices (as discussed further below), Distribution Prices shall remain constant for the entirety of each individual contract Tier. As such, the Distribution Price for Tier 1 does not have to be equal to the Distribution Prices for Tiers 2 or 3. These prices can differ or remain the same as the Tier 1 price; but ultimately will remain constant for the duration of each tier period.

D. Delivered Prices

1. The offeror is required to submit pricing on all items within the schedule of items. For evaluation purposes, an offeror's proposed prices on the schedule of items shall reflect the offeror's delivered prices that were effective from Sunday, December 25, 2016 through Saturday, January 14, 2017.
2. As part of the evaluation process, the Government reserves the right to require an offeror to substantiate some or all of its proposed Delivered Prices with an invoice from the manufacturer, grower/shipper, private label holder, or redistributor (collectively referred to as "Supplier") along with the corresponding freight invoice. The freight charge must be indicated on the invoice with bulk freight charges broken down by the case. If requested, the line item number must be clearly marked on each invoice (both product and freight) to identify the invoice's corresponding item. The preferred documentation is the manufacturer, grower/shipper, or private label holder invoice. If a particular line item was not stocked during that time period, a written quote from a manufacturer or grower/shipper may be accepted. However, please note that anything other than an invoice, such as quotes, are the exception to the rule and may not be satisfactory to the Contracting Officer in substantiating an offeror's Delivered Price. If unsatisfactory to the Contracting Officer, said price will be unacceptable and treated as though the offeror did not submit a price at all. This situation may result in the offeror's proposal being deemed technically unacceptable and removed from further consideration for award. If an offeror does not have an invoice, then the offeror needs to explain why an invoice is not available (e.g. item not in season, do not carry, etc.). As stated, the Government has a strong preference for invoices over market quotes or other documentation. All invoices, quotes, or other documentation must be from sources that the offeror currently uses or plans to use to support the resultant contract. All invoices (and other documentation as permitted) must contain realistic quantities for which the price paid was based upon. For example, an invoice for a quantity of 1 will not be accepted when the Government routinely purchases quantities well in excess of that quantity. Conversely, an invoice (and other documentation as permitted) based upon an unrealistically large quantity will not be accepted. Quotes shall not be used for the purpose of submitting a price lower than an existing invoice price within the offeror's possession for the particular time period required by the Solicitation. This type of gamesmanship (i.e. lowballing) threatens the integrity of the procurement process and runs afoul of the clear intention of this Solicitation. As such, it will not be tolerated. By submitting a quote, the offeror is certifying that it did not purchase, nor have in stock, the item for the time period being evaluated. Information that is later obtained by the Contracting Officer that casts doubt on the veracity of this certification will be handled as appropriate per the terms of this Solicitation, applicable regulations, laws, or otherwise. The Contracting Officer has the sole authority and ultimate discretion in addressing the above-identified situations and scenarios and ultimately deciding on what information is acceptable and substantiates an offeror's proposed Delivered Prices. Any quote must be presented in the following manner:
 - a. Detailed on a manufacturer or grower/shipper letterhead;
 - b. Date price quote was supplied;
 - c. Time period price quote is effective; to include expiration date;

CONTINUED ON NEXT PAGE

- d. Quantity covered by price quote;
 - e. Manufacturer or grower/shipper part number; and
 - f. Manufacturer's or grower/shipper's point of contact: including name, title, address, and phone numbers.
3. Prices must not extend more than two [2] places to the right of the decimal point. Standard rounding methods must be observed. For example, a delivered price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
 4. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable item that meets the Government's minimum requirements.
 5. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to, DFARS 252.225-7012, Preference for Certain Domestic Commodities, and the requirement that items be procured from a sanitarily approved source. All invoices and quotes must contain sufficient information to clearly reflect compliance with solicitation/contract terms and conditions.
 6. Offerors are required to submit this portion on a spreadsheet containing the following information (Attachment 1):
 - (a) Stock Number.
 - (b) Item Description: Government Item Description.
 - (c) Estimated Quantity: Quantity provided.
 - (d) Unit of Issue: Self-explanatory. Note: Unit of Issue must be same as Government's listed in the Market Basket of Items.
 - (e) Delivered Price (DEP): The price you actually paid for the item, as substantiated by a manufacturer's, grower/shipper's, or private label holder's invoice. As discussed above, a quote may be accepted, in limited circumstances, to substantiate this price. Similar, as discussed below (see EPA section), a redistributor's invoice may be accepted, in limited circumstances, to substantiate this price.
 - (f) Distribution Price (DIP): Your distribution price.
 - (g) Contract Unit Price: Delivered Price + Distribution Price.
 - (h) Total: Estimated Quantity multiplied by Unit Price.
 - (i) Gov't Average Case Weight: Provided.

- (i) receives money from any of the offeror's suppliers, and
- (ii) asserts that such money is not a rebate, discount, or other economic incentive that would be owed to the Government under the terms of this solicitation and the resulting contract.

The offeror must provide the name of each supplier with whom the contractor has such a financial arrangement(s), provide a brief description of each financial arrangement, and explain why the offeror believes that each financial arrangement should not be considered a rebate, discount, or other incentive that would be owed to the Government under the terms of this solicitation and the resulting contract.

The following paragraph(s) of 52.212-4 are amended as indicated below:

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:

"Inspection and acceptance of products will be performed at destination. The authorized Government receiving official for each customer is responsible for signing for and accepting products when they are delivered. 2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

- (1) In addition to bilateral changes, the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.
- (2) The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:
 - (i) Method of shipment or packing;
 - (ii) Place, manner, or time of delivery.

If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. (i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor’s network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor’s ability to provide operationally critical support; and

(ii) Rapidly report cyber incidents to DoD at <http://dibnet.dod.mil>.

(2) *Cyber incident report.* The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at <http://dibnet.dod.mil>.

- (f) *Access to additional information or equipment necessary for forensic analysis.* Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.
- (g) *Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.
- (h) *DoD safeguarding and use of contractor attributional/proprietary information.* The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.
- (i) *Use and release of contractor attributional/proprietary information not created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD—

- (j) *Use and release of contractor attributional/proprietary information created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph (i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government’s use and release of such information.
- (k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.
- (l) *Other safeguarding or reporting requirements.* The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor’s responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.
- (m) *Subcontracts.* The Contractor shall—
- (1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve a covered contractor information system, including subcontracts for commercial items, without alteration, except to identify the parties; and
 - (2) When this clause is included in a subcontract, require subcontractors to rapidly report cyber incidents directly to DoD at <http://dibnet.dod.mil> and the prime Contractor. This includes providing the incident report number, automatically assigned by DoD, to the prime Contractor (or next higher-tier subcontractor) as soon as practicable.

SANITARY CONDITIONS

(a) Food establishments.

(1) All establishments and distributors furnishing subsistence items under DLA Troop Support contracts are subject to sanitation approval and surveillance as deemed appropriate by the Military Medical Service or by other Federal agencies recognized by the Military Medical Service. The Government does not intend to make any award for, nor accept, any subsistence products manufactured, processed, or stored in a facility which fails to maintain acceptable levels of food safety and food defense, is operating under such unsanitary conditions as may lead to product contamination or adulteration constituting a health hazard, or which has not been listed in an appropriate Government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs (2) and (3) below, products furnished as a result of this contract will originate only in establishments listed in the U.S. Army Public Health Command (USAPHC) Circular 40-1, Worldwide Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement, (Worldwide Directory) (available at:

<http://phc.amedd.army.mil/topics/foodwater/ca/Pages/DoDAApprovedFoodSources.aspx>). Compliance with the current edition of DoD Military Standard 3006A, Sanitation Requirements for Food Establishments, is mandatory for listing of establishments in the Worldwide Directory. Suppliers also agree to inform the Contracting Officer immediately upon notification that a facility is no longer sanitarily approved and/or removed from the Worldwide Directory and/or other Federal agency's listing, as indicated in paragraph (2) below. Suppliers also agree to inform the Contracting Officer when sanitary approval is regained and listing is reinstated.

(2) Establishments furnishing the products listed below and appearing in the publications indicated need not be listed in the worldwide directory. Additional guidance on specific listing requirements for products/plants included in or exempt from listing is provided in Appendix A of the worldwide directory.

(i) Meat and meat products and poultry and poultry products may be supplied from establishments which are currently listed in the "Meat, Poultry and Egg Inspection Directory," published by the United States Department of Agriculture, Food Safety and Inspection Service (USDA, FSIS), at <http://www/fsis.usda.gov/wps/portal/fsis/topics/inspection/mpi-directory>. The item, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the USDA shield and applicable establishment number. USDA listed establishments processing products not subject to the Federal Meat and Poultry Products Inspection Acts must be listed in the Worldwide Directory for those items.

(ii) Intrastate commerce of meat and meat products and poultry and poultry products for direct delivery to military installations within the same state (intrastate) may be supplied when the items are processed in establishments under state inspection programs certified by the USDA as being "at least equal to" the Federal Meat and Poultry Products Inspection Acts. The item, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the official inspection legend or label of the inspection agency and applicable establishment number.

(iii) Shell eggs may be supplied from establishments listed in the "List of Plants Operating under USDA Poultry and Egg Grading Programs" published by the USDA, Agriculture Marketing Service (AMS) at <http://www.ams.usda.gov/poultry/grading.htm>.

(iv) Egg products (liquid, dehydrated, frozen) may be supplied from establishments listed in the "Meat, Poultry and Egg Product Inspection Directory" published by the USDA FSIS at http://apps.ams.usda.gov/plantbook/Query_Pages/PlantBook_Query.asp. All products, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the official inspection legend or label of the inspection agency and applicable establishment number.

(v) Fish, fishery products, seafood, and seafood products may be supplied from establishments listed under "U.S. Establishments Approved For Sanitation And For Producing USDC Inspected Fishery Products" in the "USDC Participants List for Firms, Facilities, and Products", published electronically by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration Fisheries (USDC, NOAA) (available at: seafood.nmfs.noaa.gov). All products, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the full name and address of the producing facility.

(vi) Pasteurized milk and milk products may be supplied from plants having a pasteurization plant compliance rating of 90 percent or higher, as certified by a state milk sanitation officer and listed in "Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers" (IMS), published by the U.S. Department of Health and Human Services, Food and Drug Administration (USDHHS, FDA) at <http://www.fda.gov/Food/GuidanceRegulation/FederalStateFoodPrograms/ucm2007965.htm>. pasteurized milk and milk products as defined in Section I of the "Grade 'A' Pasteurized Milk Ordinance" (PMO) published by the USDHHS, FDA at <http://www.fda.gov/Food/GuidanceRegulation/GuidanceDocumentsRegulatoryInformation/Milk/default.htm>.
 (vii) Manufactured or processed dairy products only from plants listed in Section I of the "Dairy Plants Surveyed and Approved for USDA Grading Service", published electronically by Dairy Grading Branch, AMS, USDA (available at: <http://www.ams.usda.gov/AMSV1.0/getfile?dDocName=STELPRD3651022>) may serve as sources of manufactured or processed dairy products as listed by the specific USDA product/operation code. (5) When the Military Medical Service or other Federal agency acceptable to the Military Medical Service determines the levels of food safety and food defense of the establishment or its products have or may lead to product contamination or adulteration, the Contracting Officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency. Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the Contractor to request an extension of any delivery date. In the event the Contractor fails to correct such objectionable conditions within the time specified by the Contracting Officer, the Government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

(b) Delivery conveyances.

The supplies delivered under this contract shall be transported in delivery conveyances maintained to prevent tampering with and /or adulteration or contamination of the supplies, and if applicable, equipped to maintain a prescribed temperature. The delivery conveyances shall be subject to inspection by the government at all reasonable times and places. When the sanitary conditions of the delivery conveyance have led, or may lead to product contamination, adulteration, constitute a health hazard, or the delivery conveyance is not equipped to maintain prescribed temperatures, or the transport results in product 'unfit for intended purpose', supplies tendered for acceptance may be rejected without further inspection.

- a. See pages 6-8, for any specific instructions on how to submit your offer if mailed or hand carried and see pages 24-28 for proposal submission information.
- b. Facsimile and e-mail offers are NOT authorized forms of transmission for submission of initial proposals or revisions to initial proposals (if necessary) submitted in response to this solicitation. If deemed necessary by the Contracting Officer, the Government reserves the right to conduct negotiations for the subject acquisition. All responses to discuss/negotiations, including Final Proposal revisions shall be in a form of communication customary in the industry for transmitting information to include phone, facsimile transmission, letter, in-person and e-mail.

2. Paragraph (c), Period for Acceptance of Offers, is revised as follows:

Period of acceptance is **180** days.

3. Paragraph (f), Late Submissions, Modifications, Revisions, and Withdrawals of Offers, is deleted in its entirety and replaced with the following:

(f) Late Submissions, Modifications, Revision, and Withdrawals of Offers.

- (1) Any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers will not be considered unless it is received before award is made and:
 - (i) It was sent by mail or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after the receipt at the Government installation.
 - (ii) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals.
 - (iii) There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government's control to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement; or it is the only proposal received.
- (2) Any modification or revision of a proposal or response to requested information, including any final proposal revision, is subject to the same conditions indicated above.
- (3) Notwithstanding the above, a late modification or revision of any otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (4) Proposals may be withdrawn by written notice (including facsimile) received at any time before award.

4. Paragraph (h), Multiple Awards, is revised to add the following:

In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.

52.212-02 EVALUATION - COMMERCIAL ITEMS (OCT 2014) FAR

ADDENDUM 52.212-2

Note: FAR 52.212-2, Evaluation – Commercial Items (Oct 2014), is incorporated in this solicitation by reference. Its full text may be accessed electronically at <https://www.acquisition.gov/far/index.html>. Text is available for viewing in Subpart 52.2 Text of Provisions and Clauses, through either the HTML or PDF Format links.

The following paragraphs of 52.212-2 are amended as indicated below:

(a) The Government will award a contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. Technical Acceptability - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements, including submissions relating to the two subfactors listed below. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the award. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation. The following sub-factors will be evaluated and must be found acceptable for a proposal to be eligible for award:

A. Perishable Agricultural Commodities Act (PACA) License – The offeror shall possess and submit proof of a valid current PACA license. The submitted PACA license must be effective for at least six (6) months after the solicitation closing date.

CONTINUED ON NEXT PAGE

B. USDA Good Agricultural Practices (GAP) and Good Handling Practices (GHP) Audit – The offeror shall submit a GAP/GHP audit report for each place of performance identified in the offeror's proposal. The audit report(s) must demonstrate that a passing score(s) was/were received and the report(s) must be dated no more than six (6) months prior to the solicitation closing date.

2. Pricing - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and for all tiers may result in a proposal being removed from consideration for award as technically unacceptable. The Government will perform an aggregate price analysis on all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's Evaluated Aggregate Price, the Weighted Aggregate Distribution Price will be added to the Aggregate Delivered Price. Please refer to paragraph (d) of this provision for further details regarding these price components. The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.

Technical and past performance, when combined, are not applicable.

(b) Options are not included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(d) Price Components:

1. Weighted Aggregate Distribution Price:

Aggregate Distribution Price is obtained by first multiplying the proposed distribution price for each item in the Schedule of Items by the item's estimated quantity to calculate the total distribution price for each item. Then, the total distribution prices of all items will be added together to determine the total distribution price for tier 1. The total distribution price for each subsequent tier will also be calculated. The total distribution prices for all tiers will be added together to determine the Aggregate Distribution Price. The Aggregate Distribution Price is then multiplied by a weighting factor of 6 to arrive at the Weighted Aggregate Distribution Price. Note: the weighting factor is applied only to the overall Aggregate Distribution Price (not on a line item basis), and is to be used for evaluation purposes only. The Government's use of a weighting factor of 6 for distribution pricing is done in order to more accurately balance the significance of the pricing components and their respective impact on any subsequent contract(s) issued under this solicitation.

2. Aggregate Delivered Price:

The Aggregate Delivered Price is obtained by first multiplying the proposed delivered price of each item in the Schedule of Items by the item's estimated quantity to calculate the total delivered price for each item. Then, the total delivered prices of all items will be added together to determine the total delivered price for tier 1. The total delivered price for each subsequent tier will also be calculated. The total delivered prices for all tiers will be added together to determine the Aggregate Delivered Price.

3. For purposes of the Price Proposal Evaluation, Weighted Aggregate Distribution Price and Aggregate Delivered Price are considered equal. This equality is accounted for mathematically by applying a weighting factor of 6 (based on current Government data) to the Aggregate Distribution Price.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
