The following are in-depth descriptions of the major reports listed in the table:

AMENDMENT 0001

placement dates, i.e. the report for March xx shall include all orders placed for deliveries 01-31 March xx. This would normally include orders placed the last day(s) of February xx. In addition to monthly fill rate reports, more frequent reports may be required on an as needed basis. The Government will compare and attempt to reconcile the Government and Contractor's reports. The Government's fill rate report will be the official government record for contract performance evaluation. The fill rate is calculated by dividing the number of cases accepted by the customer by the number of cases ordered. Mis-picks and damaged cases should not be included in this calculation. The report shall specify fill rates per customer and an overall average fill rate for all customers under the contract for the period being reported. The monthly fill rate reports should specify fill rates grouped by contract number/DODAAC (first six positions of the purchase order)/purchase order number. The date range of the report shall be based on the customer's required delivery date (RDD). Overall discrepancy report shall only include purchase orders that contain less than 100% fill rate and reason code for discrepancy. The Contractor shall submit a separate discrepancy spreadsheet containing a list of Government authorized and verifiable fill rate exceptions using acceptable codes as outlined in the solicitation. Please note that the fill rate could take up to three months to be calculated due to system reconciliation. However, the government's finding will serve as the final rate.

3) AbilityOne Subcontracting:

This report must list all products supplied by AbilityOne firms. Total dollars and percentages shall be highlighted within the Socioeconomic Report. Progress reports regarding these subcontracting efforts relative to AbilityOne entities are also required.

4) Small Business:

This report shall list all products manufactured and/or supplied by small business, small disadvantaged business, minority owned small business, women-owned small business, women owned small disadvantaged business, HUB Zone small business, veteran owned small business, service disabled veteran owned small business, and AbilityOne Program. This shall be sorted by manufacturer/supplier and include quantity and dollar value and shall be sorted by the applicable business size category of the manufacturer/supplier. The workshops in Non Profit Agencies participating in the AbilityOne Program are not to be categorized under Small Disadvantaged Business as they are non-profit organizations and should be considered their own separate category. Note: This report is for direct subcontracts for products supplied to customers. This report is not to include direct costs. SBA must certify (a) SDB that are a part of the SBA 8(a) program; and (b) HUB Zone business.

A summary page of the report shall also be submitted which highlights the total dollars and percentages for each category. This information is very important since DLA TROOP SUPPORT is required to report its success in meeting these goals for the Defense Logistics Agency (DLA).
