DFARS ORDERING CLAUSE 252.216-7006 ON PAGE 30 IN ITS ENTIRETY

Replace with:

252.216-7006 – ORDERING (MAY 2011) – DFARS

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the contract schedule. Such orders may be issued from effective date of the contract through up to 24 months thereafter.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c)(1) If issued electronically, the order is considered “issued” when a copy has been posted to the Electronic Document Access system, and notice has been sent to the Contractor.

(2) If mailed or transmitted by facsimile, a delivery order or task order is considered “issued” when the Government deposits the order in the mail or transmits by facsimile. Mailing includes transmittal by U.S. mail or private delivery services.

(3) Orders may be issued orally only if authorized in the schedule

SECTION II:

1) AMENDMENT 0003, PAGE 03, ALT I FAR 52.204-7 IS REMOVED.

2) AMENDMENT 0007, PAGES 23 THROUGH 29, 52.216-9064 ECONOMIC PRICE ADJUSTMENT (EPA) HAS BEEN DELETED IN ITS ENTIRETY AND REPLACED WITH:

52.216-9064 ECONOMIC PRICE ADJUSTMENT (EPA) – ACTUAL MATERIAL COSTS FOR SUBSISTENCE DELIVERED PRICE BUSINESS MODEL – DLA TROOP SUPPORT SUBSISTENCE PRIME VENDOR (SPV) CONTIGUOUS UNITED STATES (CONUS) (FEB 2013)

(a) Warranties. For the portion of the schedule that is covered by this EPA clause, the Contractor warrants that—

(1) Contract unit prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and

(2) Price adjustments invoiced under this contract shall be computed in accordance with the provisions of this clause.

(b) Definitions. As used throughout this clause, the term:

(1) “Private label holder” means:

(i) a manufacturer or grower with whom the contractor holds an ownership and/or financial interest, or ownership and/or financial interest in a specific item(s) produced by a manufacturer or grower; or

(ii) an entity holding an intellectual property interest, whether by ownership or license, in the label under which product is being sold in the commercial marketplace; or

(iii) an entity holding exclusive marketing and/or sales authority of a product, or one holding property rights in a proprietary product formula.

(2) “Redistributor” means an entity independent of the contractor from which the contractor purchases product for purposes of consolidating quantities and/or obtaining a competitive delivered price.

(3) “Standard Freight” means the published list price or prevailing market rate for transportation of subsistence and food service operating supplies, i.e. the transportation charge for delivery from the manufacturer/grower/private label holder or redistributor to the SPV Contractor. This may include inter-division transfers between the SPV Contractor’s warehouses provided the delivered price (inclusive of standard freight) of a product at a given time is identical to the delivered price of the same product at the same time to other commercial customers in the SPV Contractor’s electronic purchasing system.

(i) In the event the SPV Contractor picks up product free on board (f.o.b.) origin from a manufacturer/grower/ private label holder, or arranges for delivery transportation from a third party source other than the manufacturer/grower/private label holder, the standard freight charge shall be based on market tariffs/conditions and shall not exceed the lesser of:

(A) the manufacturer/grower/private label holder’s or manufacturer/grower/private label holder’s carrier’s freight price normally payable by the SPV Contractor for inbound shipments of such products and quantities to the Contractor’s distribution point; or

(B) an average price based on market conditions for freight in the same market for the same type of freight service for like products, shipping methods and quantities.

(ii) In rare circumstances, and only with the Contracting Officer's written approval, the SPV Contractor may use drop shipments, i.e. the product is shipped directly from the manufacturer/grower / private label holder to the customer without the SPV Contractor taking possession. This may involve transportation charges using non-standard freight such as FedEx, United Parcel Service (UPS), or the United States (U.S.) Postal Service. In such instances the Contracting Officer will determine price reasonableness on the unit price inclusive of freight.

(4) "Contract unit price" means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support's customers. The Contract unit price consists of three components: delivered price plus distribution price less Government rebates and discounts. The unit price sum of the three component prices shall be rounded up or down as applicable, to the nearest cent to determine the final Contract unit price.

(5) Delivered price

(i) Delivered price" means the most recent manufacturer, grower, or private label holder commercial price per unit to the Contractor, inclusive of all standard freight, that is input in the contractor's purchasing system as the starting basis for its pricing to customers prior to the application of any specific distribution fees, rebates, discounts, limited discounts, or other financial agreements with the Contractor's customers. The delivered price shall be based on f.o.b. destination delivered using standard freight. The delivered price shall exclude all costs that are to be covered in the distribution price. The SPV Contractor warrants that the delivered price to its delivering warehouse of a product sold at any given time by the SPV Contractor to DLA Troop Support customers is identical to the delivered price of such product sold at the same time to its other customers.

(A) Exception: For mandatory source items, the delivered price shall be limited to the nonprofit agency's price for product as set in accordance with applicable law, plus standard freight.

(B) Exception: A redistributor's price for a specific manufacturer/grower/private label holder's product (or stock keeping unit (SKU)) may be used as long as the redistributor's price for the quantity ordered is equal to or lower than the manufacturer's/ grower's/ private label holder's current price inclusive of Government rebates and discounts (as defined below). Supporting documentation (published price list, manufacturer letter/email, or similar proof of price comparison) may be required. The determination that the supporting documentation is sufficient to establish the

manufacturer's/ grower's/ private label holder's current price rests solely with the Contracting Officer.

(C) Exception: Standard freight may not apply to drop shipments and f.o.b. origin pickups.

(ii) The Contractor shall utilize best commercial practices in purchasing its food items under this contract, to include seeking and using competition to the maximum extent practicable for all purchases and purchasing in the most economical order quantities and terms and conditions.

(6) "Distribution Price(s)" means the firm fixed price portion of the Contract Unit price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The distribution price is the only method for the Contractor to bill the Government for all aspects of contract performance other than delivered price; including but not limited to, the performance requirements of the statement of work (SOW) for the applicable SPV solicitation and resulting contract. As detailed above in paragraph (5), delivered price is distinct from and not to be included in the distribution price. For both drop shipments and Government pick-ups, the Contracting Officer may negotiate a reduced distribution price with the Contractor since the Contractor is not handling the product.

(7) "Government rebates and discounts" means all rebates, discounts, and limited discounts designated for the Government, including National Allowance Pricing Agreements (NAPA) discounts, food show discounts, early payment discounts (other than qualifying early payment discounts as defined in the Rebates, Discounts and Price Related Provisions section of the solicitation), and any other rebates, discounts, or similar arrangements designated by the manufacturer/grower/ private label holder or redistributor to be passed to the Government or passed to all customers without specific designation. In accordance with other provisions of the contract (and subject to any applicable exceptions in those provisions), all Government rebates and discounts shall be passed to the Government via a reduced catalog price (i.e. "off invoice"). Any Government rebates and discounts that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check payable to the U.S. Treasury, with an attached itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and contract line item number (CLIN).

(8) "Ordering catalog" means the electronic listing of items and their corresponding Contract unit prices available for ordering under this contract.

(9) "Ordering Week" means from Sunday at 12:01 AM through the following Saturday until midnight (Eastern Time ET, standard or daylight as applicable).

(c) Price adjustments.

(1) General.

(i) All Contract unit prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the delivered price component of the Contract unit price is subject to adjustment under this clause. After the first ordering week, if the Contractor's delivered price changes for any or all Contract unit prices, the Contract unit price shall be changed in the next week's ordering catalog upon the Contractor's request, submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the delivered price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next ordering week. All ordering catalog unit prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract unit price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent ordering week.

(ii) Catalog delivered prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into SPV contractor's inventory).

(iii) Updates to the delivered price: All notices and requests for new item delivered prices and price changes shall be submitted weekly, no later than 1:30 PM Eastern Time on Wednesday, to be effective in the following ordering week's ordering catalog prices. The delivered price shall have any and all Government rebates and discounts subtractions made prior to presenting the delivered price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange (EDI) 832 transaction set. The change notice shall include the Contractor's adjustment in the delivered price component of the applicable Contract unit price. Upon the Contracting Officer's acceptance of such EDI 832 price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next week's ordering catalog and each Contract unit price shall be changed by the same dollar amount of the change in the delivered price in the next week's ordering catalog.

(iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior ordering weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, manufacturer/grower/private label holder documentation regarding Government rebates and discounts, and any other substantiating information requested by the Contracting Officer.

(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting

Officer does not notify the Contractor by close of business Eastern Time each Friday that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following ordering week. The posting of updated prices in the ordering catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change. Any changes that post to the ordering catalog do not constitute a waiver of any of the rights delineated elsewhere in the contract.

(vi) Should the Contracting Officer determine that, or question whether a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is(are) higher than lower delivered prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business Eastern Time on Friday. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's ordering catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the ordering catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item may be considered negatively in any evaluation of performance.

(vii) In the event of a price change not posting or an ordering catalog contract unit price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract unit price, upon discovery of such event the Contractor shall promptly notify the Contracting Officer in writing and promptly thereafter correct its ordering catalog and submit a refund including interest for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the ordering catalog, if the contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.

(2) Limitations. All adjustments under this clause shall be limited to the effect on contract unit prices of actual increases or decreases in the delivered prices for material. There shall be no upward adjustment for—

- (i) Supplies for which the delivered price is not affected by such changes;
- (ii) Changes in the quantities of materials; and

(iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract unit price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.

(3) If the Contracting Officer rejects a proposed adjustment for an item because the adjusted unit price cannot be determined fair and reasonable, the Contractor shall have no obligation to fill future orders for such item as of the effective date of the proposed adjustment unless such item is subsequently added to the contract at a Unit Price that is determined fair and reasonable. Alternately, the item may be retained on the catalog at the prior (unadjusted) price for as long as both parties agree to do so.

(d) Upward ceiling on economic price adjustment. The aggregate of contract delivered price increases for each item under this clause during the contract period inclusive of any option period(s) shall not exceed 30 percent (%) for all items except fresh fruits and vegetables (FF&V) and 90 percent (%) for fresh fruits and vegetables (FF&V) of the initial contract delivered price, except as provided below:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832 price change request and separate email no later than the time specified in paragraph (c)(1)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the delivered price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill future orders for such items, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing. After evaluation of a requested actual price increase, if the Contracting Officer authorizes the change in the Contract unit price, the Contractor shall submit an EDI 832 price change. The price change shall be posted for the following week's ordering catalog.

(e) Downward limitation on economic price adjustments. There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.

(f) Examination of records. The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur up to twice a year (except as provided for below) until the end of 3 years after the date of final payment under

this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier. These will normally involve Government selection of a statistically significant sample size of invoices/records to examine based on the number of line items on the specific contract catalog. If an examination of records reveals irregularities, further examinations and/or a larger sample size may be required. In addition to normal examination, the Government may conduct additional examinations at the Contracting Officer's discretion.

(g) Final invoice. The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required or authorized by this clause.

(h) Disputes. Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.

SECTION III:

The following are provided to clarify and/or revise the answers previously provided in Amendment 0007. Offerors are reminded that all answers are provided for clarification purposes only and do not change the requirements in the solicitation. The solicitation is hereby extended to July 16, 2013 @ 2:00 PM Eastern standard time.

1. The answer to question 9 is replaced as follows:

REFERENCE: DLAD 52.216-9064 ECONOMIC PRICE ADJUSTMENT (EPA) – ACTUAL MATERIAL COSTS FOR SUBSISTENCE DELIVERED PRICE BUSINESS MODEL – DLA TROOP SUPPORT SUBSISTENCE PRIME VENDOR (SPV) CONTIGUOUS UNITED STATES (CONUS) (FEB 2013)

9. VENDOR QUESTION: Is there any restriction on the mechanism or entity through which Private Label Holders set the price for invoices that establish delivered price? For example:

- a. May such distributors set the price of their products through intermediaries who do not directly manufacture or grow the product?

DLA Troop Support Answer: Yes. A distributor that meets one of the definitions of Private Label Holder may set its price as it sees fit, provided it is done in a commercial marketplace and the price is input in its system as the starting basis for all customer pricing, as required in the definition of Delivered Price.

- b. May such distributors set price through the use of a distributor business unit or affiliated organization?

DLA Troop Support Answer: Yes; see above answer.

- c. May such distributors set price through the use of a price list?

DLA Troop Support Answer: Yes; see above answer.

2. **Questions 54 and 61 are revised as follows:**

REFERENCE: SUPPORTING PRODUCT INFORMATION, A. Invoices/Quotes.

- 54. VENDOR QUESTION:** Is there any minimum number of weeks that a quote must last to be considered valid?

DLA Troop Support Answer: To be considered a valid quote, the price should be in effect for a period of time consistent with the period of time a quote for such item is normally valid in the commercial marketplace, and the offeror must be willing to hold this price through final proposal revisions (at least as long as the 271 day period specified for Period for Acceptance of Offers in paragraph 2 of the Addendum to FAR 52.212-1). If awarded the contract, the quoted price (or lower price if available) must be held through the initial catalog and the product must be available to our customers.

- 61. VENDOR QUESTION:** Confirm that there is no minimum time for the duration of a quote period.

DLA Troop Support Answer: To be considered a valid quote, the price should be in effect for a period of time consistent with the period of time a quote for such item is normally valid in the commercial marketplace, and the offeror must be willing to hold this price through final proposal revisions (at least as long as the 271 day period specified for Period for Acceptance of Offers in paragraph 2 of the Addendum to FAR 52.212-1). If awarded the contract, the quoted price (or lower price if available) must be held through the initial catalog and the product must be available to our customers.

3. Questions 55, 58, and 59 remain unchanged. DLAD 52.216-9064 and related pricing provisions define Delivered Price as the most recent “commercial price per unit to the Contractor, inclusive of all standard freight, that is input in the Contractor’s purchasing system as the starting basis for its pricing to customers...” and require that “the delivered price to [the contractor’s] delivering warehouse” is “identical to the delivered price of such product sold at the same time to its other customers.” The definition of Standard Freight states that standard freight may include interdivision transfers between the contractor’s warehouses “provided the delivered price (inclusive of standard freight) of a product at a given time is identical to the delivered price of the

same product at the same time to other commercial customers in the SPV Contractor's electronic purchasing system." This language requires delivered price to be identical to the single price in the contractor's system for its delivering warehouse, not a or any price into the contractor's corporate distribution network.
