UPDATED/ADDITIONAL CLAUSES:

FAR 52.212-4, CONTRACT TERMS AND CONDITIONS --COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021) is incorporated in this solicitation by reference. Its full text may be accessed electronically at <https://www.acquisition.gov/far/index.html>. Text is available for viewing in Subpart 52.2 Text of Provisions and Clauses, through either the HTML or PDF Format links.

The following paragraph of FAR 52.212-4 is amended as indicated below:

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:
Inspection and acceptance of products will be performed at destination . The Government's authorized receiving official for each customer is responsible for signing for and accepting products when they are delivered. In the absence of an applicable medical inspection authority, the final disposition decision to accept or reject product rests with the food service officer and/or the Government's authorized receiving official. However, when an applicable medical inspection authority is present, a decision to reject product rests with the medical authority under the following conditions. Please note, additional conditions may apply as determined by the medical authority.
 - (1) Unsanitary conveyances - gross filth, pesticide spillages, mold, etc.
 - (2) Improper temperatures of potentially hazardous foods.
 - (3) Unapproved sources (those not previously assessed; passed their required response time; or those deemed an unacceptable risk).
 - (4) Contamination (intentional or unintentional).
 - (5) Unwholesomeness.
 - (6) Off-condition or damaged.
 - (7) Stored product pests (insect infestation, rodent or animal damage).
 - (8) Food defense concerns
2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:
(c) Changes.

In addition to bilateral modifications the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.
The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:

method of shipment or packing;
place, manner, or time of delivery.

If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

3. Paragraph (g), Invoice, is revised to add the following:

- (3) Each delivery will be accompanied by the Contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the delivery ticket/invoice, keep one (1) copy and return original copy to the vendor. Any changes must be made on the face of the invoice; attachments are not acceptable.
- (4) All invoicing for payment is to be filed electronically using EDI transaction set 810 (see for Subsistence Total Order and Receipt Electronic System (STORES) EDI Information). No paper invoices shall be submitted to DFAS for payment. All invoices submitted by the Contractor must be "clean," i.e. all debits and/or credits must be reflected on the invoice prior to submission. Electronic invoices should be filed promptly (i.e. once all credits and/or credit adjustments are made) and in any case, in fewer than 90 days after delivery.
- (5) Invoice transactions may be submitted to DLA Troop Support daily; however, all internal debit/credit transactions must be completed prior to the submission of the invoice. Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for

correction and re-submission.

(6) The same invoice cannot be submitted with different dollar amounts.

(7) For catch weight items, standard rounding methods must be observed, i.e. < 5: rounded down; = 5 or > 5: rounded up. All weights must be rounded to whole pounds using standard rounding methods. Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the vendor.

(8) Unit prices and extended prices must be formatted not more than two (2) decimal places to the right of the decimal point. Subsistence Total Order and Receipt Electronic System (STORES) will not accommodate positions of 3 and above beyond the decimal point

(9) The following address must appear in the "Bill To" or "Payment Will Be Made By" block of the Contractor's invoice:

DFAS - Columbus Center
Attn: DFAS - CO-
P.O. BOX 182317
COLUMBUS, OH 43218-6260

(10) Each invoice shall contain sufficient data for billing purposes. This includes, but is not limited to: Contract Number, Call or Delivery Order Number, and Purchase Order Number; Department of Defense Activity Address Code (DoDAAC);

Contract line listed in numeric sequence (also referred to as CLIN order);

Item nomenclature;

LSN or NSN;

Quantity purchased per item in DLA Troop Support's unit of issue;

Total dollar value on each invoice (reflecting changes to the shipment, if applicable).

(11) Vendors are required to use the Vendor Reconciliation Tool [see below] to identify and correct mismatches between invoices submitted and customers posted receipts. It is the responsibility of the Contractor to adjust as necessary and communicate with the customer or DLA Troop Support as needed, in order to resolve any/all discrepancies. In the event of an unresolved payment discrepancy, the vendor must present a signed delivery ticket/invoice.

4. Paragraph (i), Payment, is revised to add the following:

(7) DFAS Columbus Center is the payment office for this acquisition.

(8) All 810 electronic invoices must be submitted with accurate, sufficient, clean data before any payment can be made.

(9) All offerors must have the ability to accept an 820 transaction set from its financial institution. DFAS Columbus will no longer forward a detailed summary of payment(s); this information will only be available from your bank.

(10) Vendor Reconciliation Tool: In an effort to improve the payment process, vendors will have availability to view what the customer has or has not receipted, via the website <http://www.troopsupport.dla.mil/subs/recon1.pdf>. The Contractor will have access to "unreconciled" information, i.e. the invoice does not match the receipt because of a quantity or price discrepancy, or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the BSM website by the Contractor. While the vendor will not have the capability to update customer receipt information, update capability will be available for unreconciled invoice information for approximately 30 days.

(11) The Government intends to make payments under the resultant contract by electronic funds transfer (EFT). Reference Clause FAR 52.232-33, "Payment by Electronic Funds Transfer - System for Award Management (Oct 2018)." "Mandatory Information for Electronic Funds Transfer Payment" appearing in the section of this contract entitled "Contract Clauses." However, the election as to whether to make payment by check or electronic funds transfer is at the option of the Government.

5. Paragraph (m), Termination for Cause. Delete paragraph (m) in its entirety and substitute the following:

(m) Termination for Cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for cause, such termination shall be deemed a termination for convenience.

6. Paragraph (o), Warranty, is revised to add the following:

"In the event that a product recall is initiated by the Contractor, grower or manufacturer, the Contractor shall follow the procedures as outlined below:

Immediately notify the following personnel:

Customers that have received the recalled product;

DLA TROOP SUPPORT Contracting Officer;

DLA TROOP SUPPORT Account Manager; and

DLA TROOP SUPPORT Consumer Safety Officer at 215-737-3845

Provide the following information to the DLA Troop Support Consumer Safety Officer within three business days:

Reason for recall;

Level of recall, i.e. Type I, II or III;

Description of product;
Amount of product;
List of customers that have received product; and
Name and phone number of responsible person (Recall Coordinator)

The Contractor shall provide a Final Status Report of Recall, when completed, to the DLA Troop Support Consumer Safety Officer."

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties that the Contractor gives to any customer. The supplies and the rights and remedies provided therein are in addition to, and do not limit, any rights afforded to the Government by Clause FAR 52.212-4(o) "Warranty," "Contract Terms and Conditions-Commercial Products and Commercial Services Contract Terms and Conditions-Commercial Items " and any addendum contained in the solicitation.

7. Paragraph (s), Order of precedence, is revised to add the following:
(10) The Vendor's Non-Price Proposal

8. Paragraph (wW), System for Award Management.
Add the following paragraph:

(a) Definitions.

"System for Award Management (SAM) database" means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes.

"Commercial and Government Entity (CAGE) Code" means-

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or Government entity; or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization or by the NATO Support and Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA Commercial and Government Entity (CAGE) Branch records and maintains in the CAGE master file. This type of code is known as a NATO CAGE (NCAGE) code.

"Unique Entity Identifier" means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

"Registered in the System for Award Management database" means that-

(1) The Offeror has entered all mandatory information, including the unique entity identifier and the EFT indicator, if applicable, the Contractor and Government Entity (CAGE) code, as well as date required by the Federal Funding Accountability and Transparency Act of 2006, into the SAM database;

(2) The Offeror has completed the Core Data, Assertions, and Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service. The Offeror will be required to provide consent for TIN validation to the Government as part of the SAM registration process.

(4) The Government has marked the record "Active".

9. Add: Paragraph (xX), Contractor Performance Assessment Reporting System (CPARS):
Background

Contractor Performance Assessment Reporting System (CPARS) is now hosting web-enabled applications that are used to collect and manage a library of automated Contractor performance evaluations that are completed in accordance with FAR Parts 36 and 42. FAR Part 36 identifies the requirements for documenting Contractor performance for architect-engineer and construction contracts while FAR Part 42 identifies requirements for documenting Contractor performance for systems and non-systems acquisitions. The CPARS applications are designed for UNCLASSIFIED use only. Classified information is not to be entered into these systems. In general, Contractor performance assessments or evaluations provide a record, both positive and negative, for a given contract during a specified period of time. When evaluating Contractor performance each assessment or evaluation is based on objective facts and is supported by program and contract management data, such as cost performance reports, customer comments, quality reviews, technical interchange meetings, financial solvency assessments, construction/production management reviews, Contractor operations reviews, functional performance evaluations, and earned contract incentives.

Effective October 1, 2006, a Department of Defense (DoD) Public Key Infrastructure (PKI) Certificate is required for all DoD users accessing CPARS. Effective November 1, 2006, a DoD PKI Certificate is required for all Contractor users accessing CPARS. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions.

Obtaining a PKI certificate

Contractors who do not work at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities (ECAs). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non-government facilities. A list of ECAs is available at <https://public.cyber.mil/>. Each Contractor employee accessing CPARS will need an Identity Certificate (An Encryption Certificate is not required). Certificate prices range in from \$99 - \$115 per certificate per year, with volume discounts at some ECAs.

Each Contractor must fully comply with the DoD requirement to implement PKI in order for our information systems to remain secure and viable.

G01 ADDITIONAL WIDE AREA WORKFLOW (WAWF) INFORMATION (AUG 2017)

Contractors shall include the Transportation Control Number (TCN) and carrier shipment tracking information when

submitting the DD250/iRAPT Receiving Report in Wide Area Workflow (WAWF) in order to assist with material inspection and acceptance.
