To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. RAPID GATE, DEFENSE BIOMETRIC IDENTIFICATION SYSTEM (DBIDS) REQUIREMENT and/or OTHER SECURITY PROGRAMS

Many bases may require enrollment in a particular system for base security such as RAPIDGate, the Defense Biometric Identification System (DBIDS), or other similar system(s). Such systems manage access to Department of Defense (DoD) installations and will not allow entry without clearance. During the contract start-up/ implementation period, the Contractor must contact all customer locations to determine whether enrollment in RAPIDGate, DBIDS, or another security program is required for access to each location. If RAPIDGate, DBIDS, or other security enrollment is required, the Contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have clearance may result in a vendor being turned away from the base and being unable to complete delivery. The Contractor is responsible for any costs associated with RAPIDGate, DBIDS, and/or other security program enrollment and must ensure that a properly enrolled driver is available for all deliveries. We currently estimate that RAPIDGate or DDBIDS enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RAPIDGate, DBIDS or other security enrollment may vary, so the Contractor should contact the specific security system contractor to determine its own costs. If more than one driver is required, enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment is encountered during the start- up/implementation period, the Contractor MUST contact the specific security system contractor and/or the Security Officer at the applicable customer locations to resolve any issues with processing enrollment so that the Contractor will be able to deliver as required.

For additional information on current base security systems including RAPIDGate and DBIDS, including enrollment instructions, please visit their websites at www.fortoirsolutions.com and <http://dbids.dmdc.mil>.

STATEMENT OF WORK

I. INTRODUCTION

Defense Logistics Agency (“DLA”) - Troop Support (“Agency”) intends to enter into one (1) Indefinite Delivery Purchase Order (IDPO) with a commercial firm(s) to supply Fresh Milk & Other Dairy products to Department of Defense (“DoD”, or “Troop”) customers in the Bridgeport, CA. Specific requirements per item are included in the Schedule of Items (Attachment 1). Failure to propose the specified requirement per item as identified in Attachment 1 may render an offeror's proposal technically unacceptable. A successful offeror(s) will be required to source, purchase, store, and deliver a variety of milk and dairy items to DLA Troop Support customers on an ongoing basis, while at the same time maintaining acceptable fill rates, levels of customer service, and product quality. Therefore, an offeror must currently possess the physical, logistical, and financial resources to serve as a commercial distributor of a variety of milk and dairy items. It is neither sufficient nor acceptable for an offeror to be a third-party logistics (“3PL”) company (i.e. a company that does not intend to serve as the milk and dairy supplier but instead intends to subcontract out the majority of aspects required by the contract, including but not limited to ordering, warehousing, distribution, etc.). By offering, an offeror affirms its status as a current and functioning commercial distributor of milk, dairy items. In order to determine whether an offeror meets the technical requirement of being a current and functioning commercial milk and dairy distributor, the Contracting Officer will require an offeror to submit a copy of each third party warehouse audit (i.e., Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers or other state or federal sanitation inspection certificates). The audit report(s) must demonstrate that a passing score(s) was/were received. Please note that a request for the aforementioned information by the Contracting Officer will be used to make a determination of whether or not the offeror meets the technical requirement of being a current and functioning commercial distributor of milk and dairy. This information is not being sought to determine an offeror's likelihood of success in performing the contract as would be the case in a responsibility analysis.

- B. The aforementioned zone is comprised of (1) Group in the area described above. Group 1 consists of customers located at and/or in Bridgeport, CA. Group 1 contract period is expected to be from August 14, 2022 through August 9, 2025. The Agency intends to award one contract per Group. The offeror must support all of the customers in the Group for which they make an offer. Offerors are required to propose on all items in the Schedule of Items. Failure to do so may result in its proposal being deemed technically unacceptable and therefore excluded from further consideration for award. Because the Contracting Officer is not obligated to initiate negotiations, each offeror shall submit its most competitive proposal. Said proposal shall be responsive to all of the Solicitation's requirements and free from any deficiencies.
- C. The resultant Contract will be an Indefinite Delivery Purchase Order (IDPO) that provides for an indefinite quantity, within states limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing order with the contractor (FAR 16-504(a)). The total contract period will be thirty- six months. The IDPO will be firm-fixed contract with economic price adjustment (EPA) for class I fluid milk item and a firm-fixed price contract for all other items for the entire term of the contract

Form (CONTINUED)

D. The contract will not exceed thirty-six months or \$250,000.00 aggregate value, whichever occurs first. The contract will begin on August 14, 2022 and end on August 9, 2025. Prices will be firm-fixed, thus not subject to change, except for the prices of class I fluid milk items, which are subject to the EPA terms and condition contained in this solicitation. Prices will be based on the time an order is placed, not when an order is delivered. For example, if an class I fluid milk item is placed before a price adjustment (in accordance with the EPA terms and conditions), but delivery is made after a price adjustment, then the prices in effect for that order will be the prices before the price adjustment.

E. This solicitation is being issued as unrestricted With HUBZone evaluation preference under full and open competition procedures. NAICS is 311511 and size standard is 1000.

F. This Solicitation utilizes the Lowest Price Technically Acceptable ("LPTA") Source Selection Process. The length of the contract is 36 -months (3- years).

II. EFFECTIVE PERIOD OF CONTRACT

A. Any resulting contract from this Solicitation will not exceed 3 years commencing on the effective date of August 13, 2022.

III. CONTRACT START-UP PERIOD

After an award is made, the Contractor (also referred to as the Awardee) will be required to take steps to implement its new contract prior to initial ordering/delivery. This may include but is not limited to invoicing (STORES), sourcing new items, finalize delivery schedule per customer location, base access, etc. The timeline for the "start-up" period, as described above, is not included in the first 24-month performance period

IV. ELECTRONIC ORDERING CATALOGS

An offeror that receives an award will be required to maintain electronic catalogs (STORES) that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number (as appropriate), Government item description, packaging characteristics, unit of issue, and unit price.

A. Catalog Maintenance

- New Items

If a customer seeks to order a Milk and/or Dairy item that is not a part of the catalog after the customers' ordering period commences (i.e. post "start-up" period), the Contractor will be afforded a maximum of 10 days to source the item and have the item added to the ordering catalog. The final step prior to the item being "live" on the catalog is for the Contracting Officer to determine the item's price "fair and reasonable." Once this is complete, the item should remain a constant within the contractor's inventory, subject to availability issues. When requesting all item approvals (including new additions and/or changes to an existing item, such as pack size, etc.) with the Contracting Officer, the

Form (CONTINUED)

Contractor shall use the "Request for New Item" Form (Attachment 2). This form is mandatory and without it, no new items or changes to existing items will be processed by the Contracting Officer.

2. Catalog Pricing

- (a) Schedule of Items Pricing: Items priced in the Schedule of Items (see Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award.
- (b) Contractor-Requested Catalog Price Changes: Upon award, all items included in the Solicitation's Schedule of Items that ultimately are included in the ordering catalogs have been deemed "fair and reasonable" from a pricing standpoint by the Contracting Officer.
- (c) Contractor-Requested Catalog Additions: Before an item is added to the catalog, the Contractor is required to submit to the Contracting Officer the "Request for New Item" Form as previously addressed (see Attachment 2). Said request shall include the stock number, Government item description including the quality grade of the item (if applicable), proposed unit price with a corresponding supplier invoice or quote (quotes) permitted in very limited circumstances as approved by the Contracting Officer; e.g. Contractor never purchased item before. The Contracting Officer will review the catalog addition request and upon determining the price "fair and reasonable" will contact the Contractor to indicate acceptance. The item once accepted will be added by the Contracting Officer to the catalog. Should the proposed price fail to be determined "fair and reasonable," the Contracting Officer will conduct negotiations with the Contractor. If, after negotiations, the proposed price still cannot be determined "fair and reasonable," the item will not be added to the catalog.
- (d) Pricing Requirements: The Contractor's catalog prices, as awarded, constitute the initial catalog prices. The prices shall remain in effect for all subsequent ordering periods except as otherwise adjusted in accordance with the EPA provision.

VI. Berry Amendment

- A. The Berry Amendment contained in Defense Federal Acquisition Supplement ("DFARS") 252.225.7012 included in this solicitation is applicable. This regulation mandates that all foods items including milk and other dairy items provided under instant solicitation and resulting contracts be produced and manufactured in the United States.

VII. ECONOMIC PRICE ADJUSTMENT (EPA) - ESTABLISHED MARKET PRICE - MILK 52.216-9032**VIII. (FEB 2009)**

- (a) To the extent that contingent cost increases are provided for by this clause, the contractor warrants that prices included in the contract do not include any amount to protect against such contingent cost increases.
- (b) This EPA clause applies to Skim Milk and Butterfat Fluid Milk Products classified as Class I Milk only (i.e., whole milk, fat-free milk, low fat milk, light milk, reduced fat milk, milk drinks, eggnog and cultured buttermilk, including any such beverage products that are flavored, cultured, modified with added nonfat milk solids, sterilized, concentrated, or reconstituted. As used in this paragraph, the term concentrated milk means milk that contains not less than 25.5 percent, and not more than 50 percent, total milk solids). Any package sizes other than gallons will be prorated based upon the price adjustment per gallon.
- (c) Class I milk, as described in this clause, is subject to the regulations of the United States Department of Agriculture under the Federal Milk

Marketing Orders.

(d) The economic indicator for the purpose of prospective adjustments to contract prices under this clause shall be the Class I price [(Base Skim Milk Price for Class I times 0.965) plus (Advanced Butterfat Pricing Factor times 3.5)] in the Announcement of Advanced Prices and Pricing Factors released by the U.S. Department of Agriculture, Agricultural Marketing Service, Dairy Programs. The Announcement is released on the Friday before the 23rd of the month unless the 23rd of the month falls on a Friday in which case, Friday the 23rd will be the release date.

(e) Price adjustments shall be based on the following:

(1) The "base price" for the purpose of the initial adjustment calculation under this clause shall be the current month price of the economic indicator in effect at (i) the closing date for proposals, if no discussions are held, or (ii) the due date for final proposal revisions, if discussions are held. The "base price" for each subsequent monthly adjustment calculation shall be the adjusting price from the previous month.

(2) The "adjusting price" shall be the monthly price of the economic indicator released following the month used to determine the "base price".

(f) For the purpose of price adjustments pursuant to this clause:

(1) Adjustments will be made in increments of \$0.01 per gallon when and only when the change per gallon in either direction is equal to or greater than +/- \$0.0100.

(2) Adjustments in excess of \$0.0100 per gallon and in excess of \$0.0050 for units other than a gallon (i.e., half gallon, quart, pint and half pint) will be rounded to two decimal places to accommodate systems requirements of the Subsistence Total Order Receipt Electronic System (STORES), as follows:

\$0.0050 to \$0.0099 = \$0.01

\$0.0100 to \$0.0149 = \$0.01

\$0.0150 to \$0.0199 = \$0.02

\$0.0200 to \$0.0249 = \$0.02

\$0.0250 to \$0.0299 = \$0.03, etc.

(3) One hundred weight (CWT) as used in the price of the economic indicator equates to 11.63 gallons of milk deliverable under this contract.

(g) Promptly following release of the Announcement of Advanced Prices and Pricing Factors applicable to the following month, the contracting officer shall compute the adjustments, if any, to the current contract prices for the purpose of determining any revised prices applicable to orders for the next month in the manner detailed below:

(1) Compute adjusting price.

(2) Compute base price.

(3) Compute change from base price. (4) Convert the price change to price per gallon.

(5) Compute price change for other units other than a gallon.

(6) Round price adjustment(s) from lines (4) and (5) to nearest \$0.01 increment (see paragraph (f)(2)).

(7) Compute adjusted contract unit price(s). The following sample price computation is an illustration using January as the Base Price and February as the Adjusting Price.

There is no percentage limitation on the amount of downward adjustments that may be made under this clause.*
- (k) *In the event publication of the economic indicator is discontinued or its method of calculation substantially altered so that it no longer reflects market prices, the parties shall mutually agree upon an appropriate substitute for price adjustment(s) under this clause.*
- (l) *Any dispute arising under this clause is subject to the "disputes" clause of the contract.*

VIII. BUY AMERICAN ACT

- A. The Buy American Act, contained in Federal Acquisition Regulation ("FAR") 52.225-1 and included in this solicitation, is applicable. This regulation mandates that all food items, including milk and dairy items, provided under the instant solicitation and resulting contracts be produced and manufactured in the United States.

IX. ADDITION OF NEW CUSTOMERS

- A. Adding Customers within the Contract's Geographic Distribution Region/Zone:
1. After contract award, there may be instances when new customers request support of their fresh milk and dairy requirements. Additional DoD and/or Non-DoD federal government customers that request DLA Troop Support fresh milk and dairy support may be added to the contract without any new acquisition or competition process, if the customer(s) is/are within the geographic distribution region/zone covered by this contract.
 2. The decision as to whether a potentially new customer is within the contract region or zone and, thus, will be added to the contract without further competition and at the existing contract prices, shall be the sole decision of the DLA Troop Support Contracting Officer.
 3. Pursuant to the above, the Contracting Officer will instruct the contractor to include the customer(s) at the effective contract prices applicable to that distribution zone/region.
- B. Under no circumstance may the resulting contract's maximum dollar value be exceeded with the addition of any customer(s) and its respective milk and dairy requirements.

X. CUSTOMER SERVICE

- A. The contractor(s) shall treat each of the customers covered under the contract as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under

the resulted contract.

- B. Troop and other customers conduct periodic food menu boards and similar meetings that the Contractor may be required to attend. At these meetings, the customers typically review their internal business practices and may request that the Contractor show new products and/or provide nutritional information.

XI. ORDERING SYSTEMS

- A. Subsistence Total Order & Receipt Electronic System ("STORES"): DoD customers will order using the STORES catalog as applicable.

1. Accessed via the Internet, STORES is the Government's translator/ordering system that is capable of accepting orders from any of the Services', i.e., Army, Air Force, Navy, or Marines, individual ordering systems and translating them into an Electronic Data Interchange ("EDI") format. In addition, this information is passed to DLA Troop Support for the purposes of contractor payment and customer billing.
2. Customers will be able to order all of their requirements through STORES. The system will transmit orders to the Contractor and DLA-Troop Support.
3. The Contractor is required to interface with STORES and must be able to support the following EDI transactions: 810 Electronic Invoice 820 Payment Voucher Information

The EDI-capability is not a requirement for award under this solicitation, however, offerors should consider moving towards a fully function EDI environment.

If a vendor is not capable of receiving an order through EDI, then a copy of the STORES Orders will be transmitted VIA FAX from the customers listed in this solicitation to the successful awardee(s). While it is not a requirement of this solicitation, Vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.

Note: A complete description of these transaction sets is included in the "EDI Implementation Guidelines" and can be found at <http://www.dla.mil/TroopSupport/Subsistence/Doing-Business-with-Sub/STORES/>, click STORES and EDI Requirements.

5. The Contractor shall have access to the Internet and be able to send and receive electronic mail (email). Unit prices must be formatted not more than two (2) places to the right of the decimal point in all ordering catalogs. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
6. Contractors are required to utilize the Government's item descriptions on all invoices, delivery tickets to the customer, and 810 invoice.
7. The Contractor will utilize the DLA Troop Support invoice reconciliation process, or other such systems as may become available, to the maximum extent, towards the goal of correcting invoices early and facilitating the payment process.
8. In the event the STORES system or the Contractor's interface is not operational, the Contractor must provide alternate ways for the customer to order (e.g., by fax by phone, pick up orders, etc.)
9. Public Key Infrastructure ("PKI")/ External Certificate Authorities ("ECA") Certificates: The Department of Defense ("DoD") PKI Certificate will be required for all DoD users. A DoD PKI certificate will be required for all contractors. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic

Form (CONTINUED)

transactions.

(a) Obtaining a PKI certificate:

- (i) Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities ("ECAs"). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non - Governmental facilities. Certificate prices range from \$99 - \$179 per certificate per year, with volume discounts at some ECAs. A list of ECAs is available at the following web address: https://www.transactionservices.dla.mil/daashome/pki_contacts.asp.
- (ii) Each contractor must fully comply with the DoD requirement to implement PKI in order for our information systems to remain secure and viable.

10. Purchase Orders

There shall only be one invoice per purchase order and only one purchase order per day. This will reduce invoice and payment issues. At no time is a delivery permitted to deliver items that do not appear on the purchase order.

XII. ORDER PLACEMENT and ADJUSTMENTS/CANCELLATION OF ORDERS

- A. The minimum order requirement for any resultant contract is \$75.00. This requirement shall be based on the aggregate total of orders for a specific delivery date to all customers located within a particular military base or delivery location.
- B. Customers shall place orders via STORES to accommodate at a minimum a 2-day lead time, i.e. "skip day" delivery. For example, an orders placed on Monday, September 1st would have a required delivery date of Wednesday, September 3rd. Orders shall generally be sent by the customer no later than 10:00 a.m. to allow the vendor to receive orders the same business day. However, a customer may decide to place an order with a longer lead-time for delivery, except as noted under the - "Holidays" subsection under the "Deliveries and Performance" section of this Solicitation.

Once submitted through the applicable electronic ordering system (STORES), an order may be cancelled by a customer up to 24 hours before scheduled delivery via written notification to the Contractor and the Contracting Officer. Within less than 24 hours from delivery, an order may be cancelled by mutual agreement between the customer and the Contractor. In the event of an act of God, such as extreme weather, the specific situation regarding a cancelled delivery will be dealt with in an equitable manner by the Contracting Officer, who has the ultimate authority and discretion to resolve said issues. (SKIP DAY) Adjustments.

- C. All pricing is at time the order is placed.
- D. Adjustments - For procedures discussing adjustments to order, refer to Attachment 4 (STORES manual).

XIII. ITEM AVAILABILITY

- A. Contractors must have the ability to provide to the customers a range of milk and dairy items in sufficient quantities to fill all customer requirements and maintain the overall 97% contract fill rate. All supplies shall be delivered on a "fill or kill" per line-item basis (i.e. If a Contractor cannot fill a line item, the line item dies). Therefore, item substitutions are not authorized.
- B. Contractors shall notify the customer within 24 hours of required delivery date/time of the non-availability of any particular ordered item, whether in whole or in part. The customer may choose to replace the non-available item with another item from the contract catalog by placing a new, separate order for the item in STORES as applicable. Assuming the proper procedure is followed, this circumstance (i.e., replacement of a NIS item with a separate order for another catalog item) will not negatively impact a

Contractor's fill rate.

C. Substitution

The customers have to authorize any substitution to their order prior to delivery. Substitution must be on the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.

XIV. PACKAGING, PACKING, LABELING, AND MARKINGS

- A. All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall comply with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. All items must be identified with readable dates (open code dates), coded dates.
- C. Protection during inclement weather is required. All products that are susceptible and sensitive to temperature must be protected by any means to prevent damage.

XV. DELIVERY INSTRUCTIONS

- A. Contractors shall ensure all products are delivered in sanitary trucks that are of a commercially acceptable standard. If applicable, all delivery trucks must be equipped with a lift gate to expedite the offloading of products. Trucks shall maintain proper temperatures in accordance with standard commercial practices. Deliveries shall be FOB Destination to all delivery points. Delivery will be completed when the Contractor has unloaded the order(s) from the vehicle and placed them on the dock, and customer-receiving personnel has accepted the delivery ticket, in accordance with Section XVI below. All items will be delivered to customer locations free of damage and with all packaging and packing intact. See Attachment 3 Delivery Schedule.
- B. Customers' delivery schedules (days and times), routes, and stop-off sequences will be coordinated and verified with the customers on a post-award basis by the Contractor immediately following award and on an annual basis as required. On average, each Troop customer receives one to three deliveries per week. However, these schedules may be revised as necessary on a case-by-case basis at the approval of the Contracting Officer.
- C. Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be segregated by drop-off point and loaded into the delivery vehicle in reverse drop sequence. The intent is to provide expeditious off-loading capability and delivery to the customers.
- D. The Contractor shall ensure that the personnel loading and delivering the product provide professional, prompt, and efficient service to the customer. Failure to adhere to these standards will be reported to the Customer Representative and the Contracting Officer by the affected customer(s) whereby appropriate corrective action will be coordinated with the Contractor.

XVI. INSPECTION AND ACCEPTANCE

- A. Inspection and acceptance of products will be performed at destination. The inspection is normally limited to identity, count, and condition; however, this may be expanded if deemed necessary by either the military, Veterinary Inspector, Dining Facility Manager, Food Service Advisor/Officer, or the Contracting Officer. Delivery vehicles may be required to stop at a central location

Form (CONTINUED)

for inspection before proceeding to the assigned delivery point(s). In addition, the delivery vehicles will be inspected for cleanliness and condition. Supplies transported in vehicles that are unsanitary, or which are not equipped to maintain prescribed temperatures, may be rejected without further inspection. Failure to identify latent defects or similar issues at time of acceptance will not absolve the Contractor of its liability or preclude the customer from obtaining appropriate remedy upon the timely discover of said defects or issues after-the-fact. In this circumstance, the customer shall notify the Customer Representative who will coordinate with the Contracting Officer in seeking an appropriate resolution.

B. The authorized Government receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized Government receiving official's signature and printed name on the delivery ticket is required for acceptance of the product. All signatures MUST be legible along with a printed name and title block. Failure to adhere to this requirement may result in disputes going against that party as its failure can severely limit the Contracting Officer's judgment.

C. Delivery Ticket and related information. No electronic invoice may be submitted for payment until acceptance is verified.

1. Troops: The Contractor shall provide three copies of the delivery ticket with the shipment. The first copy is provided to the receiving official (i.e., the customer) who will use the delivery ticket as the new receipt document. The second copy will be retained by the Contractor (or its agent) for invoicing and the final copy will be forwarded (either as the driver leaves the base or faxed/emailed with 24 hours of delivery) to the Fleet Logistics Center "FLC" or Fleet Industrial Supply Center "FISC" located at the prospective Base.

XVII. AUTHORIZED RETURNS

A. The Contractor shall accept returns under the following conditions:

1. Products shipped in error.
2. Products damaged in shipment.
3. Products with concealed or latent damage.
4. Products that are recalled.
5. Products that do not meet shelf-life requirements.
6. Products that do not meet the minimum quality requirements as defined for the items listed in the schedule.
7. Products delivered in unsanitary delivery vehicles.
8. Quantity excess as a result of catalog error by the Contractor.
9. Products that do not comply with FAR 52.225-1 - Buy American Act.
10. Any other condition not specified above that is deemed by the customer to be valid reasons for return, confirmed by the Contracting Officer within his/her discretion.

XVIII. REJECTION/RETURN PROCEDURES

A. In the event an item is returned for any of the reasons cited in Section XII., the delivery ticket/invoice shall be annotated as to the item(s) rejected/returned. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted

CONTINUED ON NEXT PAGE

Form (CONTINUED)

to reflect the correct dollar value of the shipment. Replacements will be authorized based on the customer's needs. On an as-needed basis determined by customer need, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, contract line-item number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.

- B. In the event a product is rejected after initial delivery is made, the Contractor will pick up the rejected product or make other disposition arrangements deemed acceptable by the customer. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES. If the Contractor has already been paid for the product, a claim will be issued through DLA TROOP SUPPORT's financial system and the Contractor shall promptly pay the claimed amount. In all Items, one (1) copy of the credit memo is to be given to the customer and one (1) copy of the credit memo is to be sent to the DLA TROOP SUPPORT Contracting Officer.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See FAR clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.

XIX. INVOICING

- A. Each delivery will be accompanied by the Contractor's delivery ticket/invoice. The customer shall sign all copies of the invoice/delivery ticket. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.** See Section XVI, para. C.

- C. All invoices submitted by the Contractor must be "clean", i.e., all debits and/or credits must be reflected on the invoice prior to its submission. The Contractor is required to ensure the accuracy of its invoices. The Reconciliation Tool in STORES Web provides the Contractor the ability to ensure said accuracy.
- D. **All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The Contractor will be responsible for correction and re-submission.

- F. Any manually keyed, or emergency, orders must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and contract line-item number (CLIN) will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of the Contractor's invoice.
- G. **For catch weight items, standard rounding methods must be observed, i.e., less than .5 is rounded down; greater than**

or equal to .5 is rounded up. All weights must be rounded to whole pounds using standard rounding methods. Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the Contractor. Note:

Currently, no catch weight items apply to this Solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.

H. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.

I. Although invoices must be submitted electronically via an 810 Electronic Invoice; the following address must appear in the "Bill To" or "Payment Will Be Made By" block of the Contractor's invoice.

The Contractor will be responsible for correction and re-submission.

K. Invoice Reconciliation. The following tools have been developed to provide an additional method for the Contractor to ensure the accuracy of its own internal accounting process.

1. For STORES: **Vendor Reconciliation Tool** - In an effort to improve the payment process, Contractors are required to view what the customer has or has not receipted via the DLA Troop Support STORES website: https://www.stores.dla.mil/stores_web/Admin_Logon.aspx. The Contractor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity and/or price discrepancy or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the Contractor. While the Contractor will not have the capability to update customer receipt information, update capability will be available for un-

reconciled invoice information for 120 days. It is the Contractor's responsibility to ensure accurate invoices.

XX. FILL RATE

A. Order fill rates shall be calculated by the Contractor on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. To ensure accuracy in the Contractor's reported fill rates, the Government will utilize its own internal data for comparison purposes. The fill rate shall be calculated as follows and shall not include mis-picks, damaged

accepted): $\frac{\text{Items accepted}}{\text{Items ordered}} * 100 = \text{fill rate \%}$

At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The Contractor must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. The Contractor must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies.

5. When the Military Medical Service or other Federal agency acceptable to the Military Medical Service determines the levels of food safety and food defense of the establishment or its products have or may lead to product contamination or adulteration, the Contracting Officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency. Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the Contractor to request an extension of any delivery date. In the event the Contractor fails to correct such objectionable conditions within the time specified by the Contracting Officer, the Government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

B. Delivery conveyances: The supplies delivered under this contract shall be transported in delivery conveyances maintained to

This prohibition is in effect during the life of the resultant contract and restricts competition in the specific area or zone that is the subject of this acquisition. The samples will be evaluated for form, fit, and function with subassembly, assembly, or equipment with which the items are to be used. End items furnished under any contract award to the offeror furnishing the samples can include the returned samples, and all acceptable end items will have a configuration identical to the samples. If specific tests of the samples' performance are made by the Government, the offeror will be furnished the results of such tests prior to a contract being entered into. In addition to any other inspection examinations and tests required by the contract, the performance of the end items will be required to be as good as that of the samples submitted.

In the vent of award, the contractor will be responsible for providing material that is in full compliance with all requirements in the contract or order. The surplus material to be furnished must meet the requirements of the current contract or order, whether or not the material met Government requirements in existence at the time the material was initially manufactured or sold to the Government. If higher-level contract quality requirements apply to the material being acquired, those requirements do not apply to surplus material furnished under this contract.

52.219-4 NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (DEVIATION 2020-00008) (MAR 2020) FAR

(a) Definitions. As used in this clause --

"HUBZone small business concern" means a small business concern, certified by the Small Business Administration (SBA), that appears on the List of Qualified HUBZone Small Business Concerns maintained by the SBA (13 CFR 126.103).

"Similarly situated entity" means a first-tier subcontractor, including an independent contractor, that --

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(b) Evaluation preference.

(1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except --

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise, successful offers from small business concerns.

(2) The factor of 10 percent shall be applied on a line-item basis or to any group of items on which award may be made. Other evaluation factors described in the solicitation shall be applied before application of the factor.

(3) When the two highest rated offerors are a HUBZone small business concern and a large business, and the evaluated offer of the HUBZone small business concern is equal to the evaluated offer of the large business after considering the price evaluation preference, award will be made to the HUBZone small business concern.

(c) Waiver of evaluation preference. A HUBZone small business concern may elect to waive the evaluation preference, in which case the factor will be added to its offer for evaluation purposes. The agreements in paragraphs (e) and (f) of this clause do not apply if the Offeror has waived the evaluation preference.

Offeror elects to waive the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) Limitations on subcontracting. By submission of an offer and execution of a contract, a HUBZone small business concern agrees that,

in the case of a contract assigned a NAICS code for --

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count toward the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract. Other direct costs are excluded to the extent they are not the principal purpose of the contract and cannot be obtained from small business concerns.

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count toward the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract.

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count toward the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count toward the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) A HUBZone joint venture agrees that the aggregate of the HUBZone small business

concerns to the joint venture, not each concern separately, will perform the applicable requirements specified in paragraph (e) of this clause.

(g) Nonmanufacturer.

(1) Unless SBA has waived the requirements of paragraphs (g)(1)(i) through (iii) of this clause in accordance with 13 CFR 121.1204, a HUBZone small business concern that provides an end item it did not manufacture, process, or produce, shall --

(i) Provide an end item that a small business has manufactured, processed, or produced in the United States or its outlying areas.

(ii) Be primarily engaged in the retail or wholesale trade and normally sell the type of item being supplied; and

(iii) Take ownership or possession of the item(s) with its personnel, equipment, or facilities in a manner consistent with industry practice; for example, providing storage, transportation, or delivery.

(2) For contracts or orders for multiple end items, at least 50 percent of the total value of the contract or order shall be manufactured, processed, or produced in the United States or its outlying areas by small business concerns.

(3) Paragraphs (g)(1) through (2) of this clause do not apply --

(i) To construction or service contracts; or

(ii) When the Offeror waives the evaluation preference.

(h) Notice. The HUBZone small business Offeror acknowledges that a prospective HUBZone awardee must be a HUBZone small business concern at the time of award of this contract. The HUBZone offeror shall provide the Contracting Officer a copy of the notice required by 13 CFR 126.501 if material changes occur before contract award that could affect its HUBZone eligibility. If the apparently successful HUBZone Offeror is not a HUBZone small business concern at the time of award of this contract, the Contracting Officer will proceed to award to the next otherwise successful HUBZone small business concern or other offeror.

(1) "Defense items," defined in the Arms Export Control Act, 22 U.S.C. 2778(j)(4)(A), as defense articles, defense services, and related technical data, and further defined in the ITAR, 22 CFR Part 120.

Form (CONTINUED)**52.212-1 Instructions to Offerors-Commercial Items.**

As prescribed in [12.301\(b\)\(1\)](#), insert the following provision:

Instructions to Offerors-Commercial Items (Jun 2020)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 1000 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the [SF 1449](#), letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
 - (2) The time specified in the solicitation for receipt of offers;
 - (3) The name, address, and telephone number of the offeror;
 - (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
 - (5) Terms of any express warranty;
 - (6) Price and any discount terms;
 - (7) "Remit to" address, if different than mailing address;
 - (8) A completed copy of the representations and certifications at FAR [52.212-3](#) (see FAR [52.212-3\(b\)](#) for those representations and certifications that the offeror shall complete electronically);
 - (9) Acknowledgment of Solicitation Amendments;
 - (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
 - (11) If the offer is not submitted on the [SF 1449](#), include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 120 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of

offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with [subpart 4.10](#) of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer

may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the

The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR [subpart 32.11](#)) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. Addendum to 52.212-1

The following paragraphs of 52.212-1 are amended as indicated below:

CONTINUED ON NEXT PAGE

Form (CONTINUED)**1. Paragraph (b),** *Submission of Offers.*

- a. See pages 3-4, for any specific instructions on how to submit your offer if mailed or hand carried.
- b. E-mail is an acceptable form of transmission for submission of initial proposals or revisions to proposals submitted in response to this solicitation. E-mailed submissions should be sent to Robert.Small@[dla.mil](mailto:Robert.Small@dla.mil). Limit the file size of any individual email attachment to 5MB, and the total size of any email to 10MB. Multiple email submissions may be required. If submitting multiple emails as a proposal submission, label each email with a number (e.g., 1 of 8), accordingly. After transmitting an email submission, offerors should confirm receipt of all emails with the intended recipients.
- c. Facsimile is not an acceptable form of transmission for submission of initial proposals or revisions to initial proposals submitted in response to this solicitation. As directed by the Contracting Officer, facsimile may be used during discussions/negotiations, if discussions/negotiations are held, for proposal revisions, including Final Proposal Revisions.

2. Paragraph (c), *Period for Acceptance of Offers,* is revised as

follows: Period of acceptance is **180** days.

3. Paragraph (h), *Multiple Awards,* is revised to add the following:

The Government intends to make one (1) award, for each Group based on the technically acceptable offer with the lowest aggregate evaluated price. In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Group 1. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.

PROPOSAL SUBMISSION INFORMATION**A. Pricing**

1. An offeror's price proposal shall consist of prices submitted for each of the items found in the Schedule of Items (Attachment 1). The Schedule of Items is a grouping of items expected to be ordered by the customers along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for that particular Group. Offerors are required to submit their Contract Unit Price for each item.
2. **Formatting of Prices:** Prices shall be formatted to no more than two places to the right of the decimal point, for example, \$2.50. In the event that the offeror submits a price that exceeds this limitation, the price will be rounded up or down using standard rounding methods. For example, a price of \$2.215 or higher will be rounded up to \$2.22 and a price of \$2.214 or lower will be rounded down to \$2.21.

B. Schedule of Items: Pricing

1. The Schedule of Items in Attachment 1 represents 100% of the estimated dollar value of this procurement. Offerors must

CONTINUED ON NEXT PAGE

Form (CONTINUED)

submit pricing for all items in the Schedule of Items. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items. This assessment includes, but is not limited to, comparison amongst offerors' prices as well as comparison against market report prices and internal Government databases that are applicable.

2. Estimated quantities for each item are for information and evaluation purposes only. The Offeror's proposed Contract Unit Prices found in the Schedule of Items will be multiplied by the estimated quantities in order to calculate the Offeror's overall aggregate total price, which will be compared against the other offerors in order to identify the lowest overall price proposal.

C. Contract Unit Prices

1. Prices must not extend more than two places to the right of the decimal point. Standard rounding methods must be observed. For example, a delivered price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.

Part 12 Provisions (CONTINUED)

2. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable, item that meets the Government's minimum requirements.
3. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to, DFARS 252.225-7012, Preference for Certain Domestic Commodities, and the requirement that items be procured from a sanitarily approved source. All invoices and quotes must contain sufficient information to clearly reflect compliance with solicitation/contract terms and conditions.
4. Offerors are required to submit a spreadsheet containing the following information (Attachment 1):
 - (a) Stock Number.
 - (b) Item Description: Government Item Description.
 - (c) Estimated Quantity: Quantity provided.
 - (d) Unit of Issue: Self-explanatory. Note: Unit of Issue must be the same as that identified in the Government's Schedule of Items.
 - (e) Total: Estimated Quantity multiplied by Contract Unit Price.
 - (f) Gov't Average Case Weight: Provided.

D. Instructions for Proposal Spreadsheet - Attachment 1

1. Please fill in the white boxes only for each Group. For **Group 1 Bridgeport, CA: fill in Columns I, J, K for CLIN #1-3 and Columns I, J, L, M for CLIN #4-5**. The spreadsheet will automatically calculate your aggregate total. All prices must be rounded to two places to the right of the decimal point using standard rounding methods (see paragraph A.2. above.)

Form (CONTINUED)

2. When preparing the spreadsheet, totals must appear in row 16 Columns N, O, & P, and "Total Aggregate" in row 17 column O for Group 1.

E. Proposal Submission: Each offeror must submit:

- (i) a signed copy of the solicitation (and amendments, if applicable),
- (ii) all solicitation attachments (including Attachment 1 with proposed prices),
- (iii) signed financial arrangement information,

When submitting a proposal to the Business Opportunities Office an offeror must provide a hard copy as well an electronic version (CD/DVD) of all items listed above. No hard copy is required when submitting a proposal through DIBBS.

No hard copy is required when submitting a proposal through email.

For email submissions, offerors are reminded to limit the file size of any required documents being emailed, i.e., signed copy of the solicitation, amendments, completed Attachment 1, financial arrangement letter, completed list of Places of Performance, third party warehouse audit results, invoices, etc. No individual document submitted should be greater than 5MB and no entire email should be larger than 10 MB. Multiple emails are likely necessary. When submitting multiple emails as a proposal submission, label each email with a number (e.g., 1 of 8), accordingly. In addition, label each individual document according to submission requirement with which it corresponds.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. (c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

ADDENDUM to FAR 52.212-2, Evaluation of Commercial Items.

(a) The Government will award contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. Technical Acceptability - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the awards. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation.

2. Pricing - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and for all tiers may result in a proposal being removed from consideration for award as technically unacceptable. The Government will perform an aggregate price analysis for all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's evaluated aggregate price, the estimated quantities in the Schedule of Items will be multiplied by the unit prices to determine the lowest aggregate price, (for each Group, if applicable) to the Government. Offered prices, on an individual line item basis, will be evaluated to determine fair and reasonableness.

The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.

(b) Options are not included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Late Submissions, Modifications, and Withdrawals of Bids (Nov 1999)

(a) Bidders are responsible for submitting bids, and any modifications or withdrawals, so as to reach the Government office designated in the invitation for bids (IFB) by the time specified in the IFB. If no time is specified in the IFB, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that bids are due.

(b) (1) Any bid, modification, or withdrawal received at the Government office designated in the IFB after the exact time specified for receipt of bids is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late bid would not unduly delay the acquisition; and-

(i) If it was transmitted through an electronic commerce method authorized by the IFB, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. on working day prior to the date specified for receipt of bids; or (ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of bids and was under the Government's control prior to the time set for receipt of bids.

(2) However, a late modification of an otherwise successful bid that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the bid wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that bids cannot be received at the Government office designated for receipt of bids by the exact time specified in the IFB and urgent Government requirements preclude amendment of the IFB, the time specified for receipt of bids will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(e) Bids may be withdrawn by written notice received at any time before the exact time set for receipt of bids. If the IFB authorizes facsimile bids, bids may be withdrawn via facsimile received at any time before the exact time set for receipt of bids, subject to the conditions

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that time shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after _____ *[insert date]*.

52.249-2 Termination for Convenience of the Government (Fixed-Price).

As prescribed in [49.502](#) (b)(1)(i), insert the following clause:

Termination for Convenience of the Government (Fixed-Price) (Apr 2012)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

(6) As directed by the Contracting Officer, transfer title and deliver to the Government-

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the Government.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to in paragraph (b)(6) of this clause; *provided*, however, that the Contractor (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be

applied to reduce any payments to be made by the Government under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day period.

(d) After expiration of the plant clearance period as defined in Subpart [49.001](#) of the Federal Acquisition Regulation, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will accept title to those items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(e) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(f) Subject to paragraph (e) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this clause, exclusive of costs shown in paragraph (g) (3) of this clause, may not exceed the total contract price as reduced by (1) the amount of payments previously made and (2) the contract price of work not terminated. The contract shall be modified, and the Contractor paid the agreed amount. Paragraph (g) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(g) If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph (f) of this clause:

(1) The contract price for completed supplies or services accepted by the Government (or sold or acquired under paragraph (b)(9) of this clause) not previously paid for, adjusted for any saving of freight and other charges.

(2) The total of-

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under paragraph (g)(1) of this clause;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(2)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(2)(i) of this clause, determined by the Contracting Officer under [49.202](#) of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision (g)(2)(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(3) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

(h) Except for normal spoilage, and except to the extent that the Government expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (g) of this clause, the fair value as determined by the Contracting Officer, for the loss of the Government property.

(i) The cost principles and procedures of [part 31](#) of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (e), (g), or (l) of this clause, except that if the Contractor failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (e) or (l), respectively, and failed to request a time extension, there is no right of appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted-

- (1) All unliquidated advance or other payments to the Contractor under the terminated portion of this contract;
- (2) Any claim which the Government has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or sold under the provisions of this clause and not recovered by or credited to the Government.

(l) If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by the Contracting Officer.

(m)

(1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under [50 U.S.C. App.1215\(b\)\(2\)](#). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents available to the Government, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

(a) *Exceptions from certified cost or pricing data.* (1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs.
