**Form****STATEMENT OF WORK****Statement of Work****Caution Notice**

THE CONTENT AND STRUCTURE OF SOLICITATION SPE300-25-R-X002 IS NEW. PLEASE READ CAREFULLY BEFORE SUBMITTING YOUR OFFER.

The awardee will be required to have a computer system capable of accepting delivery orders and processing Electronic Data Interchange (EDI) transactions. This contract will require the contractor to have electronic commerce/electronic data interchange EC/EDI capabilities.

All contractors who choose to conduct business with the Department of Defense must now be registered in the System of Award Management (SAM) database.

**CONTRACTOR CODE OF BUSINESS ETHICS (NOV 2021)**

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733).

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

**DEFENSE BIOMETRIC IDENTIFICATION SYSTEM (DBIDS) REQUIREMENT and/or OTHER SECURITY PROGRAMS**

Many bases may require enrollment in a particular system for base security such as the Defense Biometric Identification System (DBIDS), or other similar system(s). Such systems manage access to Department of Defense (DoD) installations, and will not allow entry without clearance. During the contract start-up/ implementation period, the Contractor must contact all customer

**Form (CONTINUED)**

locations to determine whether enrollment in DBIDS, or another security program is required for access to each location. If DBIDS, or other security enrollment is required, the Contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have clearance may result in a vendor being turned away from the base and being unable to complete delivery. The Contractor is responsible for any costs associated with DBIDS, and/or other security program enrollment and must ensure that a properly enrolled driver is available for all deliveries. We currently estimate that DDBIDS enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of DBIDS or other security enrollment may vary, so the Contractor should contact the specific security system contractor to determine its own costs. If more than one driver is required, enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment is encountered during the start-up/implementation period, the Contractor MUST contact the specific security system contractor and/or the Security Officer at the applicable customer locations to resolve any issues with processing enrollment so that the Contractor will be able to deliver as required.

For additional information on current base security systems including DBIDS, including enrollment instructions, please visit their website at <http://dbids.dmdc.mil>.

**Form (CONTINUED)****Contract Specialist:** Clarissa M. Caster**Contracting Officer:** Colin Kendra[Clarissa.caster@dla.mil](mailto:Clarissa.caster@dla.mil)[Colin.Kendra@dla.mil](mailto:Colin.Kendra@dla.mil)**I. INTRODUCTION**

A. Defense Logistics Agency (“DLA”) - Troop Support (“Agency”) intends to enter into a Simplified Indefinite-Delivery Contract (SIDC) with a commercial firm(s) to supply Canned and Bottled products to Department of Defense (“DoD”, or “Troop”) customers in the State of Montana. Specific requirements per item are included in the Schedule of Items (Attachment 1). Failure to propose the specified requirement per item as identified in Attachment 1 may render an offeror's proposal technically unacceptable.

H05 Bilateral Simplified Indefinite-Delivery Contract (SIDC) (SEP 2021)

(1) The Government will award a bilateral SIDC resulting from this request for quote (RFQ) to the responsible offeror whose quote conforms to the terms and conditions in the RFQ and will be most advantageous to the Government, after considering price and other factors. The awardee shall sign the SIDC, which creates a binding contract. The contractor shall return the signed SIDC to the contracting officer.

(2) Pricing of orders. The unit price for orders is based on the price for the quantity range that will cover the total quantity on the order, regardless of destination.

(3) Price evaluation will be based on the price quoted for the estimated annual demand in the schedule.

(4) Once the guaranteed minimum quantity stated in the SIDC is met, the Government is under no obligation to place additional orders. The Government may place additional orders for the period of performance stated in the SIDC, effective from the award date of the SIDC. All additional orders will reference the SIDC, which documents the terms and conditions applicable to each order. The SIDC states the maximum value of each task or delivery orders under the SIDC. The maximum value of the SIDC will not exceed the SAT; or, for SIDCs using FAR Subpart 13.5, the thresholds in 13.500(a).

B. The aforementioned zone is comprised of (1) Group in the area described above. Group 1 consists of DoD Montana Troop customers located at and/or in Fort Harrison and Great Falls, Montana. The Agency intends to award one contract. The offeror must support all of the customers for which they make an offer. Offerors are required to propose on all items in the Schedule of Items on which it offers. Failure to do so may result in its proposal being deemed technically unacceptable and therefore excluded from further consideration for award. The Contracting Officer is not obligated to initiate negotiations. Each offeror shall submit its most competitive proposal for Group 1. The proposal submitted shall be responsive to all of the Solicitation's requirements and free from any deficiencies.

C. This solicitation is being issued as a Other than Full and Open Competition. NAICS is 312111 and size standard is 1000.

D. This Solicitation utilizes the Lowest Price Technically Acceptable (“LPTA”) Source Selection Process. This solicitation utilizes FAR Part 13 Simplified Procedures.. The length of the contract is 24 months (2 years).

E. A successful offeror(s) will be required to manufacture, bottle, and deliver a variety of Coca-Cola Canned and Bottled items to DLA customers on an ongoing basis, while at the same time maintaining acceptable fill rates, levels of customer service, and product quality. Therefore, an offeror must currently possess the physical, logistical, and financial resources to serve as a

**CONTINUED ON NEXT PAGE**

**Form (CONTINUED)**

commercial manufacturer and distributor of a variety of Coca-Cola Canned and Bottled items. It is neither sufficient nor acceptable for an offeror to be a third-party logistics ("3PL") company (i.e. a company that does not intend to serve as the Coca-Cola Can and Bottle supplier but instead intends to subcontract out the majority of aspects required by the contract, including but not limited to ordering, warehousing, distribution, etc.). By offering, an offeror affirms its status as a current and functioning commercial manufacturer and distributor of Coca-Cola Canned and Bottled items. In order to determine whether an offeror meets the technical requirement of being a current and functioning commercial Coca-Cola Can and Bottle manufacturer and distributor, the Contracting Officer will require an offeror to provide Submit Third party warehouse audit (i.e. State and Federal sanitation inspection) or independent third-party certifying company audit inspection report(s) / certificate for each place of performance identified in the offeror's proposal. The audit report(s) must demonstrate that a passing score(s) was/were received. Please note that a request for the aforementioned information by the Contracting Officer will be used to make a determination of whether or not the offeror meets the technical requirement of being a current and functioning commercial manufacturer and distributor of Coca-Cola Cans and Bottles. This information is not being sought to determine an offeror's likelihood of success in performing the contract as would be the case in a responsibility analysis. Any potential awardee will be required to meet any modified contract requirements for future audit reports/certifications under the contract(s).

F. Any award resulting from this Solicitation will be a Simplified Indefinite-Delivery Contract (SIDC) with firm-fixed-price that provides for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.504(a)).

**II. EFFECTIVE PERIOD OF CONTRACT/TIERS**

The contract period of performance will be from 05/04/2025 through 05/03/2027. The contract will not exceed twenty-four months or \$250,000.00 aggregate value, whichever occurs first.

The 2-year contract period is divided into two 12-month Tier periods. Each Tier affords offerors an opportunity to provide different Unit Prices to the items on the schedule of items.

The duration of the contract is for a term of 24 months, with two separate pricing tiers.

The first pricing tier shall be for an 12-month period (May 04,2025 through May 03, 2026).

The second pricing tier shall be for the following 12-month performance period (May 04, 2026, through May 03, 2027). The pricing will remain firm- fixed for each pricing tier.

**III. ESTIMATED DOLLAR VALUE**

The following chart includes the 24-month estimated dollar value and the contract maximum.

**Form (CONTINUED)**

Montana Soda: Cans and Bottles	12 Month Estimate (Tier 1)	2 Year Estimated (Total Including both Tiers)	Guaranteed Minimum	Contract Maximum
Group 1 Montana Troops	\$ 84,471.93	\$ 168,943.86	\$ 8,447.19	\$ 250,000.00

The term "estimate" refers to the Agency's good faith estimate of the requirement for the specific periods stated.

**IV. CONTRACT START-UP PERIOD**

After an award is made, the Contractor (also referred to as the Awardee) will be required to take steps to implement its new contract prior to initial ordering/delivery. This may include but is not limited to catalog/ordering/invoice testing (STORES), sourcing new items, finalize delivery schedule per customer location, base access, etc. The timeline for the "start-up" period, as described above, is not included in the contract 36-months performance period.

1. After contract award, there may be instances when new customers request support of their Canned and Bottled products requirements. Additional DoD customers that request DLA Troop Support Canned and Bottled products support may be added to the contract without any new acquisition or competition process, if the customer(s) is/are within the geographic distribution region/zone covered by this contract.
2. The decision as to whether a potentially new customer is within the contract region or zone and, thus, will be added to the contract without further competition and at the existing contract prices, shall be the sole decision of the DLA Troop Support Contracting Officer.
3. Pursuant to the above, the Contracting Officer will instruct the contractor to include the customer(s) at the effective contract prices applicable to that distribution zone/region.

B. Under no circumstance may the resulting contract's maximum dollar value be exceeded with the addition of any customer(s) and its respective Canned and Bottled Soda requirements.

**V. ELECTRONIC ORDERING CATALOGS**

An offeror that receives an award will be required to maintain electronic catalogs (STORES) that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number (as appropriate), Government item description, packaging characteristics, unit of issue, and unit price.

**A. Catalog Maintenance****1. New Items**

(a) If a customer seeks to order Soda Cans and Bottles items that is not a part of the catalog after the customers' ordering period commences (i.e. post "start-up" period), the Contractor will be afforded a maximum of 20 days to source the item, obtain a stock number from the Agency (in the event that one does not already exist), and have the item added to the ordering catalog. The final step prior to the item being "live" on the catalog is for the Contracting Officer to determine the item's price "fair and reasonable." Once this is complete, the item should remain a constant within the contractor's inventory, subject to availability issues. When requesting all item approvals (including new additions and/or changes to an existing item, such as pack size, etc.) with the Contracting Officer, the Contractor shall use the "Request for New Item" Form. This form is mandatory and without it, no new items or changes to existing items will be processed by the Contracting Officer.

**2. Catalog Pricing**

(a) Schedule of Items Pricing: Items priced in the Schedule of Items (see Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award.

(b) Contractor-Requested Catalog Price Changes: Upon award, all items included in the Solicitation's Schedule of Items that ultimately are included in the ordering catalogs have been deemed "fair and reasonable" from a pricing standpoint by the

**CONTINUED ON NEXT PAGE**

**Form (CONTINUED)**

Contracting Officer.

(c) Contractor-Requested Catalog Additions: Before an item is added to the catalog, the Contractor is required to submit to the Contracting Officer the "Request for New Item" Form as previously addressed. Said request shall include the stock number, Government item description including the quality grade of the item (if applicable), proposed unit price with a corresponding supplier invoice or quote (quotes permitted in very limited circumstances as approved by the Contracting Officer, e.g. Contractor never purchased item before. The Contracting Officer will review the catalog addition request and upon determining the price fair and reasonable will contact the Contractor to indicate acceptance. The item once accepted will be added by the Contracting Officer to the catalog. Should the proposed price fail to be determined "fair and reasonable," the Contracting Officer will conduct negotiations with the Contractor. If, after negotiations, the proposed price still cannot be determined "fair and reasonable," the item will not be added to the catalog.

(d) Pricing Requirements: The Contractor's catalog prices, as awarded, constitute the initial catalog prices. The prices shall remain in effect for all subsequent ordering periods.

**VI. BERRY AMENDMENT**

A. The Berry Amendment, contained in Defense Federal Acquisition Regulation Supplement ("DFARS") 252.225-7012 and included in this solicitation, is applicable. This regulation mandates that all food items, including Soda Cans and Bottles items, provided under the instant solicitation and resulting contracts be produced and manufactured in the United States.

**VII. ADDITION OF NEW CUSTOMERS**

A. Adding Customers within the Contract's Geographic Distribution Region/Zone:

1. After contract award, there may be instances when new customers request support of their fresh Soda Cans and Bottles requirements. Additional DoD and Non-DoD federal government customers that request DLA Troop Support fresh Soda Cans and Bottles items support may be added to the contract without any new acquisition or competition process, if the customer(s) is/are within the geographic distribution region/zone covered by this contract.

2. The decision as to whether a potentially new customer is within the contract region or zone and, thus, will be added to the contract without further competition and at the existing contract prices, shall be the sole decision of the DLA Troop Support Contracting Officer.

3. Pursuant to the above, the Contracting Officer will instruct the contractor to include the customer(s) at the effective contract prices applicable to that distribution zone/region.

**VIII. CUSTOMER SERVICE**

A. The contractor(s) shall treat each of the customers covered under the contract as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under the resulted contract.

B. Troop and other customers conduct periodic food menu boards and similar meetings that the Contractor may be required to attend. At these meetings, the customers typically review their internal business practices and may request that the Contractor show new products and/or provide nutritional information.

**IX. ORDERING SYSTEMS**

**CONTINUED ON NEXT PAGE**

**Form (CONTINUED)**

A. Subsistence Total Order & Receipt Electronic System ("STORES"): DOD customers will order using the STORES catalog as applicable.

1. Accessed via the Internet, STORES is the Government's translator/ordering system that is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy, or Marines, individual ordering systems and translating them into an Electronic Data Interchange ("EDI") format. In addition, this information is passed to DLA Troop Support for the purposes of contractor payment and customer billing.

2. Customers will be able to order all of their requirements through STORES. The System will transmit orders to the Contractor and DLA Troop Support.

3. The Contractor is required to interface with STORES and must be able to support the following EDI transactions:

810 Electronic Invoice

820 Payment Voucher Information

**Note:** A complete description of these transaction sets is included in the "EDI Implementation Guidelines" and can be found at <http://www.dla.mil/TroopSupport/Subsistence/Doing-Business-with-Sub/STORES/>, click STORES and EDI Requirements.

4. The Contractor shall have access to the Internet and be able to send and receive electronic mail (email).

5. Unit prices must be formatted not more than two (2) places to the right of the decimal point in all ordering catalogs. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.

6. Contractors are required to utilize the Government's item descriptions on all invoices, delivery tickets to the customer, and 810 invoice transaction set.

7. The Contractor will utilize the DLA Troop Support invoice reconciliation process, or other such systems as may become available, to the maximum extent, towards the goal of correcting invoices early and facilitating the payment process.

8. In the event the STORES system or the Contractor's interface is not operational, the Contractor must provide alternate ways for the customer to order (e.g., by fax by phone, pick up orders, etc.)

9. Public Key Infrastructure ("PKI")/ External Certificate Authorities ("ECA") Certificates: The Department of Defense ("DoD") PKI Certificate will be required for all DoD users. A DoD PKI certificate will be required for all contractors. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions.

**CONTINUED ON NEXT PAGE**

**Form (CONTINUED)**

(a) Obtaining a PKI certificate:

(i) Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities ("ECAs"). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non - Governmental facilities. Certificate prices range from \$99 - \$179 per certificate per year, with volume discounts at some ECAs. A list of ECAs is available at the following web address: [https://www.transactionservices.dla.mil/daashome/pki\\_contacts.asp](https://www.transactionservices.dla.mil/daashome/pki_contacts.asp) .

(ii) Each contractor must fully comply with the DoD requirement to implement PKI in order for our information systems to remain secure and viable.

**X. ORDER PLACEMENT and ADJUSTMENTS/CANCELLATION OF ORDERS**

B. Once submitted through the applicable electronic ordering system (i.e. STORES), an order may be cancelled by a customer up to 1 day before scheduled delivery via written (e.g. Email) notification to the Contractor and the Contracting Officer. Less than 1 day from delivery, an order may be cancelled by mutual agreement between the customer and the Contractor. In the event of an act of God, such as extreme weather, the specific situation regarding a cancelled delivery, within less than 1 day, will be dealt with in an equitable manner by the Contracting Officer, who has the ultimate authority and discretion to resolve said issues

Adjustments - For procedures discussing adjustments to order, refer to (Attachment 4 and 5 STORES manuals).

**XI. ITEM AVAILABILITY**

A. Contractors must have the ability to provide to the customers a range of Canned and Bottled Soda products in sufficient quantities to fill all customer requirements and maintain the overall 97% contract fill rate. All supplies shall be delivered on a "fill or kill" per line-item basis (i.e. If a Contractor cannot fill a line item, the line item dies). Therefore, item substitutions are not authorized.

B. The vendor should notify the customer, same day and no later than 24 hours after order placement, of the non-availability of an item. The vendor must provide an alternative already listed on the catalog. The vendor must provide the customer with ample time to re-submit an order of an alternative item(s) before the Required Delivery Date.

**XII. PACKAGING, PACKING, LABELING, AND MARKINGS**

**CONTINUED ON NEXT PAGE**

If directed by the KO and or requested by the customer, the Contractor's delivery vehicles will stop and report to the Public Health\Military Food inspection points as designated for inspection of products before proceeding to any other designated delivery point.

B. The authorized Government receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized Government receiving official's signature and printed name on the delivery ticket is required for acceptance of the product. 1. Troops: The Contractor shall provide three copies of the delivery ticket with the shipment. The first copy is provided to the receiving official (i.e. the customer) who will use the delivery ticket as the new receipt document. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment. Replacements will be authorized based on the customer's needs. On an as-needed basis determined by customer need, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, contract line item number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.

B. In the event a product is rejected after initial delivery is made, the Contractor will pick up the rejected product or make other disposition arrangements deemed acceptable by the customer. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES. If the Contractor has already been paid for the product, a claim will be issued through DLA TROOP SUPPORT's financial system and the Contractor shall promptly pay the claimed amount. In all cases, one (1) copy of the credit memo is to be given to the customer and one (1) copy of the credit memo is to be sent to the DLA TROOP SUPPORT Contracting Officer.

The Contractor will be responsible for correction and re-submission.

In addition, the CALL number and contract line item number (CLIN) will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of the Contractor's invoice.

**H. For catch weight items, standard rounding methods must be observed, i.e. less than .5 is rounded down; greater than or equal to .5 is rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the Contractor. Note: Currently, no catch weight items apply to this Solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.

I. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.

J. Although invoices must be submitted electronically via an 810 Electronic Invoice; the following address must appear in the "Bill To" or "Payment Will Be Made By" block of the Contractor's invoice.

The Contractor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity and/or price discrepancy or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the Contractor. While the Contractor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for 120 days. It is the Contractor's responsibility to ensure accurate invoices.

**XVIII. FILL RATE**

A. Order fill rates may need to be calculated by the Contractor on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. To ensure accuracy in the Contractor's reported fill rates, the Government will utilize its own internal data for comparison purposes. The fill rate shall be calculated as follows and shall not include mis-picks, damaged packages or rejected items (No other method of calculating fill rate will be accepted):

**CONTINUED ON NEXT PAGE**

**Form (CONTINUED)**

Accordingly, the supplier agrees that, except as indicated in paragraphs 2 and 3 below, products furnished as a result of this contract will originate only in establishments listed in the U.S. Army Public Health Command (USAPHC) Circular 40-1, Worldwide Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement, (Worldwide Directory) (available at <http://phc.amedd.army.mil/topics/foodwater/ca/Pages/DoDAApprovedFoodSources.aspx>). Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the Contractor to request an extension of any delivery date. In the event the Contractor fails to correct such objectionable conditions within the time specified by the Contracting Officer, the Government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

Examples of technical information include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, technical orders, catalog-item identifications, data sets, studies and analyses and related information, and computer software executable code and source code.

(b) *Adequate security.* The Contractor shall provide adequate security on all covered contractor information systems. To provide adequate security, the Contractor shall implement, at a minimum, the following information security protections:

**Part 12 Clauses (CONTINUED)**

(1) For covered contractor information systems that are part of an Information Technology (IT) service or system operated on behalf of the Government, the following security requirements apply:

- (i) Cloud computing services shall be subject to the security requirements specified in the clause 252.239-7010, Cloud Computing Services, of this contract.
- (ii) Any other such IT service or system (i.e., other than cloud computing) shall be subject to the security requirements specified elsewhere in this contract.

(2) For covered contractor information systems that are not part of an IT service or system operated on behalf of the Government and therefore are not subject to the security requirement specified at paragraph (b)(1) of this clause, the following security requirements apply:

(i) Except as provided in paragraph (b)(2)(ii) of this clause, the covered contractor information system shall be subject to the security requirements in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations", Revision 2 (available via the internet at <http://dx.doi.org/10.6028/NIST.SP.800-171>).

(ii)(A) The Contractor shall implement NIST SP 800-171, as soon as practical, but not later than December 31, 2017. For all contracts awarded prior to October 1, 2017, the Contractor shall notify the DoD Chief Information Officer (CIO), via email at [osd.dibcsia@mail.mil](mailto:osd.dibcsia@mail.mil), within 30 days of contract award, of any security requirements specified by NIST SP 800-171 not implemented at the time of contract award.

(B) The Contractor shall submit requests to vary from NIST SP 800-171 in writing to the Contracting Officer, for consideration by the DoD CIO. The Contractor need not implement any security requirement adjudicated by an authorized representative of the DoD CIO to be nonapplicable or to have an alternative, but equally effective, security measure that may be implemented in its place.

(C) If the DoD CIO has previously adjudicated the contractor's requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (<https://www.fedramp.gov/resources/documents/>) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.

(c) *Cyber incident reporting requirement.*

(1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall --

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor's network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor's ability to provide operationally critical support; and

(ii) Rapidly report cyber incidents to DoD at <https://dibnet.dod.mil>.

(2) *Cyber incident report.* The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at <https://dibnet.dod.mil>.

(3) *Medium assurance certificate requirement.* In order to report cyber incidents in accordance with this clause, the Contractor or subcontractor shall have or acquire a DoD-approved medium assurance certificate to report cyber incidents. For information on obtaining a DoD-approved medium assurance certificate, see <https://public.cyber.mil/eca/>.

(d) *Malicious software.* When the Contractor or subcontractors discover and isolate malicious software in connection with a reported cyber incident, submit the malicious software to DoD Cyber Crime Center (DC3) in accordance with instructions provided by DC3 or the Contracting Officer. Do not send the malicious software to the Contracting Officer.

(e) *Media preservation and protection.* When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) *Access to additional information or equipment necessary for forensic analysis.* Upon request by DoD, the Contractor shall provide DoD with access to

**CONTINUED ON NEXT PAGE**

**Part 12 Clauses (CONTINUED)**

additional information equipment that is necessary to conduct a forensic analysis.

(g) *Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) *DoD safeguarding and use of contractor attributional/proprietary information.* The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) *Use and release of contractor attributional/proprietary information not created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD --

(1) To entities with missions that may be affected by such information;

(2) To entities that may be called upon to assist in the diagnosis, detection, or mitigation of cyber incidents;

(3) To Government entities that conduct counterintelligence or law enforcement investigations;

(4) For national security purposes, including cyber situational awareness and defense purposes (including with Defense Industrial Base (DIB) participants in the program at 32 CFR part 236); or

(5) To a support services contractor ("recipient") that is directly supporting Government activities under a contract that includes the clause at 252.204-7009, Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.

(j) *Use and release of contractor attributional/proprietary information created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph

(i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government's use and release of such information.

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) *Other safeguarding or reporting requirements.* The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) *Subcontracts.* The Contractor shall --

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve covered defense information, including subcontracts for commercial products or commercial services, without alteration, except to identify the parties. The Contractor shall determine if the information required for subcontractor performance retains its identity as covered defense information and will require protection under this clause, and, if necessary, consult with the Contracting Officer; and

(2) Require subcontractors to --

(i) Notify the prime Contractor (or next higher-tier subcontractor) when submitting a request to vary from a NIST SP 800-171 security requirement to the Contracting Officer, in accordance with paragraph (b)(2)(ii)(B) of this clause; and

(ii) Provide the incident report number, automatically assigned by DoD, to the prime Contractor (or next higher-tier subcontractor) as soon as practicable, when reporting a cyber incident to DoD as required in paragraph (c) of this clause.

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

SEE ADDENDUM

*[Contracting Officer shall insert the significant evaluation factors, such as (i) technical capability of the item offered to meet the Government requirement; (ii) price; (iii) past performance (see FAR 15.304); and include them in the relative order of importance of the evaluation factors, such as in descending order of importance.]*

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. **ADDENDUM to FAR 52.212-2, Evaluation of Commercial Items**

(a) The Government will award contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. **Technical Acceptability** - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the award. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation.

2. **Pricing** - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and for all tiers may result in a proposal being removed from consideration for award as

**CONTINUED ON NEXT PAGE**

**Part 12 Clauses (CONTINUED)**

technically unacceptable. The Government will perform an aggregate price analysis for all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's evaluated aggregate price, the estimated quantities in the Schedule of Items will be multiplied by the unit prices to determine the lowest aggregate price, (for each Group, if applicable) to the Government. Offered prices, on an individual line -item basis, will be evaluated to determine fair and reasonableness. The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.

(b) Options are not included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(iii)The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h)Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or

receiving stolen property;

(3)  Are,  are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4)  Have,  have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples. (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and
