The Evaluation – Commercial Items clause (52.212-2) (JAN 1999) found on page 72 of the solicitation has been revised. The updated Evaluation – Commercial Items clause that will apply to this situation is listed below.

Addendum to FAR 52.212-2

Revise paragraph (a) to read as follows:

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable Source Selection Procedures will be used as the Source Selection Method in this procurement. The following factors shall be used to evaluate offers:

1. Technical Acceptability- A technically acceptable offer is an offer that takes no exceptions to the terms and conditions (for each Group, if applicable) in the solicitation. By submitting a proposal with no exceptions, an offeror is confirming they possess the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation.

2. Pricing- Pricing is required for all items found in the Schedule of Items (for each Group, if applicable). The Government will perform an aggregate price analysis on all items found in the Schedule of items (for each Group, if applicable). To determine an offeror's evaluated aggregate price, the estimated quantities in the Schedule of Items will be multiplied by the offered unit prices, on an individual line item basis, and will be evaluated to determine fair and reasonableness with the ultimate award decision based on the lowest evaluated aggregate price (for each Group, if applicable). The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items.

The Government will make an award to the responsible offeror whose offer is the lowest evaluated aggregate price offered meeting or exceeding the technical acceptability standard. The Government intends to make one (1) award, which includes any and all Groups where applicable; however, it reserves the right to have multiple awards based on the lowest aggregate evaluated priced, technically acceptable offer for each Group.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
