Ordering System

I. Subsistence Total Order and Receipt Electronic System ("STORES")

STORES is the Government's ordering system which is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy or Marines, individual ordering systems and translating the orders into an Electronic Data Interchange ("EDI") format. In addition, this information is transmitted to DLA TROOP SUPPORT for the purposes of contractor payment and customer billing.

Customers will be able to order all of their Bread and Bakery requirements through STORES.

Initially, a copy of the STORES Orders will be transmitted via FAX from the customers listed in this solicitation to the successful awardee(s). While it is not a requirement of this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.

EDI capability is not a requirement for award under this solicitation. However, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:

- Catalog (Vendor to DLA TROOP SUPPORT)
- Purchase Order
- Functional Acknowledgment
- Receipt
- Invoice (optional at this time)

It is mandatory that the successful vendor has access to the Internet. It is preferred they are able to send and receive electronic mail (e-mail).

Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. Standard rounding methods must be observed. For example, a price of \$4.574 or lower must be rounded down to \$4.57 and a price of \$4.575 or higher must be rounded up to \$4.58.

The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government's format begins with a broad category and then continues with a more general description. For example, a 16 ounce loaf of whole wheat bread would be described as "Bread, Whole Wheat, Fresh, pan baked, round top, 16 oz. pg."

Order Placement

Customers shall place orders via STORES to accommodate order lead time stated on contract. Lead time is the time when the vendor receives the order until the time the vendor delivers the order. Orders shall generally be sent by the customer no later than 10:00 a.m. to allow the vendor to receive order the same business day. However, a customer may decide to place an order with a longer lead-time for delivery except as noted on **Deliveries and Performance - Holidays of this Solicitation**.

The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item via phone or email. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, the vendor shall either offer the customer a substitute that is on the contract, or advise the customer of its Not-in-Stock position.

There shall be no line-item Local Stock Number ("LSN") additions to existing STORES orders. Requirements for additional LSN's to prior/existing orders shall be ordered by customers via STORES as a new and separate STORES order.

All pricing is at the time the order is placed.

Purchase Orders

There shall only be one invoice per purchase order and only one purchase order per day. This will reduce invoice and payment issues. At no time is a delivery driver permitted to deliver items that do not appear on the purchase order.

Records of inspections performed by the firm, subcontractor, or recognized industry association shall be maintained and made available to the Government at the Contracting Officer's request.

Contractor Quality Audits

The Government may conduct formalized audits to verify the vendor's adherence to the contract requirements and the quality of product being supplied under any resultant contract.

Recall Procedures Requirements

In the event that a product recall is initiated by the U.S. Department of Agriculture ("USDA"), vendor, supplier or manufacturer, the vendor shall follow the procedures as outlined below:

Immediately notify the following personnel:

Customers that have received the recall product

DLA Troop Support Contracting Officer

DLA Troop Support Account Manager

DLA Troop Support Customer Safety Officer at 215 737 2922

Provide the following information to the DLA Troop Support Consumer Safety Officer:

Reason for recall

Level of recall, i.e., Type I, II or III

Description of product

Amount of product

List of customers that have received product

Name and phone number of responsible person (Recall Coordinator)

The vendor should provide a Final Status Report of Recall, when completed, to the DLA Troop Support Consumer Safety Officer.

At the discretion of the affected customers, the vendor shall either replace at no additional cost or adjust the invoice quantity for any recalled product. Delivery of replacement product shall occur at the discretion of the customer.

Non-Compete Provision

The offeror warrants that upon receiving the award, it will not actively promote, engage, or market any of the customers on this acquisition away from the resultant DLA Troop Support contract and onto a bread and bakery subsistence contract of any other Government agency or commercial entity. This prohibition is in effect during the life of the resultant contract(s) and restricts competition in the specific area or zone that is the subject of this acquisition. A violation of this term may result in the Contracting Officer not exercising any applicable option terms, documenting this action as part of the awardee's past performance data, and taking other appropriate recourse as permitted by law.

Food Defense/Force Protection

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The offeror must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. Contract awardee will ensure to complete security of all conveyances to any military installations. The offeror must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies. As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

Packaging, Packing and Labeling

All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.

All items must be adequately protected during inclement weather.

Inspection and Acceptance

Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Medical Personnel, or Contracting Officer.

All deliveries are subject to military veterinary inspection. Contractor's delivery vehicles will stop and report to the veterinary inspection points as designated for inspection of its products before proceeding to any other designated delivery point. In addition, the delivery vehicles may be inspected for cleanliness and condition.

The Food Service Officer (and/or) Authorized Receiving Official ("ARO") at each delivery point (are/is) responsible for inspecting and accepting products as they are delivered. The invoice/delivery ticket shall not be signed prior to inspection of the product. All overages, shortages, and/or returns are to be noted on the delivery ticket by the receiving official and the truck driver. A legible signature on the delivery ticket/invoice denotes acceptance of the product.

Rapid Gate

Many bases currently require enrollment in Rapid Gate and will not allow entry without Rapid Gate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in Rapid Gate or another security program is required for access to each location. If Rapid Gate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have Rapid Gate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for Rapid Gate enrollment and must ensure that a Rapid Gate enrolled driver is available for all deliveries. There will be a fee for Rapid Gate enrollment that will include access to multiple locations for multiyear access, but the cost of Rapid Gate or other security enrollment may vary, so the contractor should contact Rapid Gate to determine its own costs. If more than one driver is required, Rapid Gate

enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in Rapid Gate is encountered during the implementation period, the contractor MUST contact Rapid Gate and/or the Security Officer at the applicable customer locations to resolve any issues with processing Rapid Gate enrollment so that the contractor will be able to deliver as required. For additional information regarding Rapid Gate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.

Warranties

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties the contractor gives to any customer for such supplies and the rights and remedies provided therein are in addition to and do not limit any rights afforded to the Government by FAR 52.212-4(o) "Warranty" contained in the solicitation.

Rejection Procedures

- A. If product is determined to be defective, damaged, or compromised in any other manner, it may be rejected by the Authorized Receiving Official ("ARO"). All suspect items shall be segregated.
- B. When product is found to be nonconforming or damaged or otherwise suspect, the receiving personnel shall notify the Food Service Officer ("FSO") and/or the ARO.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.
- D. If an item is rejected at the time of delivery, the delivery ticket/invoice must be annotated to reflect what item(s) and quantity(ies) were affected. The line item dollar value, as well as the total invoice dollar value, must be adjusted to reflect the adjusted value of the shipment.
- E. If product is rejected after the delivery occurred, the vendor must pick up the rejected product at the time the next regular shipment is made.

Contract Closeout

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery.

It is the Government's intent to closeout contracts within 60 days from the date of the final delivery.

TERMS OF INDE INDEFINITE DELIVERY PURCHASE ORDER (IDPO)

The duration of the contract is for an IDPO not to exceed 18-month or [REDACTED] aggregate value, whichever occurs first beginning Sunday, May 5, 2022 through Saturday November 8, 2023. All items must be available in sufficient quantities to fill the customers' requirements. All deliveries must be made in accordance with the contractually established number of hours after order placement unless otherwise authorized by the customer.

DELIVERY INSTRUCTIONS

- A. Deliveries shall be made FOB Destination to each ordering activity and shall be free of damage, with all packing and packaging intact.
- B. Deliveries shall be made when and as requested by the Ordering Officer(s) of the activity concerned, and shall be accompanied by the delivery ticket of the dealer in triplicate, showing the exact quantities delivered. Deliveries shall be made by the contractor any day except Holidays, between the hours and location specified by the ordering officer (see Delivery Points /Schedule).
- C. Deliveries are required as indicated and between the hours listed on the delivery schedule under Times/Frequency. Occasionally, delivery times may need to be readjusted by the ordering activity.
- D. Delivery changes to be made as required
- E. The customer will be responsible to notify the contractor of any changes in location or departure date.
- F. The contractor warrants that they will provide a person and telephone number where orders and changes can be received between 9:00 am and 4:00 pm, Monday through Saturday.

DELIVERY VEHICLE REQUIREMENTS

- A. Supplies transported in vehicles that are not sanitary, or that have not maintained the proper temperatures, may be rejected at destination without further inspection.
- B. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code
- C. The Defense Logistics Agency (DLA) Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The offeror must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. The offeror must immediately inform DLA Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies. As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.
- D. **NOTE:** CONTRACTOR'S DELIVERY VEHICLES WILL STOP AND REPORT TO THE VETERINARY INSPECTION POINTS AS DESIGNATED FOR INSPECTION OF HIS/HER PRODUCTS BEFORE PROCEEDING TO ANY OTHER DESIGNATED DELIVERY POINT.

SUBSTITUTION/NO SUBSTITUTIONS

- A. If an item is not available, vendor is NOT to substitute an item without having a separate purchase order for the additional item. Customer MUST zero-out unavailable item(s) in STORES. Any orders for items that are not included on a STORES purchase order will be handled by the customer directly and not through any of the resultant contracts.
- B. The customer has to authorize any substitution to their order prior to delivery. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog.

Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.

- C. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

HOLIDAYS

- A. All orders are to be delivered on the specified delivery date, except for Federal holidays as outlined below. When a scheduled delivery day falls on one of these days, or one designated by your firm, delivery should occur on the next scheduled business day, unless otherwise agreed to by the customer.

New Year's Day	Memorial Day
Martin Luther King's Birthday	Independence Day
President's Day	Labor Day
Columbus Day	Christmas Day
Veteran's Day	Thanksgiving Day
	Juneteenth Day, June 19

NOTE: Saturday holidays are celebrated on the preceding Friday;
Sunday holidays are celebrated on the following Monday.

- B. Holidays celebrated by your firm other than those specified above must be listed below. Also specify your policy for celebrating holidays that fall on the weekend.

Holidays adjusted by one day.

(Regular Delivery Days that fall on a holiday will be delivered the day before or after the holiday)

EMERGENCY ORDERS

- A. In order to adequately support emergency orders, the vendor must have the ability to provide "same day service" to a customer that is experiencing an emergency situation. The Contracting Officer needs to authorize all emergency situations.
- B. The vendor shall provide, at maximum, two (2) emergency orders per month, per individual ordering activity or individual ship or vessel, at no additional cost to the Government.
- C. The vendor is responsible for furnishing the name of the designated point of contact responsible for handling emergency orders, and his/her phone number and/or pager number, to the customers.

AUTHORIZED RETURNS

The contractor shall accept returns under the following conditions:

Products shipped in error;
Products damaged in shipment;
Products with concealed or latent damage;

Products that are recalled;
Products that do not meet shelf life requirements;
Products that do not meet the minimum quality requirements;
Products delivered in unsanitary vehicles;
Quantity excess as a result of order input error and/or Purchase Ratio Factor error; or
Any other conditions not specified above that are deemed to be valid reasons for return by the customer as approved by the Contracting Officer.

SHORT SHIPMENTS/SHIPPING ERRORS

- A. All short shipments must be annotated by the receiving official on the delivery ticket/invoices accompanying the shipment.
- B. Any product delivered in error must be picked up by the vendor on the same day or by the next delivery day after notification by the ordering activity.

DELIVERY

- A. A Delivery Ticket will accompany each delivery citing the order number, unit price, itemized, extended, and totaled.
- B. It is mandatory that the Delivery Ticket include the contract number, call number, lead Contract Line Item Number ("CLIN") number, purchase order number, and government unit of issue. Total quantity shall be based on Government unit of issue.
- C. A copy of the coding system and tare weight of the items to be delivered is requested by consignee.
- D. Prices cited on delivery tickets generated from STORES orders will be the prices at the time of order and not the prices at time of delivery. Said prices included in the STORES order will be the prices paid by the customer for those particular items. Therefore, the price that is locked in at the time of order will be the unit price of the item regardless of when the item is delivered and if said delivery occurs after a price change occurs in the contract.
- E. All deliveries exclude national legal holidays unless otherwise indicated by ordering activity.
- F. Items will be off-loaded from the contractor(s) vehicle(s) by contractor personnel and placed inside the dining halls, etc. Deliveries to ships shall be brought to the brow of the vessel, when applicable, by contractor personnel. Schedule of Deliveries

For Non-EDI/Fax Offerors, indicate correct fax number for each customer's orders

NOTE: SHELF STOCKING IS REQUIRED IN ACCORDANCE WITH STANDARD COMMERCIAL PRACTICE WHEREVER PRACTICABLE UNLESS CUSTOMER REQUESTS TRUCK TAIL-GATE DELIVERY.

NOTE: VENDORS WILL PICK UP RACKS AT TIME OF NEXT DELIVERY.

DELIVERIES TO SHIPS:

Due to fluctuating arrival and /or departure schedules, ships may require delivery of products within a specific time frame. The Ordering Officer will advise the contractor of any special delivery requirements when placing orders, and the contractor will comply with the request. Deliveries ARE NOT required to be made outside the "time of delivery" specified unless agreed to between the contractor and customer and approved by the DLA Troop Support Contracting Officer.

FOR DELIVERIES MADE TO SHIPS, ALL ITEMS ARE REQUIRED TO BE PACKAGED IN DISPOSABLE, NON-RETURNABLE CARDBOARD BOXES SUITABLE FOR STACKING. THIS REQUIREMENT IS MANDATORY, NOT NEGOTIABLE.

Note For Ships: Deliveries shall not be left on docks or wharves and must be made available to government representatives authorized to accept deliveries.

The Fitting Out and Supply Support Assistance Center ("FOSSAC") was hired to continue the delivery process for the ships by transporting the stores from the brow of the ship into their storeroom. In order to accomplish this, the Contractor may have to schedule deliveries through the Fleet Industrial Supply Center ("FISC") when making deliveries of their product.

Delivery tickets (i.e., annotated and signed copies of the receipt documents) must be dropped off prior to the delivery truck departing from the base, anywhere between 5:00am and 3:00pm, depending on the individual requirement of each customer.

CONTRACT ADMINISTRATION DATA

CONTRACTING AUTHORITY

The DLA TROOP SUPPORT Contracting Officer is the only person authorized to approve changes to, or modify any requirement of, the contract. Notwithstanding any provisions contained elsewhere in the contract, said authority remains solely with the DLA TROOP SUPPORT Contracting Officer.

In the event the vendor effects any change at the direction of any person other than the DLA TROOP SUPPORT Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made to cover any costs associated with such change.

Requests for information on matters related to this contract, such as an explanation of terms or contract interpretation, shall be submitted to the DLA Troop Support Contracting Officer.

INVOICING

Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall legibly sign all copies of the invoices/delivery ticket, keep one (1) copy and return the ORIGINAL copy to the vendor. Any changes must be made on the face of the invoice.

All invoicing for payment is to be submitted electronically using the STORES/BSM Reconciliation ("Recon") Tool website from the DLA Troop Support Subsistence Home Page.

No paper invoices shall be submitted to DFAS for payment.

Each invoice shall contain sufficient data for billing purposes. This includes:
Contract Number;

Call Number or Delivery Order Number or Contract Order Number;

Purchase Order Number;

Contract Line Items listed in numeric sequence (also referred to as CLIN order);

DODAAC

Item Nomenclature;

LSN or NSN;

Quantity purchased per item in DLA TROOP SUPPORT's unit of issue;

Clearly identified and annotated changes on all copies;

Total dollar value of each invoice (reflecting changes to the shipment, if applicable). All invoices must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission.

Vendors shall submit **one invoice per purchase order.**

Unit prices and extended prices must be formatted to only two (2) places beyond the decimal point. STORES will not accommodate positions of three (3) and above places beyond the decimal point. Standard rounding methods must be observed. For example, a price of \$4.574 or lower must be rounded down to \$4.57 and a price of \$4.575 or higher must be rounded up to \$4.58.

Information on the STORES/BSM Reconciliation (Recon) Tool invoicing website: To create an account, go to the website https://www.stores.dla.mil/acct_mgr_tool/Login.asp and select New Account Request Form and follow the directions. After registration, you will receive a User Name and Password to access data from your contract. You will then be asked to review data on the website and either post new lines or change existing lines on the site to reflect what was delivered. EDI invoices will be generated, which will be sent to the paying office for payment.

- C. Vendor Reconciliation Tool - The STORES/BSM Reconciliation tool is available from the DLA Troop Support Subsistence Website at https://www.stores.dla.mil/acct_mgr_tool/Login.asp. This tool is only for vendors that have a DLA TROOP SUPPORT contract and are invoicing using the 810 transaction set. Both invoice and receipt information will be available for review on the EBS website by the Market Ready Vendor. In order to view information on this website you must apply for a password. The reconciliation tool will match the customers' receipts to the vendors' electronically submitted EDI 810 invoice. The vendors will be able to see the lines that did not match for review and possible update. A training tool is available on our homepage under Reconciliation tool training.
- D. All vendors are required to obtain a Public Key Interface ("PKI") certificate for each individual that will have access to the DLA Troop Support Reconciliation Tool.
