(3) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

This also includes products associated with the receipt and storage of food, serving, presentation and preservation of food and clean up or maintenance of FSE. ***FSE does not include accessories, such as, certain small wares, table wares or Food Service Operating Supplies (FSOS); theses accessories fall under other DSCP Prime Vendor contracts or other government programs.***

REQUIREMENTS CONTRACT

(A) This is a requirements contract for the supplies or services specified and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Defense Supply Center Philadelphia's (DSCP) requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(B) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the DSCP all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The DSCP may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(C) Except as this contract otherwise provides, the DSCP shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the DSCP activity or activities specified in the Schedule.

(D) The DSCP is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(E) If the DSCP urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the DSCP may acquire the urgently required goods or services from another source.

(F) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and DSCP's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after **180 days**.

OPTION FOR REQUIREMENTS CONTRACT TERM EXTENSION

(A) Acceptance of the option provision(s)/clauses contained herein is mandatory. Failure to indicate acceptance of the option at the end of this clause or elsewhere in the solicitation will be deemed non-acceptance of the option and may result in rejection of the offeror's entire bid/proposal.

(B) Offerors may offer options at unit prices which differ from the unit prices for the base ordering period.

(C) The contracting officer may extend the term of this contract for **4 - 12 month** option period(s) by written notice to the contractor within the time specified in paragraph (e) below provided that the contracting officer shall give the contractor a preliminary written notice of intent to extend at least **60 days** before expiration of the contract. The preliminary notice does not commit the Government to an extension.

(D) Performance under the option period shall continue at the same performance level specified for the basic contract.

(E) The option to extend the term of the contract shall be exercised not later than three (3) days before the expiration date of the contract.

(F) The option is deemed exercised when mailed or otherwise furnished to the contractor.

ADDENDUM TO FAR 52.212-4 (continued)

(G) If the contracting officer exercises this option, the extended contract shall be considered to include this option clause.

(H) The total duration of this contract, including the exercise of any options under this clause, shall not exceed **5 years.**

(I) The following provisions apply only to negotiated acquisitions:

(1) If an option has been priced under this solicitation and is to be exercised at time of award of the basic contract, the submission of cost or pricing data shall be required prior to award where the combined dollar value of the basic contract and option exceeds \$550,000, unless an exception thereto is appropriate in accordance with FAR 15.403-1.

(2) Prior to the award of any contract which will contain one or more priced options totaling \$550,000 or more, the submission of cost or pricing data covering the basic contract and the option(s) shall be required regardless of when the option(s) may be exercised, unless an exception thereto is appropriate in accordance with FAR 15.403-1.

Evidence will generally include information tracing the supplies back to the original equipment manufacturer or its authorized distributor. At a minimum, evidence must be sufficient to establish the identity of the product and its manufacturing source. This documentation must be retained for 3 years after final payment under this contract and provided for review (1) at time of Government source inspection, if applicable; (2) during random or directed post-award audits; or (3) to the Contracting Officer upon request.

Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(E) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(F) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

ADDENDUM TO FAR 52.212-4 (continued)

WARRANTY OF SUPPLIES

(A) Definitions.

“Acceptance”, as used in this clause, means the act of an authorized representative of the government by which the government assumes for itself, or as an agent of another, ownership of existing supplies, or approves specific services as partial or complete performance of the contract. “Correction”, as used in this clause, means the elimination of a defect. “Supplies”, as used in this clause, means the end item furnished by the contractor and related services required under the contract. The word does not include “data”.

(B) Contractor’s Obligations.

(1) Notwithstanding inspection and acceptance by the government of supplies furnished under this contract, or any condition of this contract concerning the conclusiveness thereof, the contractor warrants that for **12 (vendor fill in)** months after receipt of supplies at destination:

- (i) all supplies furnished under this contract will be free from defects in material or workmanship and will conform with all requirements of this contract; and
- (ii) the preservation, packaging, packing and marking, and the preparation for, and method of, shipment of such supplies will conform with the requirements of this contract.

(2) When return of the supplies to the contractor and redelivery, if applicable, is required, transportation charges and responsibility for the supplies while in transit shall be borne by the contractor. Contractor shall also be liable for:

- (i) handling costs and incidental charges incurred by the government in the preparation of the above described supplies for return to the contractor and in return of said supplies to storage, after redelivery by the contractor; and

(3) Any supplies or parts thereof, corrected or furnished in replacement under this clause, shall also be subject to the terms of this clause to the same extent as supplies initially delivered. The warranty, with respect to supplies or parts thereof, shall be equal in duration to that in paragraph (b)(1) of this clause and shall run from the date of receipt at destination of the corrected or replaced supplies.

(4) All implied warranties of merchantability and “fitness for a particular purpose” are excluded from any obligation contained in this contract.

ADDENDUM TO FAR 52.212-4 (continued)

(C) Remedies Available to the Government.

(1) The contracting officer shall give written notice to the contractor of any breach of warranties in paragraph (b) (1) of this clause within 1 month from receipt of supplies at destination.

(2) Conformance of supplies or parts thereof subject to warranty action shall be determined in accordance with the inspection and acceptance procedures contained in the contract except as provided herein. If the contract provides for sampling, the contracting officer may group any supplies delivered under this contract. The size of the sample shall be that required by the sampling procedure specified in the contract for the quantity of supplies on which warranty action is proposed, except when projecting sampling results. Warranty sampling results may be projected over supplies in the same shipment or other supplies contained in other shipments even though all of such supplies are not present at the point of reinspection and regardless of whether such supplies have been issued or consumed, provided; the supplies from which the samples were drawn are reasonably representative of the quantity on which warranty action is proposed; and the defects found in the sample size are sufficient to reject the quantity of supplies on which warranty action is proposed, even though the sample size may be less than that required for such quantity. The original inspection Lots need not be reconstituted, nor shall the contracting officer be required to use the same Lot size as on original inspection. Within a reasonable time after the notice, the contracting officer may exercise one or more of the following options, and also, following the exercise of any option, may unilaterally change it to one or more of the other options set forth below:

(i) Require an equitable adjustment in the contract price for any supplies or group of supplies;

(ii) Screen the supplies grouped under this clause at contractor's expense and return all nonconforming supplies to the contractor for correction or replacement;

(iii) Require the contractor to screen the supplies at depots designated by the government within the continental United States and to correct or replace all nonconforming supplies;

(iv) Return any supplies or group of supplies under this clause to the contractor (irrespective of the F.O.B. point or the point of acceptance) for screening and correction or replacement;

(v) Return or hold for contractor's account any supplies or group of supplies delivered hereunder, whereupon the contractor shall repay the contract price paid therefore. In such event, the government may reprocur similar supplies upon such terms and in such manner as the contracting officer may deem appropriate, and charge to the contractor the additional cost occasioned the government thereby.

(3) When either option three or four of this clause is exercised, the contractor is required to submit in writing and within 30 days after receipt of notice of such invocation a schedule for either:

(i) correction and/or replacement of all defective supplies and subsequent redelivery of the returned supplies; or,

(ii) screening defective supplies at each destination involved and subsequent redelivery of all corrected and/or replaced supplies.

(iii) Such redelivery schedule will become a part of the contract delivery schedule upon agreement thereto by the government. If the contractor fails to provide an agreeable schedule within the specified period, or any extension agreed to by the government, the government may correct the items and charge the contractor's account, or issue a contract for correction of the items and charge the contractor's account, or exercise one or more of the remedies specified in paragraph (4) below.

ADDENDUM TO FAR 52.212-4 (continued)

(4) If the contractor fails to accept return of the nonconforming supplies, or fails to make redelivery of the corrected or replaced supplies to the government within the time established, or fails to make progress after their return to correct or replace them so as to endanger performance within the time established for redelivery and does not cure such failure within a period of 10 days (or such longer period as the contracting officer may authorize in writing) after receipt of notice from the contracting officer specifying such failure, the contracting officer may exercise one or more of the following remedies:

(i) Retain or have the contractor return the nonconforming supplies and require an equitable adjustment in the contract price.

(ii) Return or hold the nonconforming supplies for contractor's account, or require the return of the nonconforming supplies and then hold for contractor's account, whereupon the contractor shall repay the contract price therefore. In such event, the government may reprocur similar supplies upon such terms and in such manner as the contracting officer may deem appropriate, and charge to the contractor the additional costs occasioned the government thereby.

(iii) If the contractor fails to furnish timely disposition instructions, dispose of the nonconforming supplies for the contractor's account in a reasonable manner, in which case the government is entitled to reimbursement from the contractor or from the proceeds for the reasonable expenses of the care and disposition of the nonconforming supplies, as well as for any other costs incurred or to be incurred.

(5) The rights and remedies of the government provided in this clause are in addition to, and do not limit, any rights afforded to the government by any other clause of this contract.

(d) Failure to agree upon any determination to be made under this clause shall be a dispute concerning a question of fact within the meaning of the "disputes" clause of this contract.

(e) When the contract specifies ultimate delivery of supplies to a location outside the contiguous United States, such location shall be deemed the destination for purposes of this clause.
