Part 12 Clauses

52.212-04 CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (FEB 2012) FAR

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights—

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice.

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include—

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, contract line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

(v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;

(vi) Terms of any discount for prompt payment offered;

(vii) Name and address of official to whom payment is to be sent;

(viii) Name, title, and phone number of person to notify in event of defective invoice; and

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer—Other Than Central Contractor Registration), or applicable agency procedures.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in Section 611 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. (3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) () Are, () are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) () Have, () have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

--------------------	--	---------------------

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). STORES (Subsistence Total Order and Receipt Electronic System)

The automated STORES (Subsistence Total Order and Receipt Electronic System) will be used to the maximum extent practical on the resultant contracts from this solicitation.

Orders will be sent via a computer-generated fax (STORES purchase order). In order to facilitate the receipt and payment process, there is specific information contained on the STORES purchase order that **MUST** be mirrored on the vendor's invoice. The information may have to be hand written on the invoice. Please ensure the information is correct and legible.

Invoices for those customers placing orders under STORES must be submitted for payment to the following address:

DFAS BVDP (SL4701)
P.O. Box 369031
Columbus, Ohio 43236-9031

Electronic Invoicing by Suppliers via Electronic Commerce/Electronic Data Interchange:

All suppliers are required to process invoices electronically. **This is a condition for contract award.** An electronic invoicing system expedites payments by providing a real time system for invoice processing. In an effort to ensure that your firm is paid promptly for products that you supply, we want to utilize the best business practices available. The business practices of today reflect increased utilization of Electronic Commerce/Electronic Data Interchange providing more timely and cost effective ways of information exchange. DLA Troop Support, Subsistence is migrating towards more and more use of the electronic mediums available to conduct business with you as our business partners. The Defense Logistics Agency has undergone an Enterprise Business Systems (EBS) initiative. This EBS initiative will change the way you currently invoice.

EBS conforms to a strict adherence of detailed line item payment in concert with the order. The manual paperwork will no longer be a viable way to invoice. Invoices need to be submitted for payment promptly after delivery.

Our intention is to provide you a quick and easy way to submit your invoices for payment and to help ensure prompt and accurate payments. Efforts have been underway for some time to bring a resolution for you to be able to accomplish Electronic Data Interchange with the invoices. Several alternatives are available:

1. If your company is able to exchange information electronically through ANSI X12 format, we could set your company up as an EDI vendor immediately, being able to receive orders and send invoices electronically.
2. There are companies available who for a fee will turn your flat files into EDI Invoices (810 transactions).
3. The Market Ready EDI Invoicing is another web application to submit your invoices electronically. This system can be found on the DLA TROOP SUPPORT web page for subsistence, http://www.DLA_Troop_Support.dla.mil/subs/index.asp. You will be issued a User ID and Password, after properly registering for this site. This application will allow you to see on the website receipts by the customers, for your contracts only. You can review the receipt and, if in agreement you will simply type in an invoice number to submit your invoice to DFAS. This receipt information is available at this website for 8 weeks. The user will have the ability to add lines or change existing lines to reflect what was delivered. The changes will be e-mailed to your DLA TROOP SUPPORT account manager, who will work at resolving the differences; however, the customer must make the corrections electronically. Vendors are encouraged to wait until the receipt is adjusted to submit their invoices. The system will be updated daily from the receipt files. Invoices submitted using this website will generate an EDI invoice to flow through the paying process at DFAS. If you need additional information on electronic or alternate electronic invoice processing contact your DLA TROOP SUPPORT Account Manager or Buyer.

One of the above methods must be used as paper invoices are no longer a viable option.

A sample STORES order is illustrated for informational purposes only. The information indicated in the five elements below is required to be identified on the vendor's invoice in order for the vendor to be promptly paid by DFAS. These elements are on the system generated STORES purchase order, and the information needs to be transferred to the invoice.

1. Contract Number - i.e. SPM300-09-D-V500 (on attached sample). This number will remain constant throughout the life of the contract.
2. Call Number - i.e. 408Y (This is the Julian date and the Lap ID number of the purchase order). This number will change with every order.
3. Lead CLIN No. - i.e. 55 (This is the item number on the purchase order). This number will change with every order.
4. Purchase Order Number - i.e. FT123490912211. This number will change with every order.
5. Required Delivery Date (RDD) i.e. 4/3/09. This date will change with each order.

Each order will contain similar information. Contractor is responsible to extract the correct information from the STORES order for each invoice.

- A. Delivery – The current delivery schedule for each location is set forth in the statement of work. . Offerors shall indicate their agreement to the current schedule or propose an alternate schedule. Delivery on all products is required, no less than on a weekly basis and should be in accordance with standard commercial practice.
- B. “For evaluation purposes, the Government reserves the right to remove any items, absent an amendment, from the Schedule of Items for a Group in the event that one or more offerors fail to bid on all of the items. The Contracting Officer will complete his/her price evaluation by reviewing and comparing only common items bid by all offerors in this situation. Additional items bid on by the apparent awardee but not evaluated as part of the common item evaluation, may still be added to the final contract absent a separate modification upon a finding that the prices of those additional items are fair and reasonable.”
- C. The award will be made based on the lowest evaluated price of proposals meeting:
 - a. The ability to provide the product in accordance with the item description.
 - b. The ability to deliver product in accordance with delivery schedule.

- b. The maximum ceiling, on the resultant contracts, is 200% of the awarded dollar value per 36-month contract period per group.

II. PRICING

A. Offerors are required to submit a copy of their current Wholesale Price List, Catalog Price Schedule or other documents containing commercial pricing information.

B. Prices shall be FOB Destination only.

C. Offerors are required to cross-reference the prices on the Wholesale Price List, Catalog Price Schedule or other pricing documents to the item number on the solicitation. There are several ways of accomplishing this, including writing the item number, as specified in the solicitation, next to the price and item description on the price list. Please do not submit a separate list of information especially prepared for this solicitation; the pricing catalog, complete with cross-references, is requested.

D. In order to accommodate the Government's ordering system, the Subsistence Total Order and Receipt Electronic System (STORES), unit prices are limited to a maximum of two (2) places after the decimal point (reference Clause DLAD 52.214-9008 "Rounding Off of Offer and Award Price – Alternate 1". In addition, the system requires that prices be fixed for a certain period of time.

E. The resultant contract will be a fixed price Indefinite Quantity Contract (IQC) and firm fixed price for all other items, for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.504(2)). The duration of the contract is for a term of 36 months, with two separate pricing tiers. The first pricing tier shall begin on the award date and be for a 24 month period (June 9, 2013 through June 6, 2015). The second pricing tier shall be for the following 12 month performance period (June 07, 2015 through June 04, 2016). The effective period for any contract resulting from this solicitation shall be from June 09, 2013 through June 04, 2016.

III. SCHEDULE OF ITEMS

A. The Contract Specialist will contact the vendor and arrange to have the item added to the STORES catalog in coordination with the Contracting Officer.

B. Prior to its inclusion in the STORES catalog, the pricing for each additional item must be negotiated and the Contracting Officer must determine that the price for the respective item is fair and reasonable.

C. Additional items may be added or removed from the contract. However, any items that are added may not increase the value of the contract above the contract maximum.

D. **IMPORTANT NOTE: Items not on the STORES catalog CANNOT be ordered from the contractor under the resulting contract. Payments will not be made for items not appearing on the catalog at time of order.**

E. The Government reserves the right to remove any items from the Schedule of Items from the Group should an (all offeror(s) not bid on all the items in any Group.

IV. ADDITIONAL CUSTOMERS

- A. The Government reserves the right to add or remove DoD and non-DoD customers from the same distribution area as the successful contractor, based on a mutually agreed upon implementation plan followed by formal modification to the contract(s).
- B. The increase in the new business will be reflected in the 200% maximum.
- C. Additional customers are limited to those that receive Federal funding.
- D. The Government reserves the right to unilaterally remove DoD and non-DoD customers from the resultant award(s) by way of formal modification.

V. CUSTOMER SERVICE POLICY

The contractor(s) shall treat each of the customers covered under the contract(s) as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under the resulted contract(s).

VI. NEGOTIATIONS

For the subject acquisition, the Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct negotiations if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; and waive informalities and minor irregularities in offers received. Initial responses to negotiations shall be in a form of communication customary in the industry for transmitting information to include phone, facsimile transmission, letter, in-person and e-mail. However, any information provided during negotiations, to include all changes to the initial offer, must be reduced to writing and transmitted to the DLA Troop Support Business Opportunities Office by the time and date specified at the time of Final Proposal Revisions. Information not submitted to the DLA Troop Support Business Opportunities Office by the specified date and time will not be considered by the Government during final evaluations.

VII. NON-MANUFACTURER / NON-DISTRIBUTER

All offerors are required to provide product originating from a sanitarily approved source and in delivery conveyances that are subject to the Sanitary Conditions clause in the solicitation. Offerors indicating a Place of Performance (manufacturing location) that is not under the day to day control and management of the offeror shall submit documentation that an agreement for production and distribution is in effect at the time of offer covering the period of the contract. The documentation must be signed by the offeror and the proposed subcontractor(s). This does not include similar entities & affiliates of the offeror but applies to non-manufacturers, partners, subcontractors and similar entities that would be performing on the proposed contract but are not the offeror itself. Offerors using a consortium, joint venture or other teaming approaches shall provide evidence of experience pertaining to the execution of the requirements of the solicitation. The freshness requirement of the product being delivered may not be compromised. The offeror's distance from the delivery location is very important. The offeror must be capable of delivering product to arrive at the delivery location the same day for emergency orders.

- Product Code

Ordering System

I. Subsistence Total Order and Receipt Electronic System (STORES)

- A. STORES is the Government's ordering system which is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy or Marines, individual ordering systems and translating the orders into an EDI (Electronic Data Interchange) format. In addition, this information is transmitted to DLA TROOP SUPPORT for the purposes of contractor payment and customer billing.
- B. Customers will be able to order all of their Bread and Bakery requirements through STORES.
- C. It is preferred that the successful vendor has access to the Internet and is able to send and receive electronic mail (e-mail).
- D. The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government's format begins with a broad category and then continues with a more general description. For example, a half pint of whole milk would be described as "Milk, Whole, Chl (Chilled), ½ PT CO.
- E. EDI capability is not a requirement for award under this solicitation. However, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:
 - Catalog (Vendor to DLA TROOP SUPPORT)
 - Purchase Order
 - Functional Acknowledgment
 - Receipt
 - Invoice (optional at this time)
- F. Initially, a copy of the STORES Orders will be transmitted via FAX from the customers listed in this solicitation to the successful awardee(s). While it is not a requirement of this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.
- G. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point.

II. Order Placement

- A. Customers shall place orders via STORES to accommodate order lead time stated on contract. Orders shall generally be sent no later than 10:00 A.M. two (2) days prior to the desired delivery date (or specified lead-time on the contract) in order to ensure maximum availability of product. However, a customer may decide to place an order with a longer lead-time for delivery except as noted on Section VI-A. Holidays.
- B. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, the customer must zero-out the item in STORES and create a new purchase order for a replacement item.
- C. There shall be no line-item (LSN) additions to existing STORES orders. Requirements for additional LSN's to prior/existing orders shall be ordered by customers via STORES as a new and separate STORES order.
- D. All pricing is at the time the order is placed.

Purchase Orders

There shall only be one invoice per purchase order and only one purchase order per day. This will reduce invoice and payment issues. At no time is a delivery driver permitted to deliver items that do not appear on the purchase order.

Product Quality

Acceptance of supplies awarded under this solicitation will be limited to fresh product. All products delivered under this contract must conform to freshness requirements.

Commercial standards should be used to maintain temperatures appropriate for the individual items.

Contractor Quality Program

The contractor shall develop and maintain a quality program for product acquisition, warehousing and distribution to assure the following:

- Standardized product quality;
- The usage of First-In, First-Out (FIFO) principles;
- Product shelf life is monitored;
- Items are free of damage;
- Correct items and quantities are selected and delivered;
- Customer satisfaction is monitored;
- Product discrepancies and complaints are resolved and corrective action is initiated;
- Supplier, FDA, or DoD initiated food recalls are promptly reported to customers and DLA Troop Support;
- Compliance with EPA and OSHA requirements;
- Salvaged items or products shall not be used;

The vendor is responsible to contract for independent third party warehouse audits for each proposed place of performance as part of any resultant contract. At a minimum, the third party audits are to take place annually and submitted to the contracting officer within 30 days calendar days of completion of audit. The vendor must achieve a passing score without major deficiencies in order to continue performance under any resultant contract. The vendor is to submit a copy of each third party warehouse audit (i.e., American Institute of Baking (AIB) certification, other state or federal sanitation inspections) to the contracting officer prior to contract award. Failure to submit timely and complete audit reports may result in termination of the contract (Third party warehouse audits exclude Government agency audits).

The vendor shall have in place the proper temperature controls in their warehouse to ensure product is stored at commercially acceptable temperature settings.

Contractor Quality Audits

The Government may conduct formalized audits to verify the vendor's adherence to the contract requirements and the quality of product being supplied under any resultant contract.

Recall Procedures Requirements

In the event that a product recall is initiated by the USDA, vendor, supplier or manufacturer, the vendor shall follow the procedures as outlined below:

- (1) Immediately notify the following personnel:

- a. Customers that have received the recall product
- b. DLA Troop Support Contracting Officer
- c. DLA Troop Support Account Manager
- d. DLA Troop Support Customer Safety Officer at 215 737 2922

(2) Provide the following information to the DLA Troop Support Consumer Safety Officer:

- a. Reason for recall
- b. Level of recall, i.e., Type I, II or III
- c. Description of product
- d. Amount of product
- e. List of customers that have received product
- f. Name and phone number of responsible person (Recall Coordinator)

(3) The vendor should provide a Final Status Report of Recall, when completed, to the DLA Troop Support Consumer Safety Officer.

(4) At the discretion of the affected customers, the vendor shall either replace at no additional cost or adjust the invoice quantity for any recalled product. Delivery of replacement product shall occur at the discretion of the customer.

Food Defense/Force Protection

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The offeror must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process.

Contract awardee will ensure to complete security of all conveyances to any military installations. The offeror must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies.

As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

Packaging, Packing and Labeling

- A. All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. All items must be identified with readable dates (open code dates), coded dates, or with color-coded twist ties. Contractors that do not use open dating will provide a product code number key/twist tie color listing. The product code number key/color coded twist tie listing shall explain the actual date of production or processing. After award of contract under this solicitation, the successful awardee shall provide a copy of key/color codes listing will be furnished to each destination's receiving officer and each destination's inspection agency with prior to the first delivery.
- C. All items must be adequately protected during inclement weather

Inspection and Acceptance

- A. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Medical Personnel, or Contracting Officer.
- B. All deliveries are subject to military veterinary inspection. In addition, the delivery vehicles may be inspected for cleanliness and condition.
- C. The Food Service Officer (and/or) Authorized Receiving Official (ARO) at each delivery point (are/is) responsible for inspecting and accepting products as they are delivered. The invoice/delivery ticket shall not be signed prior to inspection of the product. All overages, shortages, and/or returns are to be noted on the delivery ticket by the receiving official and the truck driver. A signature on the delivery ticket/invoice denotes acceptance of the product.
- D. Contractor's delivery vehicles will stop and report to the veterinary inspection points as designated for inspection of his products before proceeding to any other designated delivery point.

Rapid Gate

Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.

Warranties

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties the contractor gives to any customer for such supplies and the rights and remedies provided therein are in addition to and do not limit any rights afforded to the Government by Clause 52.212-4(o) "Warranty" contained in the solicitation.

Rejection Procedures

- A. If product is determined to be defective, damaged, or compromised in any other manner, it may be rejected by the Authorized Receiving Official (ARO). All suspect items shall be segregated.
- B. When product is found to be nonconforming or damaged or otherwise suspect, the receiving personnel shall notify the Food Service Officer (FSO) (and/or) Authorized Receiving Official.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.

- D. If an item is rejected at the time of delivery, the delivery ticket/invoice must be annotated to reflect what item(s) and quantity(ies) were affected. The line item dollar value, as well as the total invoice dollar value, must be adjusted to reflect the adjusted value of the shipment.
- E. If product is rejected after the delivery occurred, the vendor must pick up the rejected product at the time the next regular shipment is made.

Contract Closeout

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery. Cumulative delivery order closeout will result in total contract closeout. It is the Government's intent to closeout contracts within 60 days from the date of the final delivery.

Deliveries and Performance

I. TERMS OF INDEFINITE QUANTITY CONTRACT

The resultant contract will be a fixed price Indefinite Quantity Contract (IQC) and firm fixed price for all other items, for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.504(2)). The duration of the contract is for a term of 36 months, with two separate pricing tiers. The first pricing tier shall begin on the award date and be for a 24 month period (June 09, 2013 through June 06, 2015).
