| <p style="text-align: center;"><u>STATEMENT OF WORK (SCOPE)</u></p> <p>I. INTRODUCTION</p> <p>A. DLA Troop Support intends to enter into an Indefinite Quantity Contract (IQC) contract with a commercial firm to supply a full-line of USDA No.1 or better Fresh Fruit and Vegetable (FF&V) products to Department of Defense (Troop) and Non-Department of Defense (USDA School) customers in Mid-Atlantic (DC, DE, MD, & N. VA) Zone.</p> <p>B. This solicitation consists of one (1) zone in Mid-Atlantic (DC, DE, MD, & N. VA). Group 1 will consist of DoD customers to include Troop customers. Group 2 will consist of non-DoD customers to include School customers. The Government intends to make one (1) award, which includes both Groups 1 and 2, however; it reserves the right to have multiple awards based on the lowest aggregate evaluated price technically acceptable offer for each Group. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.</p> <p>C. This solicitation is a Small Business Set-Aside. It utilizes the Lowest Price Technically Acceptable Source Selection Process. See 52.212-2 Evaluation – Commercial Items.</p> <p>D. Any award made against this solicitation will result in an Indefinite Quantity Contract (IQC) Fixed Price with Economic Price Adjustment-Actual Material Costs for Subsistence Delivered Price Business Model. An IQC will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504 (a)).</p> <p>II. EFFECTIVE PERIOD OF CONTRACT</p> <p>A. Each resultant contract may be for a total of 4.5 years (one [18 month] base period plus two [18 month] option periods) commencing on the effective date of the contract.</p> <p>B. The base term of the resultant contract, and the term of any option under that contract, will not exceed 18 months. The total length of the contract will not exceed fifty-four (54) months, or four and a half (4.5) years.</p> <p>C. Exercising of an option is not automatic and depends upon such conditions as acceptable vendor performance in meeting contract specifications and verifying an ongoing demand for this requirement.</p> <p>III. OPTIONS</p> <p>A. There are two (18 month) option periods in this solicitation. Acceptance of these options is mandatory. Distribution Prices (see Economic Price Adjustment (EPA) for definition), must be submitted for each option period, as well as for the base period. The Distribution Prices offered on each option period will be calculated with the Delivered Price (see Economic Price Adjustment (EPA) for definition), proposed for each evaluated item. The Distribution Price for each option period may be offered as a dollar value, increase or decrease, from the base period. <u>Changes expressed as a percentage will not be accepted.</u></p> <p>B. Failure to propose an increase or decrease of distribution prices in the option periods will be considered, and evaluated as, no change per option period.</p> <p>IV. ESTIMATED DOLLAR VALUE / GUARANTEED MINIMUM / MAXIMUM</p> <p>A. The following chart includes the 18 month estimated dollar value and the 4.5 year estimated dollar value, along with the guaranteed 10% minimum and 200% maximum. The guaranteed minimum and maximum, although based on estimates, are a firm dollar amount calculated as a percentage of the estimated dollar value; that firm dollar amount constitutes the Government's legal ordering obligation under the contract.</p> <p style="text-align: right;">CONTINUED ON NEXT PAGE</p> | | |

| Mid-Atlantic (DC, DE, MD, & N. VA) | 18 Month Estimate (Base Period) | 4.5 Year Estimate (Total incl. Options) | 10% Min | 200% Max (4.5 Years) |
|--|------------------------------------|--|---------------------|-------------------------|
| Group 1 (Troops) | \$2,000,000.00 | \$6,000,000.00 | \$200,000.00 | \$12,000,000.00 |
| Group 2 (Schools) | \$4,000,000.00 | \$12,000,000.00 | \$400,000.00 | \$24,000,000.00 |
| Total | \$6,000,000.00 | \$18,000,000.00 | \$600,000.00 | \$36,000,000.00 |

The term "18 Month Estimate" refers to the Government's good faith estimate of the requirement for the base period.

The total minimum contract dollar value is \$600,000.00.

The maximum contract dollar value is \$36,000,000.00.

V. REQUIREMENTS

- A. Start-up-Period: The Contractor's startup period will take place prior to the first order and is included in the 18 month period of the base period. The Contractor shall submit a proposed implementation schedule to the Contracting Officer within fifteen (15) days after award highlighting the steps that will be taken to implement a fully functional distribution account, including all EDI transactions for all customers covered by this solicitation. An additional thirty (30) days will be granted for actual implementation. No more than forty-five (45) days after award will be permitted for each contractor to have fully functional distribution accounts in place for all customers.

VI. CATALOGS

Offerors will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number, Government item description, packaging characteristics, unit of issue and unit price.

A. Catalog Maintenance

1. New Items

- (a) Prior to commencement of the first order, DLA Troop Support, the customer and the vendor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request to the Contracting Officer.
- (b) After ordering commencement, if a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog, the contractor will be allowed a maximum of twenty (20) days to source the item, obtain a stock number from DLA Troop Support (if required) and add the item to the ordering catalog via an 832 catalog transaction. These items should then become a permanent part of the contractor's inventory, dependent upon availability, after the Contracting Officer's determination of fair and reasonable pricing. The contractor shall utilize the Contracting Officer provided form when requesting all item approvals (additions and/or changes). The form is mandatory and is Attachment 2.
- (c) The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

2. Catalog Pricing

- (a) Schedule of Items Pricing: Items priced in the Schedule of Items (See Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price during the first week of customer ordering.
- (b) Catalog Price Changes: Once an item is listed on the ordering catalog, the contracting officer will make on-going price reasonableness determinations. In accordance with the Economic Price Adjustment –

| <p>Actual Material Costs for Subsistence Delivered Price Business Model, contractors are permitted to submit a weekly EPA for items found on the catalog. For each item the vendor is requesting a price change, the contracting officer will conduct a separate price reasonableness determination. The item will be removed from the catalog until a fair and reasonable price can be determined by the Contracting Officer.</p> <p>(c) <u>Catalog Additions</u>: Before an item is added to the catalog vendors are required to submit to the contracting officer a request of proposed catalog additions (See Attachment 2). The request shall include the stock number, Government item description, proposed unit price and a corresponding supplier invoice or quote, and proposed distribution price. The request is due by 9:00 AM EST on the Monday prior to inclusion of the Wednesday catalog updates. The contracting officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the vendor. If after negotiations the proposed pricing still cannot be determined fair and reasonable the item will not be added to the catalog.</p> <p>(d) <u>Pricing Requirements</u>: The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a minimum of all orders issued during the first ordering week (from Sunday at 12:01 AM through the following Saturday until midnight). The prices shall remain in effect for all subsequent ordering weeks except as otherwise adjusted IAW the Economic Price Adjustment – Actual Material Costs for Subsistence Delivered Price Business Model.</p> <p style="padding-left: 40px;">(i) On the first week's catalog the vendor shall submit final evaluated prices as awarded using the 832 transaction unless lower market prices are available at time of award whereby the vendor shall adjust their catalog prices to provide all available lower prices to the Government. Because this award is being made as Low Price Technically Acceptable, there is no upward adjustment on the final evaluated price for the first week's catalog. For Troop Customers the vendor retains the right to limit deliveries under the first week's catalog to delivery days in the first week plus the following Monday and Tuesday.</p> <p>3. Rebates/Discounts and Price-Related Provisions</p> <p>(a) The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other similar economic incentives or benefits, for the customers supported under this contract, throughout the period of performance. All NAPA discounts, food show discounts, early payment discounts (except as identified in paragraph (b) herein), and other discounts, rebates, allowances or other similar economic incentives or benefits received by the Contractor at any time during the period of performance shall be passed to the Government via a reduced catalog price. Instructions for identifying discounts, rebates, allowances or other similar economic incentives or benefits that shall be provided to the Government or retained by the contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.</p> <p>(b) The contractor may retain Early Payment discounts that meet the following conditions:</p> <p style="padding-left: 40px;">(i) the Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;</p> <p style="padding-left: 40px;">(ii) the Early Payment discount is consistent with commercial practice;</p> <p style="padding-left: 40px;">(iii) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the Prime Vendor/Contractor at the same discount rate and under the same conditions as provided to the Prime Vendor/Contractor;</p> <p style="padding-left: 40px;">(iv) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the Prime Vendor/Contractor at the same discount rate and under the same conditions as provided to the Prime Vendor/Contractor;</p> <p style="padding-left: 40px;">(v) the Early Payment discount is no more than 2 percent of the manufacturer/grower's invoice and the early payment is required within 10 days to obtain the discount; and</p> <p style="text-align: right;">CONTINUED ON NEXT PAGE</p> | | |

(vi) the contractor actually made the required payment within the time period required to receive the discount.

- (c) Upon request the contractor shall provide to the Government any invoices, quotes, or agreements relevant to the delivered price component for existing catalog items, for any new items being added to the catalog, and for requested price changes to existing catalog items. The contractor must include detailed payment terms on each invoice or quote used to substantiate delivered price, including any applicable discounts or rebates. If there is no payment terms associated with the document, the contractor must annotate it with "No payment terms."
- (d) The government may require the contractor to submit invoices and other documentation from all subcontractor tiers or any supplier or person in the delivered price supply chain, to substantiate all discounts, rebates, allowances or other similar economic incentives or benefits. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a discount, rebate, allowance or other similar economic incentive or benefit should have been passed on to the Government, or if price verifications reveal any instance of overpricing or underpricing, the Government shall be entitled to a prospective delivered price reduction and a retroactive refund for the amount of the overcharges or discounts, rebates, allowances or other similar economic incentives or benefits, including interest and the contractor shall be entitled to a credit for any undercharges. The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records relevant to the existence of discounts, rebates, allowances or other similar economic incentives or benefits, and commercial customer delivered prices. Failure to exercise this right shall not constitute a defense or alter the Government's entitlement to any other remedies by contract or by law.

VII. DEFENSE APPROPRIATIONS ACT

- A. A Class Domestic Non-Availability Determination (DNAD) for Federal Supply Class 8915, Fresh Fruits and Vegetables, dated 16 May 2008 has been approved under the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities (Jun 2012), which is applicable to this solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at U.S. market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.
- B. Notwithstanding this DNAD, the USDA requires that produce supplied via Federal Entitlement for tribal reservation or School lunch funding must be domestic. If State funding is utilized, this policy may vary for individual states. Contact the Contracting Officer for guidance on specific state board funding policy.

VIII. CUSTOMERS

- A. Adding Customers within the Contract Geographic Distribution Region/Zone.
1. Additional DoD federal government customers that request DLA TROOP SUPPORT Produce support will be added on to the resultant prime contract under this solicitation, without any new acquisition or competition process, if the customer(s) is clearly within the geographic distribution region/zone covered by this contract.
 2. In this case, the contractor shall include this customer(s) at the effective contract prices applicable to that contract zone or region.
 3. The decision as to whether the new customer is clearly within the contract region or zone and will be added to the contract without further competition and at existent contract prices, shall be the sole decision of the DLA TROOP SUPPORT Contracting Officer.
- B. Adding Customers outside the Contract Geographic Distribution Region/Zone that are not Covered by a Current Produce Long Term Contract.
1. This provision applies to the following customers:
 - (a) A new DoD federal customer that is not clearly within the contract geographic distribution region/zone and for which the contractor will not accept the customer(s) at the effective contract price,

| <p>(b) A customer(s) located in an area that may be considered adjacent or proximal to the geographic distribution region/zone covered by more than one contractor.</p> <p>(c) The above instances may occur when new customers request DLA TROOP SUPPORT Produce support or a current Contractor is no longer able to support that proximal customer installation(s). In these latter events, the DLA TROOP SUPPORT will utilize this provision to expeditiously source a Contractor for the customer installation(s).</p> <p>2. The customer installations described in paragraph B above, and their Produce requirements, will be added to a Contractor's contract as follows:</p> <p>(a) Complete price proposals to support the subject new customer(s), to include distribution and delivered prices, will be requested from only existing Subsistence Produce contractors that are proximal to the new customer, i.e. close in distance. Also, the Government may use any in house records.</p> <p>3. The contract maximum may not be exceeded, even with the addition of a new customer(s).</p> <p>4. The decision as to which contractors are proximal to the new customer and will be requested to provide a proposal to support such customer shall be the sole decision of the DLA TROOP SUPPORT Contracting Officer.</p> | | |
| <p>IX. CUSTOMER SERVICE</p> <p>A. Military, USDA School Lunch Program, and DoD have periodic food menu board, and other types of meetings which the vendor may be required to attend. The name of the representative and the phone number, mobile phone number, beeper number, email address, or any other method of communicating with the representative, shall be furnished to the customer after award.</p> <p>C. The vendor shall assume the responsibility of introducing new food items to the customers, as well as to show cost effective alternatives to their choices.</p> <p>D. Since many of our customers only have access to the Government phone network, it is strongly preferred that a toll free number be provided.</p> | | |
| <p>X. VALUE ADDED SERVICES</p> <p>A. <u>Market Forecast</u>: The vendor is required to provide the customer and the contracting officer with a weekly produce market forecast bulletin on Friday which outlines for the following week information regarding supply availability, product quality, associated growing areas, price trends, weather conditions, and handling tips.</p> | | |

Offerors are required to have procedures for handling NIS situations. The contractor is required to stipulate timeframes in which the NIS item will be identified to the customer prior to delivery, in order that a substitute item may be requisitioned via a new order. Only substitutes of comparable description, quality, and price may be offered to the customer.</p> <p>B. Vendors shall notify the customer within 24 hours of order placement of the non-availability of any item. XVIII. REJECTION/RETURN PROCEDURES

- A. **In the event an item is returned, the delivery ticket/invoice shall be annotated as to the item (s) rejected. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment.** Replacements will be authorized based on the customer's needs. On an as-needed basis, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, clin number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.
- B. In the event a product is rejected after initial delivery is made, the vendor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES/FFAVORS. If the vendor has already been paid for the product, a claim will be issued through DLA Troop Support's financial system. In all cases, one (1) copy of the credit memo is to be given to the customer and (1) copy of the credit memo is to be sent to the DLA Troop Support Contracting Officer.
- C. If a customer requires a one-to-one replacement, no additional paper work is necessary; the vendor delivery ticket/invoice will show that product is a replacement for a rejected item. The invoice shall reference the call number, CLIN number, and Purchase Order Number of the originally ordered product.
- It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.**

XIX. INVOICING

- A. Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the invoice/delivery ticket, keep one (1) copy and return the **Original** copy to the vendor. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.**
- B. **No paper invoices shall be submitted to DFAS for payment.** For all orders placed via STORES and sent via EDI transaction set 850, invoicing for payment is to be filed electronically using EDI transaction set 810 (see <http://www.troopsupport.dla.mil>, Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Requests for EDI guidelines).
- C. For all orders downloaded via USDA's customer ordering web-site FFAVORS web, invoicing for payment shall be done via invoice link from FFAVORS web homepage, <http://www.fns.usda.gov/fdd/ffavors.htm>.
- D. All invoices submitted by the vendor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission. All vendors are required to ensure the accuracy of their invoices; the reconciliation tool provides you that medium.
- E. **All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.
- F. The same invoice cannot be submitted with different dollar amounts.
- G. The 810 invoices do not go through a testing phase. The vendors immediately begin sending their invoices in once they have successfully sent their first 850 purchase order.
- H. Any manually keyed, or emergency order, must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and CLIN numbers will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of your invoice.

https://www.stores.dla.mil/stores_web/default.aspx

The vendor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity price discrepancy, or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the vendor. While the vendor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for approximately thirty days (30) days. It is the vendor's responsibility to ensure accurate invoices. This tool has been developed as an additional means for your internal accounting process.

XX. PRICE AUDITS

 2. During the QSMV the Government will review/verify the contractor's implemented Quality Program and several or all of the following areas (this list is not inclusive) as deemed necessary: The methods and procedures used to comply with the terms of the contract; condition of storage facilities; product shelf-life management; inventory in-stock (age of product and condition, labeling, product rotation, etc.); product substitutions; control of material targeted for destruction/disposal as a result of DLA customers' returns including DLA Troop Support's audit results and recalls; review of paperwork for product destroyed/condemned including but not limited to product rated Blue/Red during the last DLA Troop Support audit, customer, returns, etc.; customer's notification on product recalls (product rated Blue/Red/other reason), etc; contractor's response to customer returns/issues, and contractor's visits to customers. The QSMV may also include unannounced visits to DLA Troop Support customers served by the contractor. When the Troop Support Produce Quality Audit Team arrives at the contractor's facility, the contractor must provide the following: A copy of the current Produce Catalog for DLA

The contractor's proposal will be incorporated by reference into the contract. The contractor will be responsible for complying with its proposal. Procedures and processes set forth in the contractor's proposal may be used as standards for a QSMV. If there is any conflict between the solicitation language and the contractor's proposal, the solicitation/contract/ language governs.</p> <p>4. The Contractor must take corrective action to address any concerns identified as a result of the QSMV. Concerns identified during the QSMV, or contractor failure to take corrective action in response to QSMV findings, will be grounds for terminating the contract. The government may, at its discretion, take other action to correct the concerns identified during the QSMV such as but not limited to another QSMV or Special Produce Audit. Such action will not eliminate the government's right to terminate the contract should the identified concerns or contractor failure to take corrective action continue.</p> <p>B. <u>Produce Quality Audits:</u></p> <p>1. Basic Audits:</p> <p>(a) The DLA Troop Support Produce Quality Audit Program covers all produce items listed in the contractor's catalog (fresh, fruits and vegetables, fresh-cut products, etc.) and functions as a Service and Quality Assurance check for DLA Troop Support customers to ensure customers are receiving safe produce of an optimum quality level. The audit objectives focus on the following:</p> <p>(i) Contractor's adherence to contractual requirements.</p> <p>(ii) Compliance with the specified US Grade or higher.</p> <p>(iii) The quality level of the products supplied is satisfactory and uniform.</p> <p>(iv) There is no product misrepresentation or unapproved substitution.</p> <p>(b) The Produce Quality Audit objectives are accomplished utilizing the expertise of the US. USDA Agricultural Marketing Service (AMS) Fresh Products Branch personnel and DLA Troop Support Quality Auditors. Representatives from the above agencies form the DLA Troop Support Produce Quality Audit Team.</p> <p>(c) Each contractor will undergo an initial audit once per contract period with the first audit occurring during the base period and other initial audits or QSMVs occurring once per option period. The Audits are conducted as a product cutting. The average cost of one Produce Quality Audit is approximately \$1,000.00 (product cost only). The contractor is expected to provide samples of the Government's choice of a cost of approximately \$1,000.00 per audit. The contractor is required to provide the following support to the DLA Troop Support Produce Quality Audit Team: Personnel and equipment to select separate/move/discard audit samples, control of samples while at the contractor facility and during the audit. Additional cost may be incurred by the contractor if additional produce samples are selected due to initial audit failure or customer complaint or if the contractor's facility does not have a facility/kitchen or the equipment needed to perform the audit and/or space to accommodate customers attending the audit. NOTE: The Government reserves the right to conduct an Unannounced QSMV in lieu of an initial audit or a follow-up audit during the base period and/or any option period if deemed in the best interest of the Government.</p> <p>2. <u>Audit Process:</u></p> <p>(a) The Contractor will be given advanced notice of sixty (60) calendar days of an impending audit. Notwithstanding this, the Government reserves the right to conduct unannounced Produce Quality Audits or QSMVs.</p> <p>(b) The DLA Troop Support Produce Quality Audit is typically a two (2) day process. Day one is devoted to sample selection at the contractor's warehouse and performance of the USDA's Good Agricultural Practices (GAP) & Good Handling Practices (GHP) Audits. Day two encompass the performance of the actual Produce Quality audit.</p> | | |

| <p>(c) Upon arrival at the contractor's facility (Day One), the Lead Auditor will provide a list of items identified for evaluation and the samples will be selected by a USDA-AMS' Auditor. The Lead Auditor will accompany the USDA-AMS during the performance of the GAP/GHP Audits.</p> <p>(d) Items selected for evaluation will be segregated from the contractor's regular inventory and appropriate procedures shall be used to maintain the integrity of the samples. Evidence that the contractor has replaced or tampered with samples, or otherwise interfered with the audit samples and/or audit process will result in the contractor failing the audit. One or more audit failures may be grounds for terminating the contract.</p> <p>(e) During the Produce Quality Audit (Day Two), the DLA Troop Support Lead Auditor will assign an item rating based on compliance with or departure from stated requirements in the DLA Troop Support NSN catalog and the specified US Grade Standard. Items will also be audited to determine compliance with the Berry Amendment, as applicable, approved source requirements, FDA Retail Food Code, USDA Warehousing Standards, Good Manufacturing Practice, additional provisions of the Code of Federal Regulations and other applicable standards.</p> <p>(f) Failure to meet the specified US Grade, deviations from the required contract or stock number requirements will be color coded and classified based on the severity of departure from requirements as follows:</p> <p style="padding-left: 40px;">(i) <u>Contractor Product Audit Ratings (Color Code Ratings Symbology):</u></p> <p style="padding-left: 80px;">a. ACCEPTABLE (GREEN) = Acceptable. No deviations from the contract or the item description stock number requirements.</p> <p style="padding-left: 80px;">b. MINOR NONCONFORMANCE (YELLOW) = Not fully acceptable. A Minor nonconformance is a deviation from the contract or the item description stock number requirements. This minor nonconformance is not likely to materially reduce the usability or serviceability of the item for its intended purpose and, depending on the defect, or affect is its condition and/or the continued storage of the item for further use. Products that meet the specified US Grade but exhibit product defects (decay, spoilage, skin breakdown , etc.) likely to continue affecting the condition of the product and continue deteriorating during storage and/or effecting good product if defective units are not removed from cases/containers. Examples of other minor nonconformances: Cataloging issues; Minor or workmanship/fabrication violations (fresh pre-cut products); Minor weight violations; Minor deviations from packing, packaging, labeling and marking requirements that would not necessitate a regulatory market suspension or affect DLA Troop Support's ability to recall the item. ACTION REQUIRED: Produce with defects (decay, spoilage, skin breakdown etc.) that will continue deteriorating or condition/defects that will affect the condition of good product during storage requires attention from the contractor such as reworking and removing defective product while in-storage or prior to delivering to customers. Minor nonconformances that will not change or further deteriorate (scars, size, weight, etc.) while product is in-storage or when delivered to the customer may be tolerated by the customer for a short period of time (until the contractor receives a new product at OCONUS but for no more than 30 days at CONUS locations).</p> <p style="padding-left: 80px;">c. MAJOR NONCONFORMANCE (BLUE) = A major nonconformance, other than critical, is a deviation from the contract, the item description stock number and/or failure to meet the specified US Grade requirements. This major nonconformance is a deviation that materially affects or is likely to have a major effect on the serviceability, usability, condition and/or continued storage of an item for further use. Examples of major nonconformance's: Grade failures; Domestic source/regulatory/approved source violations; Wrong item; Major workmanship/fabrication violations (pre-cut items); Major weight violations; Item shelf life/ expiration date violations; Not latest season pack/crop year violations; Items that exhibit temperature abuse, and/or other off condition that although not likely to result in hazardous or unsafe conditions, the defect and/or combination of defects materially affect the item serviceability for its intended purpose; and/or major deviations from packing, packaging, labeling and markings that would necessitate a regulatory market suspension or have a major effect on DLA Troop Support 's ability to recall the product. An item will receive a Red Rating if it contains a critical defect(s) that involve food safety issues such as wholesomeness, foreign material, contamination or adulteration issues that judgment and experience indicate consumption of the item is likely to result in hazardous or unsafe conditions for individuals. Examples of critical nonconformance's: Items with food safety concerns are those items that exhibit contamination, foreign material, and/or other conditions that render an item unfit for human consumption. ACTION REQUIRED: Contractors are required to immediately STOP ISSUE of the product and notify DLA Troop Support customers to return or dispose of the product in question, and notify grower/supplier/distributor of the product (if applicable).</p> <p data-bbox="477 659 586 684">(ii) <u>Notes:</u></p> <p data-bbox="570 714 1528 1207">a. MAJOR NONCONFORMANCE (BLUE) = In OCONUS locations only, the Contracting Officer may approve continued issue of the product because of location extenuating circumstances and on a case-by-case basis. This approval is depending on the type and severity of the deviation/defect, the DLA Troop Support Quality Lead Auditor (lead Auditor that performed the audit) recommendation, customer approval, and if the substitute of equal/higher quality is Not-in-Stock at OCONUS location. Continue issue of the item may require and include contractor screening/rework of the nonconforming product (removal of defective product) and follow-up Government inspection/audit to verify action taken by the contractor (at no cost to the Government for inspection/travel costs). At CONUS/OCONUS locations, only the Contracting Officer, NOT the customer or the Lead Auditor, has the authority to accept wrong items (not meeting item description cited in DLA Troop Support catalog or not meeting the specified US Grade cited in the contract, etc.). The Rating assigned to the item WILL NOT be changed by the Lead Auditor because of acceptance with a waiver/rework/repair of the product in question. The DLA Troop Support Food Safety Office at the request of the Contracting Officer, may issue a restricted (to DLA Troop Support customers only) a Hazardous Food Recall for all those items originating from an unapproved source and distributed to DLA Troop Support customers.</p> <p data-bbox="570 1234 1528 1398">b. Immediately upon receipt of the audit notification, the contractor shall make arrangements to use their normal product cutting room/kitchen (if adequate) or find another facility for the audit. If there is no space available at the contractor facility or the space is inadequate other arrangements must be made by the contractor. The room must be equipped with running water. To ensure accurate weight of audited items, it is highly recommended that scales used during the audit are calibrated within the 60-day notification period and an applicable set of test weights are available to verify scale accuracy. A digital scale capable of weighing small items and a scale capable of weighing full cases are required. Cleanup of the cutting area/room and continuous cleanup of equipment will be the contractor's responsibility. The contractor must contact the Lead Auditor to discuss the location, adequacy of the facility, and equipment available as soon as possible <u>but no later than 45 Calendar days prior to the audit</u>. - (v) Water jet spray attachment for the sink.
- (vi) Calibrated Scales/Test Weights: One small digital scale able to record product weights in both ounces and grams and capable of measuring down to the nearest hundredth is preferable and a set of test weights with a recommended weight range of 1.0 ounce to 1 pound; and, one scale able to record product weights for full cases with an approximate weight range of 0 -100 lb and capable of measuring down to the nearest tenth is preferable and a 25 lbs test weight.
- (vii) Cart to move samples around.
- (viii) Cutting boards (two or three).
- (ix) Large trash cans with bags.
- (x) Power hook-up for 2 computers.
- (xi) Access to a copy machine.
- (xii) Miscellaneous supplies: Paper towels; large heavy-duty plastic trash bags; one box of large latex gloves; paper flip chart/easel with markers (RED, BLUE, ORANGE, GREEN, BLACK); cellophane tape; binder clips; and a stapler.
- (xiii) Optional but considered highly desirable: Cloth towels and floor covering to maintain clean and sanitary floor areas.

4. Sample List / Selection of Samples:

- (a) Sample List/Selection of Samples the DLA Troop Support Lead Auditor will provide a list of sample items upon arrival at the contractor's facility. Two-case sample for each item will be selected. An on-hand inventory quantity report (i.e. number of cases on hand) should be developed for each item after receipt of the list. Warehousing assistance will be required to pull and prepare samples for the audit. Assistance with moving samples from the storage areas to the audit area and also continuous removal of items after review will be required on audit days. Some samples may require refrigeration; an area will need to be provided for sample storage. All samples must be stored in a controlled environment to protect from temperature abuse or tampering. Fruit and Vegetable commodities will consist of 8 - 13 samples (2-case/ shipping container per item) randomly selected per each commodity depending on last audit acceptability rating for each commodity. The entire contents of the two-case samples will be examined during the audit. Additional samples may be selected at the request of the Contracting Officer due to customer complaints.

Note: Certification/Documentation - To avoid delays/questions during the audit, the contractor should ensure that ALL products intended for DLA Troop Support's customers are derived from Approved Sources and meet the Berry Amendment requirements (unless otherwise is excluded in the contract/FAR/DFAR or authorized by the Contracting Officer). The contractor should obtain and have certification/documentation available during the sample selection (preferable) and/or during the audit should the Lead Auditor need to review documentation to verify compliance.

5. Audit Results:

- (a) The audit results are performance indicators that will be used in conjunction with a contractor's past performance. DLA Troop Support considers 85% acceptability for each commodity (fresh fruits and vegetables) as the minimum standard for acceptable performance. Contractors will be given a detailed report on each product reviewed. It will be the Contractor's responsibility to take immediate action to correct any deficiency uncovered during the audit. Corrective action must include action to address the deficiency and the system which allowed the deficiency to occur. Audit failures and/or failure to take corrective action will be grounds for terminating the contract.

| <p>6. <u>Follow-Up Audits:</u></p> <p>(a) Follow up audits may be scheduled within a one-year period of the initial audit or sooner as deemed necessary by the Government. Grounds for follow-up audits include but are not limited to failure to obtain an acceptable rating (<85%) in one or more commodities, repetitive failures, and customer complaints. All samples, audit facility, and equipment/supplies needed for the follow-up, same as indicated above for the initial audit, are to be at the expense of the Contractor. During a follow-up audit only the commodity that failed the initial audit (scored <85%) will be audited. Also, a commodity that had an unreasonable number of items not-in-stock (more than 50% of items listed in the contractor's catalog were NIS) during the initial audit, may also be audited during a follow-up. If the follow-up audit is for failure of the USDA-AMS' GAP or GHP Audits or other non-product issue, no product will be audited during the follow-up audit.</p> <p>7. <u>Audit Failures:</u></p> <p>(a) As noted herein, audit failures and/or failure to take corrective action will be grounds for terminating the contract. The government may, at its discretion, take other action to address the audit failure such as, but not limited to unannounced QSMVs and/or follow-up audits. Such action will not eliminate the government's right to terminate the contract should the deficiency or system which allowed the deficiency to occur remain uncorrected.</p> <p>C. <u>Markings:</u></p> <p>1. <u>Code Dates:</u></p> <p>(a) Products, as applicable, shall be identified with readable open code dates clearly showing the Use by Date, Date of Pack (DOP), Expiration Date, Manufacturer Sell-by-Date, and/or similar marking. The contractor/packer's product label shall clearly identify the item(s) shelf life information (using an open code date on the exterior of each case, if required or applicable). Fresh-cut products bags must be marked with the appropriate shelf life from the Date of Production (DOP).</p> <p>2. <u>Traceability Requirements for Contractors, Contractor's Suppliers Re-Packaging and Re-Labeling Products:</u></p> <p>(a) All fresh fruits and vegetables must be able to be traced back to the grower/supplier of the product. If the contractor or the contractor's distributor/supplier removes the produce from the grower/packer's original packaging/shipping container and re-packages/re-labels an item, documentation must be maintained to trace back to the grower/packer to verify domestic origin, approved source as applicable, and/or in case of a hazardous food recall or an item is rated Red/Critical during a DLA Troop Support Produce Quality Audit. The contractor shall maintain or request from their suppliers/distributors documentation/certificates containing the following information: Item nomenclature, name of establishment/Grower, location, country of origin, date of production/pack (DOP), lot number, etc. If packaging of the item occurred in more than one establishment, documentation for each item must also be maintained / provided. These records must maintain traceability of the item to the extent that an item can be traced back to the original grower/packer of a product. In addition; the contractor shall maintain records of quantities and when and where the re-packaged/re-labeled item(s) were shipped. The contractor must be able to show/provide DLA Troop Support Produce Quality Audit Team the documentation for samples selected during Produce Quality Audits or Unannounced QSMVs. It is the contractor's responsibility to notify and ensure their suppliers understand and comply with this requirement. The above requirements are necessary in the event of a Hazardous Food Recall (i.e., ALFOODACT) of potentially hazardous product when a recall is issued by a Regulatory Agency and for the contractor to isolate suspected items in order to notify customers in an expeditious manner whenever products are rated "Red/Critical" during a DLA Troop Support Produce Quality Audit. The above requirements serve two main purposes:</p> <p>(i) To protect DLA Troop Support 's customers and expeditiously notify them in case of accidental or intentional tempering/contamination and/or to prevent consumption of unsafe/hazardous Produce and</p> <p>(ii) To maintain traceability of re-packaged/re-labeled products in order to verify country of origin, approved source requirement during the shelf life cycle of a pre-cut/packaged product in the contractor storage and during the customer's receipt/storage of the product and be able to</p> | | |

XXXI. PERISHABLE AGRICULTURAL COMMODITIES ACT (PACA) LICENSE

A. All offerors must possess and maintain a valid PACA license throughout the life of contract. Failure to do so will make offeror ineligible for award and may result in termination of contract or non-renewal of an option.

XXXII. NON-COMPETE PROVISION

A. The offeror warrants that it will not actively promote, encourage, or market any of the customers on this acquisition away from a resultant DLA Troop Support contract and onto a contract of any other Government agency or commercial entity. This prohibition applies both on a pre-award and post-award basis. The Contracting Officer reserves the right not to exercise the option and to re-solicit the requirement should the vendor violate this provision.

XXXIII. SEASONAL ACQUISITION

A. When seasonally available, USDA #1 or better quality and competitive price, the government's preference is for locally grown produce. The successful contractor shall utilize local produce to the maximum extent feasible. The vendor shall record and update local items on their catalog on a weekly basis. The vendor is responsible for defining local produce in their geographical area.

seventh day of the following month (e.g., reporting period of January 1 through January 31, the reports must be received by February 7).

1. Product Line Grower/Supplier Listing: This report shall list all items purchased along with quantity and dollar value. It shall be sorted by Grower/Supplier and annotate whether the grower/supplier is a large business or small business and whether the grower/supplier is local or non-local.
2. Fill Rate Report: The fill-rate is calculated by dividing the number of cases accepted by the customer by the number of cases ordered. No other method of calculating fill rates should be included. Mis-picks and damaged or rejected cases should not be included in this calculation. This report should reflect the fill-rates with and without substitutions. The report should specify fill rates per customer and an overall average fill-rate for all customers under the contract for the month being reported.
3. Rebate Reports: All rebates that have been passed along to the customer or that are due to the customers shall be summarized by listing each customer and the rebate amount. Also include the grower/supplier offering the rebate and the product usage. The total should be per customer and per order.
4. DNAD: On a monthly basis, the contractor shall create and electronically transmit an excel spreadsheet to the contracting office with the stock number, item description, case count, pounds, and dollar value of non-domestic orders filled during the month. All subsequent reports shall be cumulative for one (1) month period and submitted no later than the seventh day of the following month (e.g. reporting period of June 1 through June 30, the report must be received by July 7). The Contractor shall code the EDI 832 Ref 03 (Foreign Source Indicator) with "Y" for each item that is foreign product and "N" for each item that is not foreign product.
5. Financial Status Reports: In order to track timely payments, an accounts receivable and/or a "days of outstanding sales" shall be submitted on a monthly basis, at a minimum. Many vendors elect to submit this report, in the form of a spreadsheet, on a weekly basis. The report should contain information on: customer, invoice number, call number, and invoice amount, amount paid, credit adjustments and balance due. It is suggested that this report contain as much information as possible to alleviate problems immediately.
6. Customer Service Report: The Contractor shall develop and provide a report summarizing all discrepancies, complaints and all positive feedback from ordering activities and the respective resolutions by providing details of each customer service incident, including any customer service visits.
7. Descending Dollar Value Report: Sorted by line item; each line is to contain, at a minimum: DLA Troop Support stock number, Item Description, pack or size, brand description, quantity, and total dollar value of units shipped. Dollar amounts will be totaled. This report shall be submitted by individual customer accounts and also by the total customer base in each zone.

XXXV. CONTRACT ADMINISTRATION INFORMATION

- A. Contract Authority: The DLA Troop Support Contracting Officer is the only person authorized to approve changes, or modify any requirement of the contract. Notwithstanding any provisions contained elsewhere in the contract, said authority remains solely with the DLA Troop Support Contracting Officer.
 1. In the event the vendor effects any change at the direction of any person other than the DLA Troop Support Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made. The Contracting Officer must authorize any modification or costs associated with a change.
 2. Requests for information on matters related to this contract, such as an explanation of terms or contract interpretation, shall be submitted to the DLA Troop Support Contracting Officer.

4. The Government intends to make payments under the resultant contract by electronic funds transfer (EFT) based on the information contained in the System for Award Management Registration (SAM). Reference Clause 52.232-33, "Payment by Electronic Funds Transfer- System for Award Management" is incorporated by reference. However, the election as to whether to make payment by check or electronic funds transfer is at the option of the Government.

C. Administration:

1. The DLA Troop Support Supplier Operations - Produce Division will perform administration of the contract.
2. A designated representative at the ordering activity will perform administration of the individual delivery order. This includes approving product substitutions and delivery changes.
3. The DLA Troop Support Contracting Officer must approve any changes to the resultant contract.

XXXVI. PROPOSAL SUBMISSION INFORMATION

A. Pricing

1. The pricing for the zone will be evaluated through the Schedule of Items Approach. The Schedule of Items Approach is a grouping of items along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for 18 months for that particular group. Offers are required to submit their unit price for each item, broken down into the corresponding Delivered Price and Distribution Price components.

- (a) Pricing will be based on the following formula:

$$\text{Contract Unit Price} = \text{Delivered Price} + \text{Distribution Price}$$

- (b) In accordance with DLAD Clause 52.215-9023, Reverse Auction may be used for Distribution Prices only.

2. Definitions:

- (a) "Contract Unit Price" See Economic Price Adjustment (EPA).
 - (b) "Delivered Price" See Economic Price Adjustment (EPA).
 - (c) "Distribution Price" See Economic Price Adjustment (EPA).
 - (d) Distribution prices shall be formatted to no more than two (2) places to the right of the decimal point, for example, \$2.50.
 - (e) If multiple groups are covered under this solicitation, the offeror may submit a separate distribution price for each group. However, only one distribution price shall be offered for all items in each period (i.e. Base / Option).

B. Schedule of Items: Pricing

1. The Schedule of Items in Attachment 1 represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing information. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items.
2. Estimated quantities for 18 month period are indicated next to each item and are for information and evaluation purposes only. The unit price found in the Schedule of Items will be multiplied by the estimate to calculate the aggregate against the estimated 4.5 year requirements of the ordering activities and evaluated for the lowest overall aggregate cost to the Government.

CONTINUED ON NEXT PAGE

3. Offerors are to submit the most current unit prices. These prices are effective from Sunday, October 20, 2013 through Saturday, November 9, 2013. This unit price must be in a format that shows the delivered price and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$0.50, pricing should be formulated as follows:

$$\text{\$ 2.00} + \text{\$.50} = \text{\$ 2.50}$$

(Prices used for illustrative purposes only)

- (a) Do Not Submit only the Unit Price; the two (2) elements must be shown separately.
- (b) Delivered and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue (THERE ARE NO EXCEPTIONS). All items listed in the solicitation will ultimately become part of the vendor's catalog. The most recent prices submitted prior to award will be incorporated into the vendor's catalog.

C. Distribution Prices

1. The offeror shall provide independent standard distribution pricing for each group in the Schedule of Items. Each distribution price shall be a case price. One Distribution price shall be offered on all items for the base period for each group in the Schedule of Items.
2. The distribution prices shall remain constant for the contract period (i.e. base or option). The distribution price for the base period does not have to be the same as the price of the each option period. These prices can differ or remain the same as the base contract period; but must remain constant through the length of each period. Refer to Page 49 for instructions.
3. Complete Attachment 6, Reverse Auction Registration Information and submit a copy with proposal and include on CD/DVD. If already registered, provide proof of registration.

D. Delivered Prices

1. For evaluation purposes the schedule of items should reflect the delivered prices effective from Sunday, October 20, 2013 through Saturday, November 9, 2013. The offeror is required to submit pricing on all items that will meet the Government's minimum requirement.
2. As part of the evaluation process the Government reserves the right to request that the offeror substantiate their proposed delivered price with an invoice. The Item Number must be marked on each invoice so as to identify the invoice's corresponding item. The preferred documentation is the grower/supplier invoice. If invoices are not available for that time period, a written quote from the grower/supplier will be accepted. If you do not have an invoice, the offeror needs to explain why, i.e. not in season, do not carry, etc. The Government has a strong preference for invoices over market quotes. All invoices and quotes must be from sources that the offeror currently uses or plans to use to support the resultant contract. Any quote must be presented in the following manner:
 - (a) Detailed on grower/manufacture letterhead;
 - (b) Date price quote was supplied;
 - (c) Time period price quote is effective; to include expiration date;
 - (d) Quantity covered by price quote;
 - (e) Grower/Manufacturer part number; and
 - (f) Grower/Manufacturer's point of contact: including name, title, address, and phone numbers.
3. Prices must not extend more than two [2] places to the right of the decimal point. Standard rounding methods should be observed. For example, a delivered price of \$4.578 should be rounded to \$4.58.
4. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable, item that meets the Government's minimum requirements.

All items shall have the same distribution price for the base period in cell G7 for <i>Group 1</i> and G7 for <i>Group 2</i>. The offeror must submit base and option period distribution prices, which are automatically calculated by filling in cells G7 for Base, L7 for Option 1 and M7 for Option 2 Distribution Prices for Groups 1 and 2 in Attachment 1. This will calculate your total evaluated price for each option. All components of the option period unit price must be rounded to two (2) places beyond the decimal point. If an offeror does not submit option period prices, the offeror's proposal may be rejected. <u>Option period price increases or decreases are to be expressed in dollars and cents only.</u> The firm may also elect to offer no change in the distribution prices over the life of the contract. If you are not changing option period distribution pricing, all offerors must fill in cell L7 for Option 1 and cell M7 for Option 2 with the same distribution pricing as the "Base Option Distribution Price" column. As a reminder, all offerors must submit <u>ONE DISTRIBUTION PRICE</u> which will apply to every item in a group in the schedule of items. Multiple distribution prices within a base or option period will not be accepted. 2. When preparing the spreadsheet, totals must appear in the rows titled "BASE TERM EVALUATION", "OPTION 1 EVALUATION", "OPTION 2 EVALUATION", and "TOTAL EVALUATION INCLUDING OPTIONS". Each firm must submit a hard copy of their spreadsheet (s), for the base period and each option period, as well as a copy of the spreadsheet(s) on a CD/DVD. The offerors' entire proposal, including a copy of the solicitation and all other documents should also be on a CD/DVD. 3. If requested to submit an invoice and the price on the invoice does not match the offered price due to a freight charge, the freight charge must be indicated on the invoice. This must appear on the invoice submitted by the offeror if requested. However, a separate freight invoice may be required as further documentation. Bulk freight charges are to be broken down by the case. | | |

<https://philanet.troopsupport.dla.mil/contracting/policy.htm>

Contract Terms and Conditions – Commercial Items

The following paragraph(s) of 52.212-4 are amended as indicated below:

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:

"Inspection and acceptance of products will be performed at destination. The authorized Government receiving official for each customer is responsible for signing for and accepting products when they are delivered. The final disposition decision rests with the food service officer/authorized Government receiving official.

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

- (1) In addition to bilateral changes, the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.
- (2) The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:
 - (i) Method of shipment or packing;
 - (ii) Place, manner, or time of delivery.

If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.

3. Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

- (m) *Termination for Cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

4. Paragraph (r) Compliance with laws unique to Government contracts. Is revised to include the following:

(r)The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, *et seq.*, Contract Work Hours and Safety Standards

The Government intends to make one (1) award, for each Group based on the technically acceptable offer with the lowest aggregate evaluated price. In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.

52.212-02 EVALUATION - COMMERCIAL ITEMS (JAN 1999) FAR

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Lowest Price Technically Acceptable (LPTA) – The resultant contract will be based on the lowest evaluated aggregate price of proposals for each Group meeting or exceeding the acceptability standards for the following factors:

1. Technical Acceptability - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions (for each Group, if applicable) in the solicitation. By submitting a proposal with no exceptions, an offeror is confirming they possess the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation.

2. Pricing - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable). The Government will perform an aggregate price analysis on all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's evaluated aggregate price, offered unit prices, on an individual line item basis, and will be evaluated to determine fair and reasonableness with the ultimate award decision based on the lowest evaluated aggregate price (for each Group if applicable). The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items.

Technical and past performance, when combined, are Not Applicable [Contracting Officer state the relative importance of all other evaluation factors, when combined, when compared to price.]

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—
(1) () Are, () are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
(2) () Have, () have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
(3) () Are, () are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) () Have, () have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) Listed end products.

| Listed End Product | Listed Countries of Origin |
|--------------------|----------------------------|
| | |
| | |
| | |

(2) Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

[] (i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

252.215-7008 ONLY ONE OFFER (JUN 2012) DFARS

52.215-9023 REVERSE AUCTIONS (NOV 2012) (DLAD)

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

(a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.

(b) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.

(c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.

(d) The lowest offeror's price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offeror's identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offeror's proposed pricing, such as "Offeror A" or "lowest-priced offeror"). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.

(e) The reverse auction system currently in use designates offers as "Lead," meaning the current low price in that auction, or "Not Lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "Lead" and the second or subsequent offer of that price as "Not Lead." Offerors shall not submit a tie offer, since this is inconsistent with the purpose of the reverse auction. If a tie offer is submitted, the "Not Lead" offeror that submitted the tie offer must offer a changed price; it will be ineligible for award if the final price in the auction is the tie offer price.

(f) An offeror's final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the Contracting Officer determines that it would be in the best interest of the Government to re-open the auction.

(g) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.

(1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors' pricing in confidence until after contract award.

(4) Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(5) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(6) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) An employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.' The Contracting Officer also reserves the right to take away the 'trained offeror' designation from any trained offeror who fails to abide by the solicitation's or commercial reverse auction service provider's terms and conditions.
